# INTRODUCTORY SECTION

# ALEXANDRIA CITY GOVERNMENT ORGANIZATIONAL CHART

November 2, 2021

To the Honorable Mayor and Members of City Council,  
the Residents and Businesses of the City of Alexandria:

We are pleased to present the City of Alexandria's (the City) **Annual Comprehensive Financial Report** (the ACFR) for the fiscal year ended June 30, 2021. This report is designed to present fairly the financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City in all material respects and to demonstrate compliance with applicable finance-related legal and contractual provisions. The report adheres to the principle of full disclosure so that the reader may gain the maximum understanding of the City's financial affairs.

The Finance Department has prepared this report in accordance with the following standards:

- Generally Accepted Accounting Principles (GAAP), which are uniform minimum standards and guidelines for financial accounting and reporting in the United States;
- The Governmental Accounting Standards Board (GASB) Codification, an integration of guidance from governmental accounting and financial reporting statements, interpretations, technical bulletins, implementation guides, and concepts; National Council on Governmental Accounting (NCGA) statements and interpretations; and the American Institute of Certified Public Accountants (AICPA) industry audit guide and other literature.
- Uniform financial reporting standards for counties, cities and towns issued by the Commonwealth of Virginia's Auditor of Public Accounts (APA).

The responsibility for the accuracy, completeness, and fairness of the data presented in the report, including all disclosures, rests with the City.

## THE CITY

Alexandria, Virginia, which is located on the west bank of the Potomac River across from Washington, D.C., is an integral part of the Washington metropolitan area, serving as a financial, commercial, and transportation center. Alexandria is also one of America's most historic cities. George Washington and George Mason served as two of the City's first Trustees (the forerunner of the Alexandria City Council).

Alexandria is an independent full-service city with sole local government taxing power within its boundaries. The City is autonomous from any county, town, or other political subdivision of the Commonwealth of Virginia. Alexandria was founded in 1749 and derives its governing authority from a charter granted by the General Assembly of the Commonwealth of Virginia.

The City adopted the Council-Manager form of government in 1922. The governing body of the City is the City Council, which formulates policies for the administration of the City. The City Council is composed of a Mayor and six Council Members elected at-large for three-year terms. The Mayor is elected on a separate ballot. City Council appoints the City Manager who serves as the City's chief executive officer and is responsible for implementing the policies established by City Council. The City Charter was first granted in 1852.

The City provides a comprehensive range of municipal services including general government, judicial administration, public safety, public works, library, health and welfare, transit, culture and recreation, community development, and education.

### **FINANCIAL REPORTING ENTITY**

This report includes the financial activities of the City of Alexandria government (the primary government), as well as the financial activities of the City's component units. Component units are legally separate entities for which the primary government is financially accountable. Discretely presented component units are reported in a separate column in the financial statements to emphasize that they are legally separate from the primary government and to differentiate their financial position, results of operations, and cash flows from those of the primary government. The Schools and the Library System are reported as discretely presented component units. This report does not include the financial activities of the City's Deferred Compensation Plan, Alexandria Industrial Development Authority, Alexandria Redevelopment and Housing Authority, Alexandria Economic Development Partnership, Inc., Alexandria Renew Enterprises (formerly the Alexandria Sanitation Authority), Visit Alexandria, or Sheltered Homes of Alexandria because the City Council is not financially accountable for these entities, and therefore, these entities are not component units.

### **LOCAL ECONOMY**

Alexandria's economy remains healthy as it emerges from the COVID-19 pandemic, with strong fundamentals including population and wage growth and low unemployment. The City's population continues to grow and, per the 2020 Census, totals 159,467, which reflects a growth rate of 13.9 percent over the last decade. In the first quarter of 2021, the City's employment averaged 82,318, which is 12 percent lower than in 2011. The unemployment rate in the City as of June 2021 was 4.3 percent, returning to historical levels following a temporary spike in the early months of the COVID-19 pandemic. The decline in jobs in the City has been driven almost entirely by decreases in private sector employment, which is down by 15.6 percent since 2011. This decline is attributable to several long-term trends including the relocation of several major employers and impacts of retail closures and national retail trends. Additionally, the City is experiencing continued impacts from the pandemic especially in the hospitality and food service sectors, where employment in March 2021 was 27.3 percent lower than in March 2020.

Despite an overall decrease in employment over the last ten years (since 2011), growth has occurred across several sectors. Professional services and government jobs continue to be the leading employment sectors in the City. Government is led by prominent federal agencies, including the U.S. Patent & Trademark Office, the National Science Foundation, the U.S. Department of Defense, and the U.S. Department of Agriculture Food and Nutrition Service.

The City's strong wage growth (+10.9 percent over ten years, inflation-adjusted) has been driven by wage increases across many sectors of the economy. On the top end, the information industry experienced a 36.5 percent increase in average annual pay (inflation-adjusted), which includes jobs in media and communications technology. Most significantly, the City's two largest and most stable employment sectors, the federal government and professional services, saw sustained wage growth over the last decade (2.9 and 9.1 percent, respectively, inflation-adjusted). These two sectors together comprise 32.1 percent of all jobs and 46.4 percent of all wages earned in the City.

One measure of the health of the local economy, and the strength of the City's recovery from the COVID-19 pandemic, is economically sensitive City revenues. In FY 2021, the City experienced an overall increase in tax revenue of approximately 3 percent. This was led by increases in real property, business license (gross receipts), restaurant

meals, and local sales taxes, which offset declines in personal property and transient lodging taxes. Growth in business license and restaurant meals taxes reflects the recovery of the local business community, while sales tax growth was driven by online purchases. The decline in transient lodging taxes corresponds with a slow return to business travel, whereas the dip in personal property tax revenue was due to a temporary suspension in collections activity during the pandemic. Increasing vehicle values point to a likely rebound of personal property tax revenue in FY 2022.

The real estate tax base, which generates over half of the City's General Fund revenues, continued to show steady, moderate growth. Total locally assessed real property increased in value by 2.7 percent compared to 2020. Residential real property increased by 6.0 percent, compensating for a decline of 2.0 percent in commercial assessments. The office vacancy rate of 16.2 percent in the second quarter of 2021 is slightly higher than one year earlier, but lower than the rates for Northern Virginia and the Washington, D.C. metropolitan area. The City's unemployment rate of 4.3 percent in June 2021 shows a nearly full recovery from pandemic-driven unemployment and is lower than the national rate of 5.9 percent.

## **MAJOR INITIATIVES**

Strong fiscal management remains a hallmark of Alexandria's City government and has enabled the City to respond to revenue declines, address priority needs, including public safety, public education, and modernization of heavily used recreation and library facilities. Alexandria is among a select group of cities in the United States to hold the top AAA/Aaa bond ratings from two of Wall Street's major credit rating agencies (Standard & Poor's and Moody's Investors Service).

## **FINANCIAL CONDITION**

Despite the economic downturn caused by the COVID-19 pandemic, the City government continues to be in very sound financial condition as demonstrated by the financial statements and schedules included in this report. This is due, first of all, to the resilience and creativity of Alexandria's residents and businesses. At the same time, City Council approved a revised FY 2021 budget which prioritized protection of public health and economic recovery while postponing certain capital investments and controlling operating spending. Within the context of a fiscally prudent budget and careful management, the City continued to provide a wide range of services, achieved many of its program goals, and enhanced the quality of life in the City. The City's cash and investment position is strong.

Keeping existing programs funded, the salaries of public employees competitive in a challenging labor market, and addressing the expanding program needs of the community have required careful budgeting. The City Council has adopted a Strategic Plan to ensure that City resources remain focused on City priorities. The seven goals of the Strategic Plan are:

1. Alexandria has quality development and redevelopment support for local businesses and a strong, diverse, and growing local economy.
2. Alexandria respects, protects, and enhances the health of its citizens and the quality of its natural environment.
3. A multimodal transportation network that supports sustainable land use and provides internal mobility and regional connectivity for Alexandrians.
4. Alexandria is a community that supports and enhances the well-being, success and achievement of children, youth, and families.
5. Alexandria is financially sustainable, efficient; community oriented and values its employees.
6. The City protects the safety and security of its residents, businesses, employees, and visitors.
7. Alexandria is a caring and inclusive community that values its rich diversity, history, and culture.

The City Council's approved FY 2022 – 2031 Capital Improvement Program (CIP) totals \$2.66 billion, which is a \$552.8 million increase over last year's approved CIP, or 26.2 percent more than last year's ten-year plan. Non-City funds including federal and state grants and private capital contributions contribute \$357.6 million of this total for FY 2022 – FY 2031. The City portion for the same period is \$2.3 billion, including \$1.8 billion

in unrestricted cash and bonds and \$551.5 million in restricted taxes, fees, and bonds. The increase is largely driven by a new aggressive stormwater capacity program (\$266.6 million), the planned purchase of the DCHS/Health office building at Mark Center (\$58.7 million), and the inclusion of the Landmark Mall site redevelopment plan City financial participation (\$130 million) in the CIP. The City Council's Approved FY 2022 – 2031 CIP is a balanced 10-year plan in that all projects have identified funding sources.

Over the last five years, the City has maintained its fiscal strength as the result of the City Council's adoption of, and subsequent adherence to, the series of financial policies listed on page 11. These policies are aimed at (1) limiting debt and annual debt service requirements and (2) maintaining an appropriate General Fund balance to retain the City's AAA/Aaa bond ratings and to keep the City on firm financial footing. When City Council initially adopted the financial policies in 1987, the City's general obligation debt as a percentage of the real estate tax base was 1.4 percent. Because of the City's use of "pay-as-you-go" financing for many capital projects, the City has maintained superior debt ratios since their implementation in 1987. At the end of FY 2021, the City's debt to tax base ratio was 1.61 percent (excluding self-supported sewer project related debt). The City's financial policies encourage the use of surplus General Fund revenues and resources derived from spending less than the full budget to fund capital projects.

Additional information on the City's financial status can be found in the Management's Discussion and Analysis section of this report.

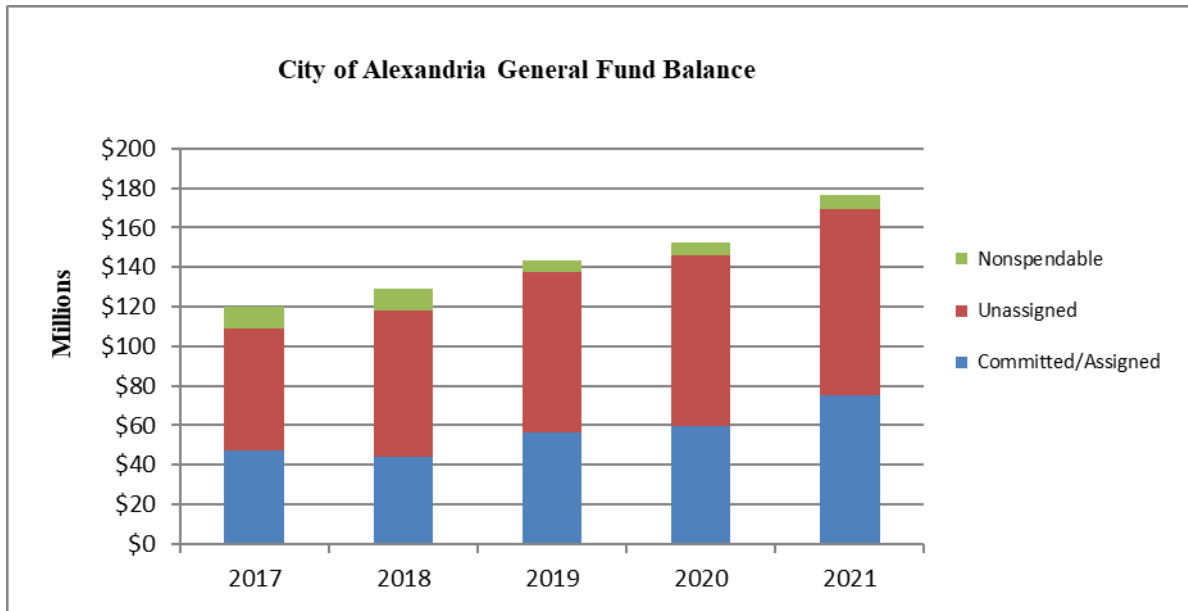

### GENERAL GOVERNMENT FUNCTIONS

The table below displays the increases and decreases in assessed values for the last 10 years as appreciation and depreciation of existing properties and new properties. Overall real property assessed value for locally assessed property has increased by over \$10.2 billion since 2012. This includes a 2.7 percent increase from calendar year 2020 to 2021. Real property taxes, which are based on assessments as of January 1 of each year, are due in two payments. The first half of the real estate tax is due on June 15 and the second half of the tax is due on November 15.

<b>Year</b>	<b>Residential Assessed Value</b>	<b>Residential % Increase (Decrease)</b>	<b>Commercial<sup>1</sup> Assessed Value</b>	<b>Commercial % Increase (Decrease)</b>	<b>Total<sup>2</sup> Assessed Value</b>	<b>Total % Increase (Decrease)</b>
2012	18,715,708	1.5%	14,238,581	6.6%	32,954,289	3.7%
2013	19,384,653	3.6%	14,735,802	3.5%	34,120,455	3.5%
2014	20,314,910	4.8%	15,020,272	1.9%	35,335,182	3.6%
2015	21,195,995	4.3%	15,376,112	2.4%	36,572,107	3.5%
2016	21,713,189	2.4%	15,886,156	3.3%	37,599,345	2.8%
2017	22,092,997	1.7%	16,284,956	2.5%	38,377,953	2.1%

2020	24,550,610	5.3%	17,501,144	2.8%	42,051,754	4.3%
2021	26,029,769	6.0%	17,158,601	-2.0%	43,188,369	2.7%

1. Includes apartment buildings.
2. Total assessed value includes only locally assessed property.

Each of the bars in the chart below is comprised of a single year snapshot and is not cumulative. The fund balance financial policies for the General Fund are one component of the City’s overall financial strength and stability. At the end of FY 2021, the City’s General Fund balance was \$176.6 million and included a non-spendable fund balance of \$7.3 million, commitments and assignments totaling \$75.2 million, including \$19 million assigned for future capital funding, leaving a remaining unassigned fund balance of \$94.2 million. At the end of FY 2021 the City’s ending General Fund balance condition was consistent with the City’s established financial policies.

### CAPITAL FINANCING AND DEBT MANAGEMENT

In conjunction with the annual operating budget preparation, the City Manager annually prepares a ten-year Capital Improvement Plan to provide for the financing of improvements to the City's public facilities. The first year of the program constitutes the capital budget for the current fiscal year; the remaining nine years serve as a planning guide. The City accounts for capital improvement expenditures in the Capital Projects Fund and finances the projects from the General Fund (including appropriations of Committed Fund Balance), general obligation debt, the sale of surplus property, and intergovernmental grant revenues. As noted above, the City's Capital Improvement Plan for FY 2022 through FY 2031 totals \$2.66 billion, including \$2.3 billion of City-funded public improvements to the City's schools, public buildings, parks, and transportation systems. In addition, state and federal grants and other non-City sources will provide \$357.6 million in additional planned capital funding for the FY 2022—FY 2031 timeframe.

To continue a strategy of improving and then maintaining the City's creditworthiness, the City Council established the following key target and ceiling ratios as of June 30 of each year:

	<u>Limit</u>	<u>2012</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>	<u>2016</u>	<u>2017</u>	<u>2018</u>	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>Target</u>
Debt as a Percentage of Assessed Value	2.5% (ceiling)	1.36%	1.46%	1.50%	1.46%	1.37%	1.43%	1.49%	1.44%	1.75%	1.61%	N/A
Debt Service as a Percentage of General Governmental Expenditures <sup>1</sup>	12% (ceiling)	5.87%	6.55%	6.99%	7.50%	7.84%	7.36%	7.19%	6.94%	6.68%	6.81%	N/A
10-Year Debt Payout Ratio <sup>2</sup>	50% (floor)	-	-	-	-	-	70.27%	69.02%	70.90%	74.60%	76.20%	65.00%
Spendable Fund Balance as a Percentage of General Fund Revenue:	4% (floor)	13.20%	10.10%	10.20%	11.70%	12.88%	15.96%	16.43%	18.48%	19.97%	22.62%	5.50%
Unrestricted Net Position as a Percentage of General Revenue	4% (floor)	14.20%	17.90%	20.20%	(5.97%)	(2.68%)	4.78%	8.97%	10.49%	14.37%	21.12%	5.50%

<sup>1</sup> Data includes Schools and Library component units.

<sup>2</sup> The establishment of a 10-Year Debt Payout Ratio target of 50% formalizes the City's current practice of structuring debt with level principal payments. The new debt ratio was adopted by City Council on May 4, 2017.

The adopted financial policies include the following:

- The City will increase its reliance on current revenue to finance its capital improvements.
- The City will consider a designation for 'pay-as-you-go' capital a priority when additional General Fund resources become available at the end of a fiscal year.
- The City will not use General Fund equity to finance current operations for periods of longer than two years.
- The City will annually prepare a 10-year Capital Improvement Plan.
- The City will not issue tax or revenue anticipation notes to fund governmental operations.
- The City will not issue bond anticipation notes for a term of longer than two years.

The City's General Obligation Bonds have the top available ratings which were reaffirmed in October 2020 as follows:

**Moody's Investors Service**  
Aaa

**Standard & Poor's**  
AAA

## **BUDGETARY ACCOUNTING AND INTERNAL CONTROLS**

The City Charter requires the City Manager to submit a balanced budget to City Council no later than the first regular meeting in April of each year. The School Board prepares the Schools' budget and transmits it to the City Manager. The City Manager then submits his or her recommendation to City Council for consideration. If Council does not adopt a budget before June 27, the budget submitted by the City Manager for the upcoming fiscal year has full force and effect as if Council had adopted it. On April 29, 2020, the City Council formally approved the FY 2021 original adopted budget, following revisions submitted by the City Manager on April 7, 2020, in response to the COVID-19 public health emergency.

As a management tool, budgetary control is maintained in the General Fund at the character level (i.e., personnel, non-personnel, capital outlays) and by the encumbrance of estimated purchase amounts before the release of purchase orders to vendors. Management can transfer appropriations at the department appropriation level without approval from City Council. The City follows a similar procedure with the Special Revenue Fund, but the level of control is at the grant or program level. In the Capital Projects Fund, the level of control is at the project level. With the Schools' budget, the level of control is at the total appropriation level.

City management is responsible for establishing and maintaining internal controls designed to ensure that the assets of the City are protected from loss, theft, or misuse. Internal controls are intended to provide reasonable, but not absolute, assurance that these objectives are met. In addition to the examination of controls implemented by

members of the Finance Department, the City's Internal Audit staff continually reviews and assesses the soundness and adequacy of the City's financial systems.

### **REPORT FORMAT**

The City's Finance Department has prepared this Annual Comprehensive Financial Report to present all the information necessary to meet the needs of the many persons and groups that have an interest in the City's financial affairs. The objective of this report is to present financial information on a comparative basis with other governmental entities in Virginia and in accordance with established reporting standards. We believe the data is accurate in all material respects and is reported in a manner designed to present fairly the City's financial position and results of operations.

### **INDEPENDENT AUDIT**

Section 5.18 of the City Charter requires an annual audit of the accounting and financial records of the City by independent certified public accountants. This section requires the auditors to examine the funds of the City in accordance with auditing standards generally accepted in the United States of America and the standards set forth in the Government Accountability Office's *Government Auditing Standards*. In addition, the auditors must conduct the compliance examinations required by the U.S. Office of Management and Budget's Uniform Guidance, and the *Specifications for Audits of Counties, Cities and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia.

The Alexandria City Council has selected the firm of CliftonLarsonAllen LLP to perform these audit services. Their completed audit reports are presented in the Financial Section of this report. The remaining reports will be presented in an additional Single Audit Section pending guidance from the U.S. Office of Management and Budget.

### **CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the City of Alexandria a Certificate of Achievement for Excellence in Financial Reporting for the City's Annual Comprehensive Financial Report (ACFR) for the forty-sixth year in 2020. The GFOA awards a Certificate to governmental units that exemplify excellence in financial reporting and conform to stringent reporting requirements promulgated by that Association and various authoritative bodies.

To earn a Certificate of Achievement, an ACFR must tell its financial story clearly, thoroughly, and understandably. The report must be efficiently organized, employ certain standardized terminology and formatting conventions, minimize ambiguities and potentials for misleading inference, enhance understanding of current generally accepted accounting theory, and demonstrate a constructive "spirit of full disclosure."

A Certificate is valid for a period of one year only. The City believes our current report continues to conform to the Certificate of Achievement Program requirements and standards. We are submitting it to GFOA to determine its eligibility for another certificate for FY 2021.

### **REPORTING REQUIREMENTS**

As required by the U.S. Securities and Exchange Commission Rule 15c2-12, the City has agreed for the benefit of the owners of City general obligation bonds and joint enterprise waste-to-energy-revenue bonds, to provide each nationally recognized municipal securities information repository and to any appropriate state information depositor, if any is hereafter created, certain financial information not later than 270 days after the end of each of its fiscal years, commencing with the fiscal year ended June 30, 1996. The City is currently in compliance with the new arrangement to file this information through the Electronic Municipal Market Access (EMMA) website which is the

comprehensive source for official statements, continuing disclosure documents, advance refunding documents and real time trade price information on all municipal securities. This ACFR provides the 15c2-12 general bond obligation bond information, which includes the “Debt Statement” found in Note 9 of Notes to the Financial Statements, a “Five Year Summary of General Fund Revenues and Expenditures” found in Table XXII, a summary of debt found in Table XXIII (Summary of Total General Obligation Bonds Debt Service), and “Tax Revenues by Source” found in Table III.

#### ACKNOWLEDGMENTS

We would like to express our appreciation to everyone in the City government who assisted with and contributed to the preparation of this report. Special recognition is extended to the Accounting Division for their dedicated pursuit of excellence and leadership in financial reporting.

Respectfully submitted,

Kendel Taylor

# INDEPENDENT AUDITORS' REPORT

## INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and Members of the City Council  
City of Alexandria  
Alexandria, Virginia

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Alexandria (the City), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the City of Alexandria Library System, a discretely presented component unit, which represents 4.0 percent of the assets, -2.0 percent of the net position, and 1.4 percent of the revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors, whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the City of Alexandria Library System, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the Specifications for Audits of Counties, Cities and Towns, issued by the Auditor of Public Accountants of the Commonwealth of Virginia (Specifications). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. The financial statements of the City of Alexandria Library System were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are

The Honorable Mayor and Members of the City Council  
City of Alexandria

appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Alexandria as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of Matter Paragraph**

During fiscal year ended June 30, 2021, the City adopted GASB Statement No. 84 Fiduciary Activities. The implementation of this standard resulted in a change in accounting principle (see Note 19). Our auditors' opinion was not modified with respect to the change in accounting principle.

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the required supplementary information as stated in the accompanying table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Alexandria's basic financial statements. The combining and individual non-major fund financial statements, as presented in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Honorable Mayor and Members of the City Council  
City of Alexandria

The combining and individual non-major fund financial are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical tables, as listed in the accompanying table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 2, 2021, on our consideration of the City of Alexandria's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Alexandria's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Alexandria's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

PAGE LEFT BLANK INTENTIONALLY

## MANAGEMENT’S DISCUSSION AND ANALYSIS

The following discussion and analysis of the City of Alexandria’s financial performance provides an overview of the City’s financial activities for the fiscal year that ended June 30, 2021. Please read it in conjunction with the transmittal letter at the front of this report and the City’s financial statements, which follow this section.

### FINANCIAL HIGHLIGHTS FOR FY 2021

The City’s total Net Position, excluding component units, on a government wide basis, increased approximately \$31.2 million from \$584.4 million to \$615.6 million at June 30, 2021 (Exhibit I). During FY 2021, the City implemented Governmental Accounting Standards Board (GASB) Statements No. 84, “Fiduciary Activities,” and No. 90, “Majority Equity Interests – an amendment of GASB Statements No. 14 and No. 61.”

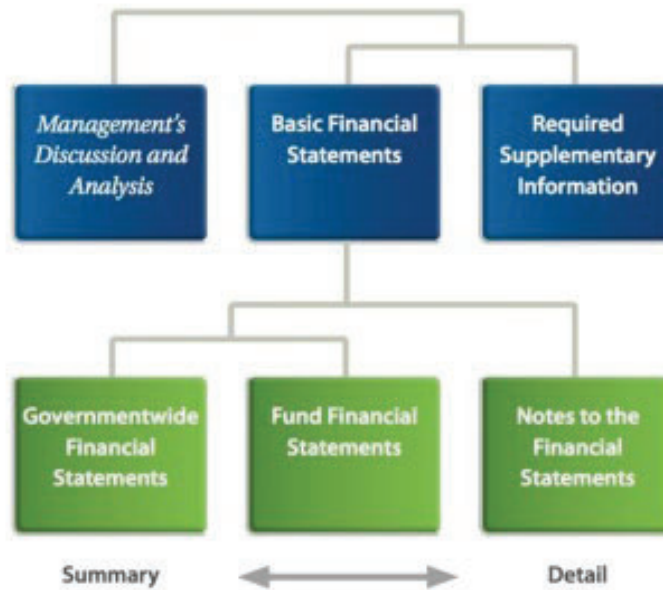

The government-wide activities had an unrestricted net position of \$151.6 million (Exhibit I) as of June 30, 2021, an increase of \$50.8 million from the FY 2020 total of \$100.8 million. The City’s revenues for governmental activities of \$924.9 million were \$18.3 million higher than the \$906.6 million reported in FY 2020 (Exhibit II).

The General Fund reported revenues and other financing sources in excess of expenditures and other financing uses, or current net change in fund balance, of \$23.7 million (Exhibit IV) after making a \$47.3 million transfer to the capital projects fund and a \$75.4 million transfer to the special revenue fund.

### USING THE FINANCIAL SECTION OF THIS ANNUAL COMPREHENSIVE FINANCIAL REPORT

This Annual Comprehensive Financial Report (ACFR) consists of three sections: introductory, financial, and statistical. A fourth section, single audit, will be added pending guidance from the U.S. Office of Management and Budget. As the following chart shows, the financial section of this report has four components - *management’s discussion and analysis* (this section), the *basic financial statements*, the *required supplementary information* and the *other supplementary information*.

### Required Components of the Financial Report

The government-wide financial statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The government-wide financial statements provide both long-term and short-term information about the City's overall financial position. The Statement of Net Position and the Statement of Activities, which are the government-wide statements, report information about the City's activities as a whole. These statements include all assets, liabilities, deferred outflows, and deferred inflows using the accrual basis of accounting. All the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes in net position. The City's net position is the difference between (1) assets and deferred outflows of resources, and (2) liabilities and deferred inflows of resources. Net position is displayed in three components: Net investment in capital assets, Restricted, and Unrestricted. Over time, increases or decreases in the City's net position are indicators of whether its financial health is improving or deteriorating. To assess the overall health of the City other nonfinancial factors, need to be considered such as changes in the City's property tax base and the condition of the City's infrastructure.

The Statement of Net Position and the Statement of Activities include the following:

Governmental activities—Most of the City's basic services are reported here: General government, judicial administration, public safety, public works, library services, health and welfare, transit, culture and recreation, community development, and education.

Component units—The City includes two separate legal entities in its report - The City of Alexandria School Board and the Alexandria Library, respectively Schools and Library. Although legally separate, these component units are included because the City is financially accountable for them and provides operating and capital funding to them.

## FUND FINANCIAL STATEMENTS

The fund financial statements provide additional information about the City's most significant funds, not the City as a whole. The fund financial statements focus on the individual parts of the City's government.

The City has three kinds of funds:

Governmental funds—Most of the City's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out, and (2) the balances left at year end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps the reader determine whether there are greater or fewer financial resources that can be spent in the near future to finance the City's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information is provided at the bottom of the governmental funds statements to explain the relationship (or differences) between them.

Proprietary funds—Services for which the City charges customers or City users a fee, are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information.

The City uses an internal service fund (one kind of proprietary fund) to report activities that provide supplies and services for the City's other programs and activities. The Equipment Replacement Reserve Fund is the City's only internal service fund. Its primary purpose is to provide for the accumulation of money to replace capital equipment used in City operations.

**Fiduciary funds**—The City is the trustee or fiduciary for its employees’ pension plans and employee benefit trusts. It is also responsible for other assets (known as custodial funds) that, because of a trust arrangement, can be used only for the trust beneficiaries. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the City’s fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. Custodial funds are City funds used to provide accountability of client monies, for which the City is custodian. The City excludes pension plans and custodial funds from the City’s government-wide financial statements because the City cannot use these assets to finance its operations.

## FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

### Statement of Net Position

The following table presents the condensed Statement of Net Position:

**Table 1**  
**Summary of Net Position**  
**As of June 30, 2021 and 2020**  
**(in millions)**

	<u>Primary Government</u>		Component Units	
	Governmental Activities			
	2021	2020	2021	2020
<b>ASSETS</b>				
Current and other assets	\$ 1,093	\$ 1,096	\$ 103	\$ 84
Capital assets	958	929	16	17
<b>Total Assets</b>	<u>2,051</u>	<u>2,025</u>	<u>119</u>	<u>101</u>
<b>Deferred Outflows</b>	<u>86</u>	<u>76</u>	<u>85</u>	<u>63</u>
<b>LIABILITIES</b>				
Other Liabilities	76	65	52	47
Long-term liabilities	825	875	15	14
Net Pension/OPEB Liability	145	236	335	298
<b>Total Liabilities</b>	<u>1,046</u>	<u>1,176</u>	<u>402</u>	<u>359</u>
<b>Deferred Inflows</b>	<u>475</u>	<u>341</u>	<u>28</u>	<u>30</u>
<b>NET POSITION</b>				
Net Investment in Capital				
Assets	406	461	16	16
Restricted	58	22	20	15
Unrestricted	152	101	(261)	(256)
<b>Total Net Position</b>	<u>\$ 616</u>	<u>\$ 584</u>	<u>\$ (225)</u>	<u>\$ (225)</u>

Amounts may not add due to rounding.

The City’s Net Position, (which is the City’s bottom line) increased \$31.2 million from its Net Position of \$584 million to \$616 million (Table 1).

## Statement of Activities

The following chart shows the revenue and expenses of the governmental activities:

**Table 2**  
**Summary of Changes in Net Position**  
**For the Fiscal Years Ended June 30, 2021 and 2020**  
**(in millions)**

	Primary Government		Component Units	
	Governmental Activities			
	2021	2020	2021	2020
<b>REVENUES</b>

<b>Net Position end of Year</b>	\$ 616	\$ 584	\$ (225)	\$ (225)

Amounts may not add due to rounding.

## REVENUES

For the fiscal year ending June 30, 2021, revenues for governmental activities totaled \$924.9 million, \$18.4 million higher than FY 2020's total of \$906.6 million (Table 2). This is due to a \$53 million increase in operating grants and contributions as well as stable property tax revenues. The increase in operating grants includes the City's share of pandemic-related federal relief funds from the CARES Act. FY 2021 general revenues declined by \$25.9 million from \$743.9 million in FY 2020 to \$718.0 million in FY 2021, due to reductions in unrestricted grants and interest income. Property tax revenues, including real estate and personal property, were stable and generated 57 percent of total revenue for governmental activities. Other Local Tax revenue increased by \$10.1 million or 7.6 percent compared to FY 2020, due to a stronger than expected recovery in business and sales taxes. Charges for Services decreased by \$11.1 million compared to the prior year, reflecting reduced user fee activity and the suspension of DASH bus transit fares for much of FY 2021.

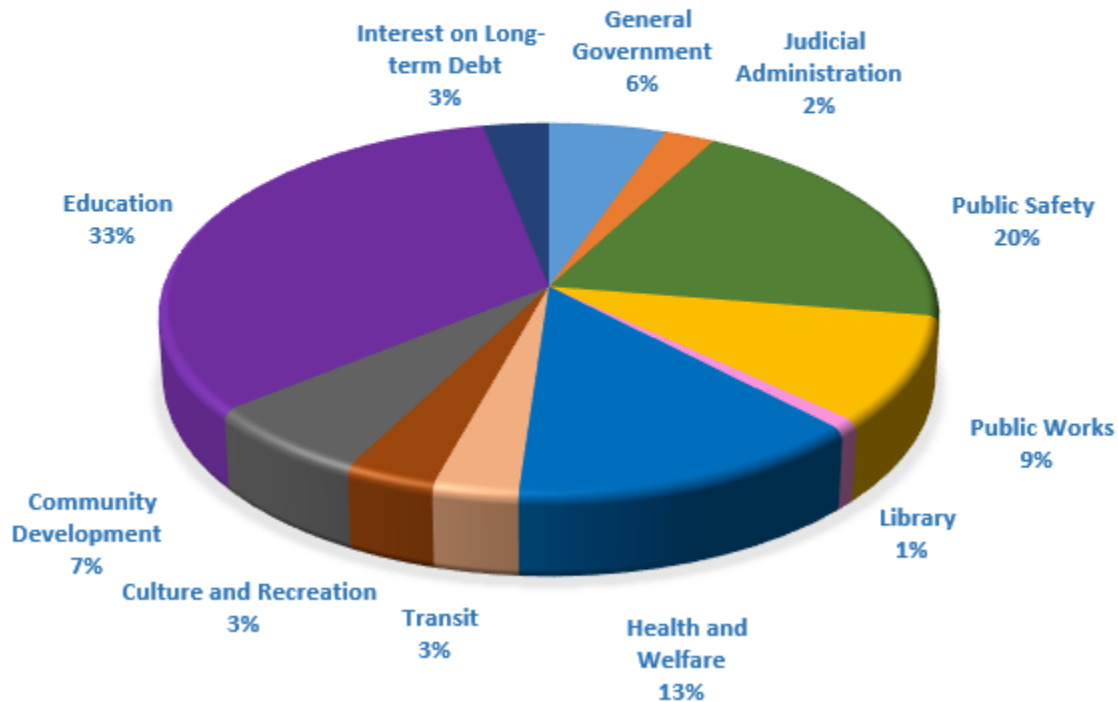

### REVENUE FOR GOVERNMENTAL ACTIVITIES

## EXPENSES

For the fiscal year ending June 30, 2021, expenses for governmental activities totaled \$893.7 million, an increase of \$1.5 million from FY 2020 (Table 2). Expenditures for general government declined due to a selective freeze in hiring and merit pay increases, while transit also decreased significantly because the City used other regional transit funds to meet its FY 2021 contribution to the Washington Metropolitan Area Transit Authority (WMATA). At the same time, spending increases for public safety, health and welfare, and education reflects the City's outward response to the COVID-19 public health emergency. Much of this spending increase was funded by the pandemic-related federal relief grants, particularly the CARES Act. The City's contribution to Alexandria City Public Schools was not impacted by the pandemic and continued to represent a third of expenses for governmental activities.

## EXPENSES FOR GOVERNMENTAL ACTIVITIES

### FINANCIAL ANALYSIS OF THE CITY'S FUNDS

For the fiscal year ended June 30, 2021, the governmental funds reflect a combined fund balance of \$599.7 million (Exhibit III). The Total Governmental Funds fund balance decrease of \$76.0 million was driven by the \$119.6 decrease in the Capital Projects Fund, in which significant capital investments were made using previously issued bond proceeds. The increase in General Fund fund balance of \$23.7 million is the result of revenue collections exceeding the post COVID-19 forecast and the significant expenditure savings that occurred from the precautions taken in the revised FY 2021 budget. These included a selective freeze on hiring and merit pay increases given the uncertainty surrounding the revenue forecast in the pandemic era. Transit expenditures from the General Fund decreased by \$14.1 million as the City used other regional transit funds to meet its FY 2021 WMATA contribution. Special Revenue fund balance increased primarily due to the payment of several sewer connection fees related to developer special use permits.

- The General Fund contributed \$38.7 million to pay-as-you-go financing of capital projects, which represented 5.3 percent of all General Fund expenditures (excluding bond refunding).
- The City contributed \$234.0 million to the Schools operating budget. The ACPS share of total debt service was \$28.6 million.
- The City spent \$187.4 million in the Capital Projects Fund, the most notable projects being the Potomac Yard Metrorail Station and school projects at Patrick Henry and John Adams Elementary Schools.
- The Northern Virginia Transportation Fund received \$23.7 million in regional tax revenue for transportation operations and capital.
- The Potomac Yard fund received \$14.0 million in real estate taxes to be used to build a Metrorail station.

Except for non-spendable and restricted fund balances (Exhibit III), there are no significant limitations on fund balances that would affect the availability of fund resources for future uses.

**GENERAL FUND BUDGETARY HIGHLIGHTS**

**Table 3  
General Fund Budget  
(in millions)**

	FY 2021			Variance from Amended
	Original Budget	Amended Budget	Actual	
<b>Revenues, Transfers, and Other Financial Sources</b>				
General Property Taxes	\$ 535	\$ 535	\$ 535	\$ -
Other Local Taxes	115	115	131	16
Transfers and Other	95	145	142	(3)
<b>Total</b>	<u>745</u>	<u>795</u>	<u>808</u>	<u>13</u>
<b>Expenditures, Transfers, and Other Financial Uses</b>				
Expenditures	409	409	373	(36)
Transfers and Other	344	413	411	(2)
<b>Total</b>	<u>753</u>	<u>822</u>	<u>784</u>	<u>(38)</u>
<b>Change in Fund Balance</b>	<u>\$ (8)</u>	<u>\$ (27)</u>	<u>\$ 24</u>	<u>\$ 51</u>

Amounts may not add due to rounding.

Actual General Fund revenues and other financial sources exceeded the original and amended budgets by \$13.0 million during FY 2021. Including supplemental appropriations, actual General Fund expenditures were less than the amended budget by \$38.0 million. Despite the impact of the pandemic, collection of general property taxes reached its budget target. Other Local Taxes significantly exceeded budget due to a strong recovery in the business community and surging online sales which lifted sales taxes. Reductions in user charges and fees as well as interest income due to low rates were offset by an increase in revenue from permits and licenses and intergovernmental revenue, notably a reimbursement from FEMA for eligible expenditures incurred in FY 2020. On the expenditure side, the City’s selective freeze on hiring and merit pay increases, as well as a reduction in its contribution to WMATA, resulted in a substantial savings in the General Fund.

During FY 2021, City Council amended the budget four times. These budget amendments, or supplemental appropriation ordinances, were primarily for the following purposes:

- To reappropriate monies to pay for commitments in the form of encumbrances established prior to June 30, 2020, but not paid by that date.
- To reappropriate monies to pay for projects budgeted for FY 2020 but not completed before the end of the fiscal year.
- To reappropriate grant, donation and other revenues authorized in FY 2020 or earlier, but not expended or encumbered as of June 30, 2020.

- To appropriate grants, donations, and other revenues accepted or adjusted in FY 2021.

## CAPITAL ASSETS

At the end of FY 2021, the City’s governmental activities had invested cumulatively \$957.9 million (see Note 5) in a variety of capital assets and infrastructure, as reflected in the following schedule, which represents a net increase of \$29.0 million.

**Table 4**  
**Governmental Activities**  
**Capital Assets**  
**(in millions)**

	<b>Balance</b> <b><u>6/30/2020</u></b>	<b>Net Additions/ <b><u>(Deletions)</u></b></b>	<b>Balance</b> <b><u>6/30/2021</u></b>
<b>Non-Depreciable Assets</b>			
Land and Land Improvements	\$ 127.6	\$ -	\$ 127.6
Construction in Progress	59.3	11.7	71.0
<b>Other Capital Assets</b>			
Intangible Assets	26.3	0.1	26.4
Buildings	776.1	21.5	797.6
Infrastructure	308.3	17.2	325.5
Furniture and Other Equipment	185.4	17.3	202.7
Accumulated Depreciation on Other Capital Assets	<u>(554.1)</u>	<u>(38.8)</u>	<u>(592.9)</u>
<b>Total Capital Assets</b>	<b><u>\$ 928.9</u></b>	<b><u>\$ 29.0</u></b>	<b><u>\$ 957.9</u></b>

Amounts may not add due to rounding.

The FY 2022—FY 2031 Approved Capital Improvement Program (CIP), which was approved by City Council on May 5, 2021, sets forth a 10-year program with \$2.66 billion in total funding, including \$2.3 billion in new City funding and \$357.6 million in other non-City sources for public improvements for the City and the Alexandria City Public Schools. This represents (in City funding) an increase of approximately \$0.5 billion more than the FY 2021—FY 2030 CIP. For purpose of comparison the Approved FY 2021—FY 2030 CIP totaled \$2.1 billion, of which \$267.3 million was from non-City sources and \$1.8 billion is the net City cost.

## LONG-TERM DEBT

At the end of FY 2021, the City had \$704.1 million in outstanding general obligation bonds, a decrease of \$43.8 million from last year’s outstanding bonds of \$747.9 million. More detailed information about the City’s long-term liabilities is presented in Note 9 to the financial statements.

In October 2020, Moody’s Investors Services, Inc. and Standard & Poor’s (S&P) credit rating agencies reaffirmed the City’s triple-A bond ratings. The City received its first Aaa rating from Moody’s in 1986 and the AAA rating from S&P in 1992. Standard and Poor’s cited the City’s “very strong” economy, fiscal management, budgetary flexibility, and liquidity as it again rated the City’s credit as AAA. Moody’s noted the City’s tax base, relatively high per capita income, and sound fiscal policies and management in assigning its Aaa rating.

The Commonwealth of Virginia limits the amount of general obligation debt the City can issue to 10 percent of the assessed value of real property within the City. The City's outstanding debt is significantly below, or less than one-tenth of this state law limit—which would equate to \$4.3 billion for the City.

On October 2020, the City issued \$49.8 million in taxable General Obligation Refunding Bonds with a premium of \$0.1 million and a true interest cost of 1.45 percent (Series 2020). The issuance refunded \$46.1 million in previously issued bonds at higher interest rates, resulting in a savings to the City of \$2.3 million in debt service costs.

## **ECONOMIC FACTORS**

Alexandria's economy remains healthy as it emerges from the COVID-19 pandemic, with strong fundamentals including population and wage growth and low unemployment. The City's population continues to grow and, per the 2020 Census, totals 159,467, which reflects a growth rate of 13.9 percent over the last decade. In the first quarter of 2021, the City's employment averaged 82,318, which is 12 percent lower than in 2011. The unemployment rate in the City as of June 2021 was 4.3 percent, returning to historical levels following a temporary spike in the early months of the COVID-19 pandemic. The decline in jobs in the City has been driven almost entirely by decreases in private sector employment, which is down by 15.6 percent since 2011. This decline is attributable to several long-term trends including the relocation of several major employers and impacts of retail closures and national retail trends. Additionally, the City is experiencing continued impacts from the pandemic especially in the hospitality and food service sectors, where employment in March 2021 was 27.3 percent lower than in March 2020.

Despite an overall decrease in employment over the last ten years (since 2011), growth has occurred across several sectors. Professional services and government jobs continue to be the leading employment sectors in the City. Government is led by prominent federal agencies, including the U.S. Patent & Trademark Office, the National Science Foundation, the U.S. Department of Defense, and the U.S. Department of Agriculture Food and Nutrition Service.

The City's strong wage growth (+10.9 percent over ten years, inflation-adjusted) has been driven by wage increases across many sectors of the economy. On the top end, the information industry experienced a 36.5 percent increase in average annual pay (inflation-adjusted), which includes jobs in media and communications technology. Most significantly, the City's two largest and most stable employment sectors, the federal government and professional services, saw sustained wage growth over the last decade (2.9 and 9.1 percent, respectively, inflation-adjusted). These two sectors together comprise 32.1 percent of all jobs and 46.4 percent of all wages earned in the City.

As of 2019 (the latest data available from the U.S. Bureau of Economic Analysis), the City's per capita personal income of \$91,990 remains one of the highest in the United States and is the third highest among all Virginia jurisdictions. The City's office vacancy rate stood at 16.2 percent in the second quarter of 2021, which compares favorably to the office vacancy rate in the Washington, D.C. metropolitan area of 23.9 percent.

## **CONTACTING THE CITY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our residents, businesses, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. Questions concerning this report or requests for additional financial information should be directed to Kendel Taylor, Director of Finance, City Hall, P.O. Box 178, Alexandria, VA 22313, [kendel.taylor@alexandriava.gov](mailto:kendel.taylor@alexandriava.gov), telephone (703) 746-3900, or visit the City's web site at [alexandriava.gov](http://alexandriava.gov).

**Adjustments for the Statement of Activities:**

(1) Repayment of bond principal and payment to bond escrow agent are reported as an expenditure and other financing uses in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. (Note 9)	47,529,000
(2) Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense and donated assets to allocate those expenditures over the life of the assets. This is the amount by which new capital assets exceeded capital expenditures in the current period. (Note 5)	178,566,906
(3) Governmental funds report pension & OPEB contributions as expenditures, however in the statement of activities the cost of pension & OPEB benefits earned net of employee contributions is reported as pension & OPEB expense. (Note 9)	29,319,485
(4) Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the governmental funds. (Note 4)	(12,711,925)
(5) Issuance of debt, refunding bonds and premium provide current financial resources to governmental funds, but issuing debt increases long term liabilities in the Statement of Net Position. (Note 9)	(49,887,196)
(6) Some expenses reported in the Statement of Activities do not require the use of current resources and therefore are not reported as expenditures in governmental funds. (Note 9)	6,733,216
(7) The net revenue of the internal service fund (except depreciation which is reported in capital outlays above) is reported with governmental activities. (Exhibit VI)	(1,686,750)
(8) Change in net pension & OPEB liability. (Note 9)	(90,827,373)

**Exhibit XII**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Narrative Profile**

The City of Alexandria, located in northern Virginia and bordered by the District of Columbia (Potomac River) and Arlington and Fairfax Counties, was founded in 1749 and incorporated in 1779. With a population of 164,650 and a land area of 15.75 square miles, Alexandria is the seventh largest city in the Commonwealth of Virginia and one of the most densely populated cities in the Commonwealth.

The City is governed under the Council-Manager form of government. Alexandria engages in a comprehensive range of municipal services, including general government administration, public safety and administration of justice, education, health, welfare, housing and human service programs, transportation and environmental services (Public Works), planning, community development and recreation, cultural, library, and historic activities.

The financial statements of the City of Alexandria, Virginia, have been prepared in conformity with the specifications promulgated by the Auditor of Public Accounts (APA) of the Commonwealth of Virginia, and U.S. generally accepted accounting principles (GAAP) as specified by the Governmental Accounting Standards Board (GASB). The City's significant accounting policies are described below.

**A. Financial Reporting Entity**

The City follows GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, as amended. GASB Statement No. 34 requires the following financial statement components:

Management's Discussion and Analysis – A narrative introduction and analytical overview of the government's financial activities. This analysis is similar to the analysis that the private sector provides in their annual reports.

Government-wide Financial Statements – These include financial statements prepared using full accrual accounting for all government activities. This approach includes not just current assets and liabilities (such as cash and accounts payable), but also capital assets (such as buildings and infrastructure, including bridges and roads) and long-term liabilities (such as general obligation debt and unfunded pension costs). Accrual accounting also reports all revenues and costs of providing services each year, not just those received or paid in the current year or soon thereafter. The government-wide statements include the Statement of Net position and the Statement of Activities.

Statement of Net Position – The Statement of Net Position displays the financial position of the primary government (governmental activities) and its discretely presented component units. Governments report all capital assets, including infrastructure, in the government-wide Statement of Net Position and report depreciation expense – the cost of “using up” capital assets – in the Statement of Activities. Net Position represents the difference between assets, liabilities, and deferred inflow (outflow) of Resources. The Net Position of a government is broken down into three categories: 1) net investment in capital assets; 2) restricted; and 3) unrestricted. Net invested in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances (net of unspent bond proceeds) of any borrowing used for the acquisition, construction, or improvement of those assets.

Statement of Activities – The Statement of Activities reports revenues and expenses in a format that focuses on the cost of each of the City's functions. The expenses of individual functions are compared to the revenues generated directly by the function (for instance, through user charges or intergovernmental grants).

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Fund Financial Statements – The fund financial statements display the financial transactions and accounts of the City based on funds. The operation of each fund is an independent accounting entity. The fund financial statements also include reconciliation to the government-wide statements, which briefly explains the differences between the fund and government-wide financial statements.

Budgetary Comparison Schedules – Demonstrating compliance with the adopted budget is an important component of a government’s accountability to the public. Many citizens participate in the process of establishing the annual operating budgets of state and local governments and have an interest in following the actual financial progress of their governments over the course of the year. The City Council approves revisions to its original budget over the course of the year for a variety of reasons.

As required by GAAP, these financial statements and schedules present the primary government and its component units, entities for which the City is financially accountable. Blended component units, although legally separate entities are, in substance, part of the government’s operations and so data from these units are combined with data of the primary government. The discretely presented component units, on the other hand, are reported in a separate column in the government-wide statements to emphasize they are legally separate from the primary government. Each of the City’s discretely presented component units has a June 30 fiscal year-end.

**Component Units:**

**City of Alexandria School Board**

Since FY 1995, the Alexandria City School Board has been an elected body which oversees the operations of the Alexandria City Public Schools (ACPS). ACPS is substantially reliant upon the City because City Council approves ACPS’s total annual budget appropriation, levies taxes, and issues debt for school projects. The legal liability for the general obligation debt issued for school capital assets remains with the City. The City’s primary transaction with ACPS is the City’s annual support, for combined operations and capital equipment which total \$244.9 million in FY 2021. ACPS’ financial statements are available via the ACPS website on the Department of Financial Services page.

The APA establishes financial reporting requirements for all localities in the Commonwealth of Virginia. The APA has determined that all Virginia school boards shall be reported as discretely presented component units of the locality. The APA has also specified additional reporting requirements with respect to school boards. ACPS issues separate audited financial statements.

**City of Alexandria Library System**

The Alexandria Library (the Library) is a discretely presented component unit of the City of Alexandria. The Library’s financial statements are available for public viewing at the Library’s Administration office at the Beatley Library, 5005 Duke St., Alexandria, VA 22304. City Council approves the Library budget and appoints three citizens and a member of the Alexandria City Council to the Library Board. The seven-member Library Board also includes three members of the non-profit Alexandria Library Company. The City is responsible for issuing debt and acquiring and maintaining all capital items on behalf of the Library. The City only maintains the assets based on agreements reached with the Library Board. The legal liability for the general obligation debt issued on behalf of the Library remains with the City but is based on needs requested by the Library Board. The City’s primary transaction with the Library is the City’s annual operating support, which was \$7.1 million for FY 2021. The Library provides a variety of services to the community that is supplemented with funding by endowments and is not completely government services. The City budget provides most of the funding for all services and programs; many of the endowments supplement the materials budget, and nothing more. The City has no authority in the selection of books and materials the Library carries, or the day to day management of the operations of the Library buildings or staffing. The Library issues separate audited financial statements.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Alexandria Transit Company**

Alexandria Transit Company (ATC), although legally separate in substance, is presented as a blended component unit and part of the City's reporting entity. As a not-for-profit corporation for which the primary government is the only corporate member, the blending of ATC fell within the scope of GASB Statement No. 80. ATC's governing body is substantively the same as the governing body of the primary government and the City's management has operational responsibility for ATC.

**Excluded from Reporting Entity:**

The City Council is not financially accountable for the Deferred Compensation Plan, Alexandria Economic Development Partnership, Alexandria Industrial Development Authority, Alexandria Redevelopment and Housing Authority, Alexandria Renew Enterprises (formerly the Alexandria Sanitation Authority), Visit Alexandria, or Sheltered Homes of Alexandria, Inc. Accordingly, these entities are excluded from the City of Alexandria's financial statements.

**B. Government-wide and Fund Financial Statements**

The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements. The reporting model focus is on both the City as a whole and the fund financial statements, including the major individual funds of the governmental category, as well as the fiduciary funds (by category) and the component units. Both the government-wide and fund financial statements (within the basic financial statements) categorize primary activities as governmental. In the government-wide Statement of Net Position, the governmental activities column (a) is presented on a combined basis, and (b) is reflected on a full accrual, economic resource basis, which incorporates long-term assets and receivables as well as long-term debt and obligations. Both government-wide and fund financial statements presentations provide information that can be analyzed and compared (between years and between governments) to enhance the usefulness of the financial information. The City generally uses restricted assets first for expenses incurred for which both restricted and unrestricted assets are available. The City may defer the use of restricted assets based on a review of the specific transaction.

The government-wide Statement of Activities reflects both the gross and net cost per functional category (public safety, public works, health and welfare, etc.) that are otherwise being supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants, and contributions. The program revenues must be directly associated with the function (public safety, public works, health and welfare, etc.). Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operation or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues. The City does not allocate indirect expenses. The operating grants and contributions columns include operating-specific and discretionary (either operating or capital) grants, while the capital grants and contributions column reflects capital-specific grants.

In the fund financial statements, financial transactions and accounts of the City are organized based on funds. The operation of each fund is considered an independent fiscal and separate accounting entity, with a self-balancing set of accounts recording cash and/or other financial resources together with related liabilities, fund balances and net position, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. Governmental fund statements are presented on a current financial resources and modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Since governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental activities column, reconciliation is presented which briefly explains the adjustments necessary to reconcile the fund financial statements to the governmental activities column of the government-wide financial statements.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

The City's fiduciary funds are presented in the fund financial statements by type (pension, private purpose trust and custodial). Since these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to fund activities or obligations of the government, these funds are not incorporated into the government-wide financial statements.

The following is a brief description of the specific funds used by the City in FY 2021.

**1. Governmental Funds**

Governmental Funds are those through which most governmental functions typically are financed.

**a. General Fund**

The General Fund is a major fund and is the primary operating fund of the City. This fund is used to account for all financial transactions and resources except those required to be accounted for in another fund. Revenues are derived primarily from property and other local taxes, state and federal distributions, licenses, permits, charges for service, and interest income. A significant part of the General Fund's revenues is used to finance the operations of the Schools.

**b. Special Revenue Fund**

A special revenue fund is a major fund and is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. A significant portion of the Special Revenue Fund is used for Health and Welfare programs. The Special Revenue Fund of the City as June 30, 2021 is comprised of the following sub funds:

**CARES** - This sub fund accounts for the City's funds across multiple departments in support of the COVID-19 pandemic response. The source of funding is the Coronavirus Aid Relief and Economic Security Act adopted in March 2020.

**ARPA** - This sub fund accounts for the City's funds across multiple departments in support of the COVID-19 pandemic response. The source of funding is the American Rescue Plan Act adopted in March 2021.

**Housing** - This sub fund accounts for the City's housing programs. The sources of funding are bond proceeds and the payment of note receivables.

**Sanitary Sewer** - This sub fund accounts for the funding of sanitary sewer maintenance and construction. The fund is funded by sewer connection fees and sewer charges.

**Stormwater Utility** - This sub fund is funded by a stormwater utility fee which was implemented in 2019. This fee replaces the dedicated real estate property tax in the Stormwater Management fund.

**Stormwater Management Fund** - This sub fund was established in FY 2011. It is funded by a dedicated real estate property tax rate of 0.5 cents per \$100 of assessed value.

**Potomac Yard Special Tax District** - This sub fund is funded by certain real estate taxes for the development of the Potomac Yard Metro Rail station.

**Northern Virginia Transportation Authority (NVTA)** - This sub fund was established in FY 2014. It is funded by various state and local other taxes collected by NVTA.

**Industrial Development Authority (IDA)** - This fund accounts for IDA bond issuance fees and expenses.

**Other Special Revenue** - This sub fund accounts for grants and donations and other amounts that represent a small percentage of special revenues.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**c. Capital Projects Fund**

The Capital Projects Fund (Capital Improvements) is a major fund and accounts for and reports financial resources that are restricted, committed, or assigned to expenditure for the acquisition or construction of major capital facilities.

**2. Proprietary Funds**

Proprietary Funds are used to account for activities that are like those often found in the private sector. The measurement focus is on determination of net income, financial position, and cash flows. Operating revenues include charges for services. Operating expenses include costs of services as well as, materials, contracts, personnel, and depreciation. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

The City has one proprietary fund, the Internal Service Fund. The Internal Service Fund accounts for the financing of goods or services provided by one department to other departments or agencies of the City on a cost-reimbursement basis and is considered a proprietary fund. The City established the Equipment Replacement Reserve Account, the internal service fund, for the purpose of providing for the accumulation of funds to replace capital equipment items used in City operations. This internal service fund derives its funding from periodic equipment rental charges assessed to the user departments in the governmental funds. This funding is then used to replace capital equipment when the need arises. The Internal Service Fund is included in governmental activities for government-wide reporting purposes. As a rule, the effect of interfund activity has been eliminated from the government-wide financial statements. The excess revenues or expenses for the fund are allocated to the appropriate functional activity.

**3. Fiduciary Funds**

Fiduciary funds are used to account for assets held by the City in a trustee capacity for individuals, private organizations, and other governments. The fiduciary funds of the City are the John D. Collins Private Purpose Trust Funds, Employee Retirement Funds, and the custodial funds for the Human Services Special Welfare Account and the Human Services Dedicated Account. For accounting measurement purposes, the Private Purpose Trust Fund, the Employee Retirement Funds, and other post-employment benefits are accounted for in essentially the same manner as proprietary funds. Private Purpose Trust Funds account for assets of which the principal may not be spent. The Employee Retirement Funds account for the assets of the City's pension plans and the OPEB fund. Custodial Funds do not involve measurement of results of operations. Fiduciary funds are not included in the government-wide financial statements because the resources cannot be used for operations of the government.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about fiduciary net position of the Pension Plans and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the pension plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

The custodial funds held by the City as of the end of FY 2021 comprise the following:

*Human Services Special Welfare Account* – This fund accounts for the current payments of supplemental security income for foster children.

*Human Services Dedicated Account* – This fund accounts for back payments of supplemental security income for foster children.

**C. Basis of Accounting**

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using the current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet in the funds statements. Long-term assets and long-term liabilities are included in the government-wide statements. Operating statements of the governmental funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The Government-wide Statement of Net Position and Statement of Activities, all proprietary funds, private purpose trust funds and pension trust funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these activities are either included on the Statement of Net Position or on the Statement of Fiduciary Net Position. These operating statements present increases (e.g., revenues or additions) and decreases (e.g., expenses or deductions) in total net position.

The Government-wide Statement of Net Position and Statement of Activities as well as the financial statements of the Proprietary Funds and Fiduciary Funds are presented on the accrual basis of accounting. Under this method of accounting, revenues are recognized when earned and expenses are recorded when liabilities are incurred without regard to receipt or disbursement of cash.

The fund financial statements of the General, Special Revenue, and Capital Projects funds are maintained and reported on the modified accrual basis of accounting using the current financial resources measurement focus. Under this method of accounting, revenues are recognized in the period in which they become measurable and available. With respect to real and personal property tax revenue and other local taxes, the term “available” is limited to collection within 45 days after the fiscal year-end. Levies made prior to the fiscal year end, but which are not available, are deferred. Interest income is recorded as earned. Federal and State reimbursement-type grants revenues are measurable and available as revenue when reimbursements for related eligible expenditures are collected within a year of the date the expenditure was incurred. Expenditures, other than accrued interest on long-term debt, are recorded when the fund liability is incurred.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Budgets and Budgetary Accounting**

The City Council annually adopts budgets for the General Fund and Special Revenue Fund of the primary government. All appropriations are legally controlled at the departmental level for the General Fund and Special Revenue Fund. The Schools appropriation is determined by the City Council and controlled in total by the primary government. On April 29, 2020, the City Council formally approved the original adopted budget and on June 19, 2021, approved the revised budget reflected in the required supplemental information. Budgets are prepared for the Capital Projects Fund on a project basis, which covers the life of the project. A Capital Projects Fund appropriation does not lapse until an appropriation reduction is approved by City Council.

**Encumbrances**

Encumbrance accounting, the recording of purchase orders, contracts, and other monetary commitments to reserve an applicable portion of an appropriation, is used as an extension of formal budgetary control in the General, Special Revenue, and Capital Projects Funds. Encumbrances outstanding at year-end are classified as committed or assigned in the General Fund, or as restricted fund balance in the non-General Funds. These encumbrances are subject to re-appropriation by Council ordinance in the succeeding fiscal year.

**E. Equity in Pooled Cash and Investments**

Cash resources of the individual funds, including imprest cash of \$23,290 and excluding cash held with fiscal agents in the General Fund, Special Revenue Fund, Capital Projects Fund, Proprietary Funds, Fiduciary Funds, and discretely presented component units (Schools and Library), are combined to form a pool of cash and investments to maximize interest earnings. Investments in the pool consist of the State Treasurer's Local Government Investment Pool (LGIP) and are recorded at fair value. Income from pooled investments is allocated only when contractually or legally required. All investment earnings not legally or contractually required to be credited to individual accounts or funds are credited to the General Fund.

The Library maintains separate cash and investment accounts consisting of cash and obligations of the federal government and corporate bonds and stocks recorded at fair value. All cash and investments held with fiscal agents for the primary government and its discretely presented component units are recorded at fair value.

For purposes of the statement of cash flows, the Proprietary Funds consider all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

The fair value of investments is based on quoted market prices. All investments in external investment pools are reported at fair value.

**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**F. Allowance for Uncollectible Accounts**

The City calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance on June 30, 2021, is comprised of the following:

<b>GENERAL FUND:</b>	
Taxes Receivable:	
Real Property	\$ 1,856,283
Personal	17,155,889

<b>CAPITAL PROJECTS FUND:</b>	
Capital Projects Fund Notes Receivable	\$ <u><u>1,475,000</u></u>

The component units' accounts receivable is considered fully collectible and therefore an allowance for uncollectible accounts is not applicable to those receivables.

**G. Inventory of Supplies and Prepaid and Other Assets**

**Primary Government**

Inventories of consumable supplies are recorded at cost (determined on a first in, first out basis). Inventory in the General Fund consists of expendable supplies held for consumption. The costs are recorded as expenditures under the purchase method. Reported inventories in the General Fund are equally offset by a reservation of fund balance. Purchases of non-inventory items are recorded as expenses or expenditures under the purchase method. Prepaid expenditures in reimbursable grants are offset by unearned revenues until expenses or expenditures are recognized. Inventory for the Alexandria Transit Company is comprised of parts and operating materials held for consumption. These inventories are costed by methods that approximate average cost or market value, whichever is lower.

**Component Units**

Inventory for the Schools is comprised of food and commodities on hand pertaining to the Child Nutrition Cluster of programs. Inventories of consumable supplies are recorded at cost using the weighted average method. Inventories received from the U.S. Department of Agriculture are recorded at fair value when received and the amounts consumed are recorded as revenue. The amounts of unused food commodities are reported as inventory and deferred revenue.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**H. Other Assets**

Other assets in the government-wide statements also include taxes receivable discussed in Note 4 and deferred interest, which represents the excess of the reacquisition price over the net carrying amount of the refunded bonds discussed in Note 9. The total adjustment to these assets was comprised of the following:

Taxes receivable	\$ 11,573,318
Deferred gain on Refunding Bonds	<u>19,537,062</u>
 Total Adjustment	 <u>\$ 31,110,380</u>

**I. Capital Assets**

Capital outlays are recorded as expenditures of the General, Special Revenue, and Capital Projects Funds, and as assets in the government-wide financial statements to the extent the City’s capitalization threshold of \$5,000 per unit are met. Depreciation is recorded on capital assets on a government-wide basis using the straight-line method and the following estimated useful lives:

Buildings.....	40 years
Infrastructure.....	25 years
Furniture and Other Equipment .....	3—20 years

To the extent the City’s capitalization threshold of \$5,000 is met, capital outlays of the Internal Service Fund are recorded as capital assets and depreciated over their estimated useful lives on a straight-line basis on both the funds and the government-wide financial statements using the straight-line method and the following estimated useful lives:

Leasehold Improvements.....	3—40 years
Equipment.....	3—20 years

All capital assets are valued at historical cost or estimated historical cost if actual cost was not available. Donated assets received in a concession arrangement are valued at their acquisition value. The City does not capitalize historical treasures or works of art. The City maintains many items and buildings of historical significance. The City uses the proceeds from the sale of historical treasures or works of art to acquire other items for the collection.

Maintenance, repairs, and minor equipment are charged to operations when incurred. Expenses that materially change capacities or extend useful lives are capitalized. Upon sale or retirement of land, buildings, and equipment, the cost and related accumulated depreciation, if applicable, are eliminated from the respective accounts and any resulting gain or loss is included in the results of operations.

**J. Compensated Absences**

The City accrues compensated absences (annual and sick leave benefits) when vested. The current portions of the governmental funds matured compensated absences liabilities are recorded as other liabilities in the General and Special Revenue Funds. The current and noncurrent portions are recorded in the government-wide financial statements. This includes the discretely presented component unit Library, since the City funds all Library personnel costs.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

The component unit Schools accrues matured compensated absences (annual, personal, and sick leave benefits) when vested. The current and noncurrent portions of compensated absences are recorded in the Schools component unit government-wide financial statements.

Alexandria Transit Company accrues annual and sick leave benefits in the period in which they are earned.

**K. Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and related notes. Actual results could differ from those estimates.

**L. Fund Balance**

The City considers restricted fund balance to be spent when an expenditure is incurred for purposes for which restricted and unrestricted fund balances are available unless prohibited by legal constraints or contracts. When an expenditure is incurred for purposes for which committed, assigned or unassigned amounts are available; the City considers committed fund balance to be spent first, then assigned fund balance, and lastly unassigned fund balance.

Fund Balances are reported according to the following categories:

**Non-spendable Fund Balance**—amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to remain intact; for example, notes receivable, inventory of supplies, prepaid amounts, and assets-held-for-sale.

**Restricted Fund Balance**—amounts constrained by external parties, constitutional provision, or enabling legislation. Effectively, restrictions may only be changed or lifted with the consent of the resource provider.

**Committed Fund Balance**—The City's highest level of decision-making authority is the City Council. The formal action required to establish, modify, or rescind a fund balance commitment is an ordinance of the City Council.

**Assigned Fund Balance**—amounts in the Assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by City Council's delegation of this authority to the City Manager or his designee in the annual operating budget ordinance. Amendments must follow guidance described in Note 1D.

**Unassigned Fund Balance**—is the residual classification for the City's general fund and includes all spendable amounts not contained in the other classifications. In other funds, the unassigned classification should be used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned. The Unassigned fund balance can only be appropriated by a resolution of the City Council.

FY 2022 Pay Initiatives	7,200,000
Transit Savings	5,000,000
Carryover and Incomplete Projects	8,400,000
Natural Disaster/Emergencies	3,000,000
Landmark Redevelopment Soil Contingency	3,000,000
Accrued Leave Payout	1,000,000
Economic Development Incentives	<u>1,000,000</u>
Total	<u>63,400,000</u>
<b>Unassigned</b>	<u>94,165,465</u>
<b>Total Fund Balance</b>	<u><u>\$ 176,644,513</u></u>

**Encumbrances** – These funds (\$6.8 million) have been committed for purchase orders and/or contracts to acquire goods and services not yet received.

**Self-Insurance**—These funds (\$5.0 million) have been committed for reserves for the City’s self-insurance program.

**Subsequent Fiscal Years’ Capital Program**—These funds (\$19.0 million) have been assigned to fund a portion of the capital improvement program for CIP projects in FY 2022 and beyond.

**FY 2022 Operating Budget** - These funds (\$10.0 million) have been assigned to fund a portion of the operating budget in FY 2022.

**FY 2023 Operating Budget** - These funds (\$5.8 million) have been assigned to fund a portion of the operating budget in FY 2023.

**FY 2022 Pay Initiatives** - These funds (\$7.2 million) have been assigned to address compensation needs that were eliminated from the FY 2021 Proposed Budget due to revenue uncertainty during the early months COVID-19 pandemic.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Transit Savings** - These funds (\$5.0 million) have been assigned for future transit costs in the FY 2023 and FY 2024 budget. Savings were generated in FY 2021 as a result of available federal funding for WMATA and the City’s utilization of NVTC reserves.

**Carryover and Incomplete Projects** - These funds (\$8.4 million) are assigned to support projects and initiatives that are approved but not yet under contract.

**Natural Disaster/Emergencies/ Emergency Response** - These funds (\$3.0 million) have been assigned to cover damages and operational costs associated with responding to extraordinary emergencies.

**Landmark Redevelopment Soil Removal Contingency** – These funds (\$3.0 million) have been assigned to provide additional resources to address the removal of contaminated soil that may be discovered at the Landmark Mall site, above the amount currently budgeted by the developer.

**Accrued Leave Payout** - These funds (\$1.0 million) are assigned to address leave payouts that are required for employees that are separated from the city either voluntarily or involuntarily.

**Economic Development Incentives** - These funds (\$1.0 million) are assigned to provide funds to incentivize business to locate or expand in the City.

**Special Revenue**

<b>Restricted</b>	
Grants	\$ 2,354,401
Donations	6,058,666
Housing Programs	5,711,472
Total	14,124,539

**(Continued)**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Stormwater Management** - These funds (\$1.8 million) are committed for stormwater capital projects. The funds originated from a dedicated real estate property tax of 0.5 cents per \$100 of assessed value; however, it was replaced with a stormwater utility fee in 2020.

**Potomac Yard** - These funds (\$29.9 million) are committed for the development of the Potomac Yard Metrorail Station. The funds originate from certain real estate property taxes.

**Northern Virginia Transportation Authority (NVTa)** - These funds (\$4.6 million) are committed for transportation improvements in the City. The funds originate from various state and other local taxes collected by the NVTa.

**Other Programs** - These funds (\$25.5million) are committed per the terms of various grants and donations received by the City.

**Capital Projects**

<b>Committed</b>	
Notes Receivable	\$ 210,903,469
Encumbrances	<u>70,202,424</u>
<b>Total Fund Balance</b>	<b><u>\$ 281,105,893</u></b>

Significant encumbrances greater than \$1.0 million as of June 30, 2021 were:

<u>Fund</u>	<u>Vendor</u>	<u>Amount</u>
Capital Projects	Skanska USA Building, Inc.	\$ 35.7 million
Capital Projects	Jones Utilities Construction, Inc.	\$ 10.9 million
Capital Projects	Sagres Construction Corp.	\$ 7.1 million
Capital Projects	Perkins Eastman Architects DPC	\$ 6.0 million
Capital Projects	New Flyer of America, Inc.	\$ 5.3 million
Capital Projects	Greeley & Hansen LLC	\$ 4.2 million
Capital Projects	Ft. Myer Construction Corp.	\$ 3.9 million
Capital Projects	Proterra, Inc.	\$ 3.6 million
Capital Projects	Carollo Engineers, Inc.	\$ 2.9 million
Capital Projects	Penn Care, Inc.	\$ 2.0 million
Capital Projects	F.L. Pinto Companies LLC	\$ 1.6 million
Capital Projects	Keller Brothers, Inc.	\$ 1.2 million
Capital Projects	Virginia Electric & Power Co.	\$ 1.1 million

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**M. Short Term Liabilities**

Short Term Liabilities include unclaimed funds. The City did not have any short-term debt during FY 2021.

**N. Deferred Outflows**

A deferred outflow of resources represents a consumption of net assets by the government that is applicable to a future period and so will not be recognized as an outflow of resources until the future period. The City recognizes deferred outflows for contributions made subsequent to the measurement date related to pensions and OPEB, difference between expected and actual experience, changes in assumptions, and net difference between projects and actual earnings on pension plans investments. On June 30, 2021, the City had deferred outflows of resources related to pensions and OPEB of \$66.1 million. GASB 75 was implemented in FY 2018 and Outflows now include OPEB.

The City calculated a deferred gain on bond refunding in the amount of \$19,537,062 for prior year bonds.

**O. Deferred Inflows**

A deferred inflow of resources represents an acquisition of net assets by the government that is applicable to a future period and will not be recognized as an inflow of resources (revenue) until that time. For government-mandated and voluntary non-exchange transactions, a deferred inflow is reported when resources are received before time requirements are met. On June 30, 2021, the City had deferred inflows of resources of \$475.2 million.

**NOTE 2. LEGAL COMPLIANCE – BUDGETS**

After a public hearing and several work sessions, the City Council adopts an annual budget no later than June 27 for the succeeding fiscal year to commence July 1. Transfers of appropriations among departments or projects are made throughout the fiscal year by the City Council. The City Council may also approve supplemental appropriations. In FY 2021, the Council approved a re-appropriation of prior fiscal year encumbrances, as well as several other supplemental appropriations. The City Manager has authority to transfer appropriations within each department. In FY 2021, several intradepartmental transfers were made.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 3. DEPOSITS AND INVESTMENTS**

The City maintains a pool of cash and investments in which each fund participates on a dollar equivalent and daily transaction basis. Interest is distributed monthly based on the funds' average monthly balances. A "zero balance account" mechanism provides for daily sweeps of deposits made to City checking accounts, resulting in an instantaneous transfer to the investment account. Thus, the majority of funds in the City's general account are invested at all times. Exceptions to this are funds in the Library System's checking account, the School Student Activity Fund account, and some bank accounts administered by the Human Services Department. The City's pooled portfolio also excludes pension plans.

**A. Deposits**

**Primary Government**

At June 30, 2021, the carrying value of the City's deposits was (\$113,793) and the bank balance was \$4,243,678. The difference between the carrying value of the City's deposits and the bank balance are the checks outstanding. This amount will fluctuate depending on the difference between checks issued and checks paid. The funds for these checks remain invested until the checks are presented for payment at the bank. The entire bank balance was covered by federal depository insurance or collateralized in accordance with the Virginia Security for Public Deposits Act (The Act). The Act provides for the pooling of collateral pledged with the Treasurer of Virginia to secure public deposits as a class. No specific collateral can be identified as security for one public depositor and public depositors are prohibited from holding collateral in their name as security for deposits. The State Treasury Board is responsible for monitoring compliance with the collateralization and reporting requirements of the Act and for notifying local governments of compliance by banks and savings and loan associations. A multiple financial institution collateral pool that provides for additional assessments is similar to depository insurance. If any member financial institution fails, the entire collateral pool becomes available to satisfy the claims of governmental entities. If the value of the pool's collateral were inadequate to cover the loss, additional amounts would be assessed on a pro rata basis to the members of the pool. Funds deposited in accordance with the requirements of the Act are considered fully secured. The City maintains cash and temporary investments for all funds and component units in a single pooled account, except for certain cash and investments required to be maintained with fiscal agents or in separate pools or accounts in order to comply with the provisions of bond indentures. The City has invested bond proceeds subject to rebate of arbitrage earnings in the Virginia State Non-Arbitrage Program ("SNAP"). SNAP is designed to assist local governments in complying with the arbitrage rebate requirements of the Tax Reform Act of 1986. These programs provide comprehensive investment management, accounting and arbitrage rebate calculation services for proceeds of general obligation and revenue tax-exempt financing of Virginia counties, cities, and towns. As of June 30, 2021, the City had \$204,349,549 in the SNAP short term investment.

**Component Units**

At June 30, 2021, the carrying value of deposits for the Schools was (\$2,339,958) and the bank balance was \$0. The difference between the carrying value of the School's deposits and the bank balance are the checks outstanding. The entire bank balance was covered by federal depository insurance or collateralized in accordance with the Virginia Security for Public Deposits Act as defined above.

At June 30, 2021, the carrying value of deposits and bank balance for the Library was \$175,606. The entire balance is covered by federal depository insurance or collateralized in accordance with the Virginia Security for Public Deposits Act as defined above.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 3. DEPOSITS AND INVESTMENTS (Continued)**

**B. Investments**

State Statutes authorize the City to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, commercial paper rated A-1 by Standard and Poor's Corporation or P-1 by Moody's Commercial Paper Record, banker's acceptances, repurchase agreements, the State Treasurer's Local Government Investment Pool (LGIP), and the Virginia Investment Pool (VIP). The City's current investment policy limits investments to obligations of the United States and agencies thereof, commercial paper, LGIP and repurchase agreements fully collateralized in obligations of the United States and agencies thereof.

During fiscal year 2021 most of the City investments were placed in the State Treasurer's Local Government Investment Pool (LGIP). The LGIP is under the supervision of the Virginia Treasury Board and audited by the Auditor of Public Accounts. However, some investments were made in CDARS, where deposits are eligible for FDIC insurance, as well as commercial paper, U.S. Agencies, and the Virginia Investment Pool.

During the year, the City and its discretely presented component units maintained eight pension plans. The plan provisions allow the assets of the pension plans to be invested by the pension carriers in accordance with provisions of the Code of the Commonwealth of Virginia. The Plans' investments are exposed to various risks such as interest rate, market and credit risks. Such risks, and the resulting investment security values, may be influenced by changes in economic conditions and market perceptions and expectations. Accordingly, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect the amounts reported in the Statement of Fiduciary Net Position.

The City and its discretely presented component units' investments are subject to interest rate, credit and custodial risk as described below:

**Interest Rate Risk** – As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy limits at least half of the City's investment portfolio to maturities of less than one year.

**Credit Risk** – State Statutes authorize the City to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivision thereof, commercial paper rated A-1 by Standard and Poor's Corporation or P-1 by Moody's Commercial Paper Record, banker's acceptances, repurchase agreements, and Virginia Local Government Investment Pool. The City's current investment policy limits investments to obligations of the United States and agencies thereof, commercial paper, and repurchase agreements fully collateralized in the Obligations of the United States and agencies thereof, the State Treasurer's LGIP and VIP. During the fiscal year, the City held its investments in LGIP and VIP, and investments of US agencies. The investments for five of the City's six pension plans are handled by Prudential, a company with an A (Excellent) rating, one of the top three, by A.M. Best rating agency. The investment for the defined contribution plan is directed by employees and is invested in mutual funds and guaranteed investment accounts. The City has directed Prudential to invest funds for the other four defined benefit pension plans in guaranteed investment accounts, mutual funds and stocks. The Commonwealth of Virginia manages the investments of the Virginia Retirement System (VRS). Prudential also handles investments for OPEB (Other Post-Employment Benefits) trust fund for the City.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 3. DEPOSITS AND INVESTMENTS (Continued)**

**Custodial Risk** – Custodial risk is the risk that in the event of the failure of the counter-party, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Currently all City investments are held in LGIP, VIP, commercial paper, investments of U.S. agencies, and CDARS. If the City has to invest in a local bank, the City will require a designated portfolio manager. At the time funds are invested, collateral for repurchase agreements will be held in the City’s name by a custodial agent for the term of the agreement, and investments in obligations of the United States or its agencies will be held by the Federal Reserve in a custodial account.

As of June 30, 2021, the City had the following cash, investments and maturities:

**Primary Government**

INVESTMENT TYPE	Investment Maturities

**NOTE 3. DEPOSITS AND INVESTMENTS (Continued)**

The list below summarizes investments managed by the City of Alexandria in accordance with the fair value hierarchy established by the generally accepted accounting principles. Fair value is a sale price agreed to by a willing buyer and seller, assuming both parties enter the transaction freely. The hierarchy is based on the valuation inputs used to measure the fair value of assets. The inputs are categorized at three levels based on the degree of certainty around the asset's underlying value.

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborate by observable market data.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

During fiscal year 2021, zero investments were classified in Level 1 and Level 3 of the fair value hierarchy. Investments worth \$61.4 million were classified in Level 2. Fixed government securities worth \$48.9 million and fixed certificates of deposit worth \$12.5 million were classified in Level 2. The fixed government securities and the fixed securities of deposit were valued using a matrix pricing technique. Matrix pricing is used based on the securities' relationship to benchmark quoted prices.

Virginia Local Government Investment Pool, worth \$487.6 million were excluded from the fair value hierarchy since they are an external investment pool and have the option to report their investments at NAV or amortized cost. They have chosen to report at amortized cost.

Others	2,948,534	9,028,941	-	-	11,977,475
<b>Total Taxes</b>	<u>317,126,678</u>	<u>9,700,013</u>	<u>-</u>	<u>-</u>	<u>326,826,691</u>
Account	10,713,209	1,175,486	-	370,269	12,258,964
Interest	27,640	-	-	-	27,640
Intergovernmental	31,332,935	5,702,628	1,762,076	542,758	39,340,398
Notes	709,000	89,283,415	1,475,000	-	91,467,415
<b>Gross Receivable</b>	<u>359,909,463</u>	<u>105,861,542</u>	<u>3,237,076</u>	<u>913,027</u>	<u>469,921,108</u>
Less: Allowance for Uncollectables	19,999,940	86,785,094	1,475,000	-	108,260,034
<b>Net Receivables</b>	<u>\$ 339,909,523</u>	<u>\$ 19,076,448</u>	<u>\$ 1,762,076</u>	<u>\$ 913,027</u>	<u>\$ 361,661,074</u>

Taxes receivable represents the current and past four years of uncollected tax levies for personal property taxes, and the current and past 19 years for uncollected tax levies on real property. The allowance for estimated uncollectible taxes receivable is 12.1% percent of the total taxes receivable at June 30, 2021, and is based on historical collection rates. Almost all of the uncollectible taxes derive from personal property taxes. Almost all of the real property tax receivables as of June 30, 2021, represent the second-half payment due for real estate taxes on November 15, 2020.

Receivables on a government-wide basis include taxes receivable of \$11.6 million that are not available to pay for current period expenditures and, therefore, are offset by the deferred inflows in the governmental funds. Tax revenues and the corresponding unearned revenue reported on a government-wide basis, do not include approximately \$12.7 million of taxes that are considered current financial resources and, therefore, are reported in the governmental funds. This comprises:

Real Estate Tax Receivables	\$ 3,454,518
Personal Property Tax Receivables	<u>9,257,407</u>
Total	<u>\$ 12,711,925</u>

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 4. RECEIVABLES (Continued)**

Governmental funds report deferred inflows in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also include unearned revenue related to resources that have been received but not yet earned. At the end of FY 2021 unearned revenue in the governmental funds consisted of the following:

	<b>Unavailable</b>	<b>Unearned</b>	<b>Total</b>
Property taxes, net of related allowances	\$ 314,043,306	\$ 4,782,587	\$ 318,825,893
Grant proceeds received prior to completion of eligibility requirements	35,860,619	-	35,860,619
	\$ 349,903,925	\$ 4,782,587	\$ 354,686,512

**Deferred Inflows**

	<b>General Fund</b>	<b>Special Revenue Fund</b>	<b>Alexandria Transit Company</b>	<b>Comment</b>
Total Deferred Taxes	\$ 314,043,306	\$ 8,521,770	1,331,736	
Grants Received Prior to Eligibility		35,860,619		Eligible grants with timing differences
Total Deferred Inflows, Receivables	\$ 314,043,306	44,382,389.00	1,331,736.00	

**Component Units**

Receivables at June 30, 2021, consist of following:

	<b>School Board</b>
Accounts	\$ 9,690,170
Intergovernmental	5,249,556
Total Receivables	14,939,726

All the component unit receivables are considered to be collectible.

All deferred revenue in the component units is unearned.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 4. RECEIVABLES (Continued)**

**A. Property Taxes**

The City levies real estate taxes on all real property on a calendar year basis, at a rate enacted by the City Council on the assessed value of property (except public utility property) as determined by the Real Estate Assessor of the City. The Commonwealth assesses public utility property. Neither the City nor the Commonwealth imposes a limitation on the tax rate. All property is assessed at 100 percent of fair market value and reassessed each year as of January 1. The Real Estate Assessor, by authority of City ordinance, prorates billings for incomplete property as of January 1, but completed during the year.

Real estate taxes are billed in equal semi-annual installments due June 15 and November 15. The taxes receivable balance at June 30, 2021, includes amounts not yet received from the January 1, 2021 levy (due June 15 and November 15, 2021), less an allowance for uncollectible amounts. The installment due on November 15, 2021 is included as unavailable revenue since these taxes are restricted for use until FY 2022. Liens are placed on the property on the date real estate taxes become delinquent and must be satisfied prior to the sale or transfer of the property. In addition, any uncollected amounts from previous years' levies are incorporated in the taxes receivable balance. The tax rate was \$1.13 per \$100 of assessed value during calendar year 2020 and reduced to \$1.11 during 2021.

Personal property tax assessments on tangible business property and all motor vehicles are based on 100 percent of fair market value of the property as of January 1 of each year. For a vehicle, the tax may be prorated for the length of time the vehicle has status in the City. Personal property taxes for the calendar year are due on October 5th. The taxes receivable balance at June 30, 2021, includes amounts not yet billed or received from the January 1, 2021 levy (due October 5, 2021). These taxes are included as unearned revenue since these taxes are restricted for use until FY 2022. The tax rate for motor vehicles was \$5.33 per \$100 of assessed value during calendar years 2020 and 2021. The tax rate for motor vehicles remained the same in calendar year 2021 (\$5.33). Tax rates during calendar years 2020 and 2021 were \$4.75 for tangible personal property and \$4.50 for machinery and tools per \$100 of assessed value. In addition, any uncollected amounts from prior year levies are incorporated in the taxes receivable balance. Under the provisions of the Personal Property Tax Relief Act of 1998 (PPTRA), the City billed and collected from the Commonwealth, approximately 31 percent of total personal property tax levy in calendar year 2021.

**NOTE 5. CAPITAL ASSETS (Continued)**

Governmental activities capital assets, net of accumulated depreciation at June 30, 2021, are comprised of the following:

General Capital Assets, Net	\$ 916,647,334
Internal Service Fund Capital Assets, Net	7,696,876
Alexandria Transit Company Capital Assets, Net	<u>33,538,907</u>
Total	<u><u>\$ 957,883,117</u></u>

Depreciation was charged to governmental functions as follows:

General Government	\$ 2,380,617
Judicial Administration	160,746
Public Safety	3,689,907
Public Works	8,126,431
Depreciation of Infrastructure Assets	10,131,397
Health and Welfare	505,258
Transit	4,748,834
Culture and Recreation	2,442,529
Education	10,135,143
Community Development	<u>229,375</u>
Total	<u><u>\$ 42,550,237</u></u>

Capital outlays are reported as expenditures in the governmental funds; however, in the Statement of Activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. The adjustment from governmental funds to the government-wide statements is summarized as follows:

**Primary Government**

City Capital Outlay	\$ 176,485,849
Donated Assets	13,037,592
Depreciation Expense	(42,550,237)
Capital Outlay not capitalized	<u>31,593,702</u>
Total Adjustment	<u><u>\$ 178,566,906</u></u>

*Donated assets are comprised of infrastructure assets donated by developers.*

In FY 2002, the Virginia Assembly passed a general law to respond to GASB Statement No. 34 that establishes the local option of creating, for financial reporting purposes, a tenancy in common with the local schools when a city or county issues bonds for acquisition, construction, or improvement of public school property. The sole purpose of the law is to allow cities and counties the ability to record school assets and related debt liabilities together. As a result, certain assets purchased with the City's general obligation bonds are now recorded as part of the primary government. According to the law, the tenancy in common ends when the associated obligation is repaid; therefore, the assets will revert to the Alexandria schools when the bonds are repaid. Nothing in the law alters the authority or responsibility of the local schools or control of the assets. All depreciation was charged to education.

**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 6. RISK MANAGEMENT**

The City is exposed to various losses related to torts: theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. It is the policy of the City to retain risks of losses in those areas where it believes it is more economical to manage its risks internally and account for any claims settlement in the General Fund. Exceptions to the self-insurance program are made when insurance coverage is available and when premiums are cost effective. The City is covered by property/casualty insurance policies on real and personal property and the following liability insurance policies as of June 30, 2021: public entity and public officials' excess liability, medical malpractice liability, voting booths, special events, vacant buildings, volunteer liability, cyber liability and commercial crime. In addition, the City maintains excess workers' compensation insurance. There were no material reductions in insurance coverage from coverage in the prior fiscal year, nor did settlements exceed coverage for any of the past four fiscal years.

The City is self-insured for workers' compensation claims up to \$1.5 million, and for public officers, public entity, physical damage to vehicles, and vehicle general liability under \$2.0 million and over \$10.0 million.

**Self-Insurance**

The non-current portion of unpaid workers' compensation claims amounted to approximately \$19.9 million as of June 30, 2021 and is reflected in the government-wide statements. The current portion is recorded as an accrued liability in the General Fund and the government-wide financial statements. In FY 2009, the City became self-insured for one of the two health insurance plans offered to employees. On June 30, 2021, the current portion of employees' health insurance was \$2.0 million which represents an estimate of health insurance claims that have been incurred but not reported and are reported in accrued liabilities. The amount of expenditures did not exceed funds that are available to pay the claims covering a period of four years. Therefore, a long-term liability has not been recorded as of June 30, 2021. Liabilities are reported when it is probable that losses have occurred, and the amounts of the losses can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported to date. Liabilities are determined using a combination of actual claims experience and actuarially determined amounts and include incremental claim adjustment expenses and estimated recoveries. An independent contractor processes claims, and the City records a provision and liability in the government-wide statements and General Fund (current portion only) for an estimate of incurred but not reported claims. Changes in the estimated claims payable for workers' compensation and health insurance during the fiscal years ended June 30, 2021 and 2020 were as follows:

	<u>Workers' Compensation</u>	<u>Health Insurance</u>
July 1, 2019 Liability Balance	\$ 19,773,359	\$ 940,999
Claims and Changes in Estimates	5,961,551	20,307,169
Claim Payments	(4,425,853)	(19,705,213)
June 30, 2020 Liability Balance	21,309,057	1,542,955
Claims and Changes in Estimates	2,442,622	21,969,654
Claim Payments	(3,804,423)	(21,494,178)
June 30, 2021 Liability Balance	<b>\$ 19,947,256</b>	<b>\$ 2,018,431</b>

The Health Insurance liability is included in other liabilities.

**Insurance Commitment**

In addition, the City has established a General Fund self-insurance commitment of \$5.0 million as of June 30, 2021.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 6. RISK MANAGEMENT (Continued)**

**Risk Pools**

On March 15, 1986, the City joined the Commonwealth of Virginia's Law Enforcement Liability plan, called VA Risk, on behalf of the Office of the Sheriff. The Division of Risk Management of the Commonwealth's Department of General Services operates VA Risk. The division was created in accordance with Sec. 2.1-526.8:1 of the Code of Virginia, which says that the State shall have the right and duty to defend any suit seeking damages or compensation against the City's officials and employees on account of wrongful acts, even if any of the allegations of the suit are groundless, false, or fraudulent, and may make the investigation and settlement of any claims or suit as deemed expedient. The limits of VA Risk coverage are \$1.0 million per claim. The City retains the risk for all claims in excess of \$1.0 million. Claims have not exceeded coverage in the last four years.

On October 1, 1987, the Alexandria Transit Company joined the Virginia Transit Liability Pool. Commercial companies service the Virginia Transit Liability Pool.

The coverage and limits of the pool's liability to the City are as follows:

Commercial General Liability .....	\$20 million
Automobile Liability .....	\$20 million
Uninsured Motorist.....	\$50,000
Automobile Physical Damage .....	(Actual Cash Value)

Under the provisions of the Virginia Workers' Compensation Act, the Alexandria Transit Company has secured the payment of Virginia compensation benefits and employers' liability coverage with the Virginia Municipal Group Self-Insurance Association (VMGSIA). VMGSIA is a public entity risk pool providing a comprehensive workers' compensation insurance program to Virginia municipalities and other local government entities. In addition to insurance coverage, the program provides risk management services with emphasis on loss control and claims administration. The Alexandria Transit Company pays an annual premium to VMGSIA for workers' compensation coverage. VMGSIA is self-sustaining through member premiums and will reinsure for claims in excess of \$5.0 million. Each member's premium is determined through an actuarial analysis based upon the individual member's experience and number of employees. In FY 2021, the Alexandria Transit Company paid an annual premium of \$0.2 million for participation in this pool.

**Line of Duty Act (LODA) Pension, Health, and Disability/Life Insurance Benefits**

The City provides pension, health, and disability/life insurance benefits to the beneficiaries of certain law enforcement and rescue personnel disabled or killed in the line of duty. Benefit provisions and eligibility requirements are established by Title 9.1 Chapter 4 of the Code of Virginia.

In accordance with State Code, LODA retirees elect a plan administered through the Virginia Department of Human Resources (DHRM). The City pays the DHRM the premiums for covered retirees, spouses, and widows. In FY 2021, the City contributed to the OPEB trust fund for Line of Duty Act benefits. In fiscal year 2021, an actuarial valuation was issued for Line of Duty Act benefits (see Note 16 OPEB). According to the December 31, 2020 actuarial valuation, 741 active employees were eligible for Line of Duty Act pension/health benefits. As of June 30, 2021, 89 beneficiaries were receiving Line of Duty Act health benefits. During FY 2021, Line of Duty Act premium payments for the recipients amounted to \$1.5 million.

In FY21, the average number of employees that were eligible for LODA disability/life insurance was 458, with premium payments of \$53,000.

**NOTE 6. RISK MANAGEMENT (Continued)**

**Component Units**

The School Board carries commercial insurance for all risks of loss including property, theft, auto liability, physical damage, and general liability insurance through the Virginia Municipal League. Settled claims resulting from these risks have not exceeded commercial reinsurance coverage for the past three years. There were no material reductions in insurance coverage from coverage in the prior fiscal year nor did settlements exceed coverage for any of the past three fiscal years. The School Board also carries catastrophic medical insurance for Virginia High School League Student participants.

The Library carries commercial insurance with the Virginia Municipal League for all risks of loss including property insurance, theft, auto liability, physical damage, and general liability insurances. There were no material reductions in insurance coverage from coverage in the prior fiscal year, nor did settlements exceed coverage for any of the past four fiscal years.

**NOTE 7. OPERATING LEASES**

**Rental Costs**

The City and the Schools lease office space and equipment under various long-term operating lease agreements expiring at various dates through FY 2036. Certain leases contain provisions for possible future increased rentals based upon changes in the Consumer Price Index.

Scheduled minimum rental payments for succeeding fiscal years ending June 30 are as follows:

Primary Fiscal Year	Government	School Board Component Unit
2022	\$ 5,883,071	\$ 3,191,155
2023	5,122,292	3,140,535
2024	8,549,848	3,066,882
2025	9,578,693	3,013,114
2026	9,466,976	3,095,975
2027-2031	55,089,333	9,521,931
2032-2036	43,783,376	9,521,931

Total rental costs during FY 2021 for operating leases were \$5.8 million for the Primary Government and \$3.1 million for the Schools.

**Rental Revenues**

The City also leases various City-owned properties and buildings under non-cancellable long-term lease agreements through FY 2036. The net book value of leased assets of \$6.2 million (cost of \$27.2 million less accumulated depreciation of \$20.9 million) is included in capital assets in the government-wide financial statements. Certain leases contain provisions for future increased revenues based upon changes in the Consumer Price Index.

Scheduled minimum revenues for succeeding fiscal years ending June 30 are as follows:

Fiscal Year	Total Revenues
2022	\$ 1,829,013
2023	1,674,053
2024	1,722,503
2025	1,747,056
2026	1,772,347
2027-2031	7,460,376
2032-2036	11,332,707

**Exhibit XII**  
**(Continued)**

**NOTE 8. COMMITMENTS AND CONTINGENCIES**

**A. Washington Metropolitan Area Transit Authority**

The City's commitments to WMATA are comprised of agreements to make capital contributions for construction of the rail transit system, contributions for replacement and improvement of rail and bus equipment, and payments of operating subsidies for both the rail and bus systems.

The City and other participating jurisdictions have entered into a series of capital contributions agreements with WMATA to fund the local share of the cost of the regional Metrorail transit system. The City's commitments are summarized as follows:

**i. Capital contributions - Bus and Rail Replacement**

In June 2021, a new six-year Capital Funding Agreement was signed by all members of the WMATA Compact after a series of one-year extensions of the 2010 six-year agreement. That funding agreement did not assume an increase of \$150 million per year of new federal funds past FY 2022 but did assume approximately \$50 million each from the Commonwealth of Virginia, the State of Maryland and the District of Columbia. The new agreement totaled \$13.6 billion over the six-year period, and \$2.1 billion was projected to be funded by the federal government. The participating jurisdictions' financial obligations, per the Regional Capital Funding Agreement, are subject to individual jurisdictional annual appropriation consideration. The dollar amount of the FY 2022 agreement is \$12.7 million, compared to the FY 2021 contribution for Alexandria, which was \$12.5 million.

**ii. Operating subsidies - Bus and Rail Systems**

During FY 2021, obligations for bus and rail subsidies amounted to \$41.7 million. The City paid these obligations from the following sources:

State Aid and State Motor Fuel Sales Tax revenues	40,147,662
NVTA 30%	1,573,000
<b>TOTAL</b>	<b>\$41,720,662</b>

Expected obligations for FY 2022 are \$43 million, \$17.6 million of which is expected to be paid from the City's General Fund. The City will also use \$23.9 million from NVTC funding and \$1.6 million from NVTA 30% funding to cover the rest of the obligations.

**iii. Potomac Yard Metrorail Station**

Alexandria's Potomac Yard is located in the northeast corner of the City, south of downtown Washington, D.C. and just southwest of Ronald Reagan Washington National Airport. It consists of two development tracts, North Potomac Yard and South Potomac Yard, which are divided into smaller geographic units or "landbays" for zoning and development purposes. As a major long-term economic development investment, the City of Alexandria approved the North Potomac Yard Small Area Plan on June 12, 2010. This initiative rezoned 69 acres of prime real estate located in Alexandria's Potomac Yard area into a high-density mixed-use development of over 7.5 million square feet. An integral part of this plan, which is expected to add approximately 10 percent to the City's tax base and generate over \$1 billion in new tax revenue over 30-years, entails the construction of a new Metrorail station (Potomac Yard) along the existing heavy rail Metrorail line.

City Council announced the selection of the Locally Preferred Alternative B concept for the Potomac Yard Metrorail Station on May 20, 2015. On June 16, 2016, City Council unanimously approved the Master Plan Amendment, Development Special Use Permit (DSUP), and other special use permits required to construct the

**NOTE 8. COMMITMENTS AND CONTINGENCIES (Continued)**

Metrorail station in Potomac Yard. WMATA procured a contractor for the design-build contract in Summer 2018, following the project's review under Section 4(f) of the Department of Transportation Act and the National Environmental Policy Act (NEPA). This process concluded with the issuance of Records of Decision by the Federal Transit Administration and the National Park on October 31, 2016 and November 1, 2016, respectively. Additional Federal and state water resource permits were required for construction of the Metrorail station to begin. Following agency review and Public Notice procedures, Virginia's Marine Resources Commission issued a letter of no jurisdiction under the Wetland Zoning Ordinance on February 26, 2019; the Virginia Department of Environmental Quality issued a Virginia Water Protection Individual Permit on September 6, 2019; and U.S. Army Corps of Engineers issued the Clean Water Act Section 404 Permit on November 15, 2019.

The project's Notice to Proceed (NTP) was issued on September 24, 2019, and the start of construction was commemorated by a groundbreaking ceremony on December 19, 2019. Construction has continued to advance allowing for substantive construction of the station headhouse (mezzanine, platform, and basement levels), platforms, track zone, AC Switchgear building, pedestrian bridge, north pavilion, and communication and power duct banks.

In November 2018, Amazon selected Virginia's National Landing location, comprised of Arlington's Crystal City and Pentagon City, and Alexandria's Potomac Yard, for its HQ2 offices after an 18-month selection process that began with more than 200 localities. Included in the Commonwealth's Amazon HQ2 bid package was the designation of \$50 million for an enhanced Potomac Yard Metrorail Station southwest access. This updated design concept was approved by City Council on April 18, 2020. Site surveying was completed, and City Council approved an amended DSUP reflecting the design improvements in Fall 2020. Project construction, including the enhanced southwest access, is anticipated to be complete in Fall 2022.

The National Landing site was also selected in part due to Virginia Polytechnic Institute and State University's (Virginia Tech) commitment to build a \$1 billion, 1-million square foot, technology-focused Innovation Campus in Alexandria. The campus' first building is scheduled open by 2024 and is scheduled to have a classroom presence of approximately 3,000 students by 2028. Virginia Tech's Innovation Campus, and a greater surrounding Innovation District immediately adjacent to the north Metro station entrance, was officially added to the North Potomac Yard Small Area Plan on June 20, 2020.

Locally Preferred Alternative B was originally budgeted at \$268 million. In April 2018, changes in labor, materials, and the bidding climate, warranted City Council to authorize increasing the project budget by \$50 million to a total of \$320 million. The City prepared an updated financial feasibility analysis in Spring 2018 that evaluated the City's ability to finance the station using only local shares. The funding sources include cash derived from net new tax revenues from Potomac Yard, \$175 million in long term debt, \$69.5 million in grants from the NVRTA, and a \$50 million 2% VTIB loan that was awarded to the City by the Commonwealth Transportation Board in January 2015 and \$25 million from Potomac Yard Fund Balance, and revenue collected in the Potomac Yard development area. In 2020, the projected total project cost increased to \$370 million, following approval by City Council to amend the funding agreement with WMATA to incorporate the \$50 million in funds granted in the Amazon HQ2 bid.

The financial risk to the City associated with the Metrorail station project has been carefully structured. The debt is anticipated to be structured with a ramped up principal repayment schedule to more closely align the debt service payments with the expected growth surrounding the metro station. Long-term debt will be repaid by the net new taxes derived from Potomac Yard development, developer contributions, and taxes from a special tax district established specifically to generate revenue for construction of the new Metrorail station. In December 2010, City Council approved the Tier I Special Services Tax District for Landbays F, G, and H and the multi-family portion of Landbay I. Tier I tax collections began in 2011 at the rate of 20 cents per \$100 of valuation. A Tier II Tax District (Landbays I and J) with a 10-cent per \$100 of valuation levy was abolished by City Council in December 2018, due to projected real estate tax revenues resulting from the Amazon HQ2.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 8. COMMITMENTS AND CONTINGENCIES (Continued)**

Additionally, upfront shortfall guarantees totaling \$32 million have been negotiated with the North Potomac Yard property owner. No cash flow draw from the City's General Fund is planned.

**B. Litigation**

The City is contingently liable with respect to lawsuits and other claims that arise in the ordinary course of its operations. It is the opinion of City management and the City Attorney that any loss not covered by insurance reserves or fund balance commitments that may ultimately be incurred as a result of the suits and claims will not be material and thus will not have a substantial financial impact.

**C. Waste-To-Energy Facility**

The City has a waste disposal commitment to the Waste-to-Energy Facility (the "Facility"), which is owned and operated by a private corporation (the "Corporation"). The commitment, which is joint with Arlington County, Virginia (the "County"), is based on a combined volume of solid waste the City and the County expect to collect. The Facility charges the City and the County fees on each ton based on a waste disposal agreement and contracts separately with private haulers for additional waste. It is expected that the City and the County will be able to continue to meet their minimum requirement for annual tonnage of 46,000 to 66,000 tons per year. The City and the County can adjust the tonnage thresholds annually if it appears the annual tonnage is approaching a minimum or maximum threshold.

The construction of the Facility was originally financed with revenue bonds issued by the Alexandria Industrial Development Authority in 1984. The Arlington Solid Waste Authority, together with the Alexandria Sanitation Authority (the "Authorities") and the Corporation, refinanced these bonds in July 1998 to achieve debt service savings. Additionally, the Authorities issued new bonds in November 1998 to finance the retrofit of the Facility to meet Clear Air Act requirements. This retrofit was completed by November 9, 2000 in advance of the EPA deadline of December 19, 2000. The retrofit assets continue to be owned by the Authorities. Upon the maturity of the bond in January 2008, the ownership of the plant (but not the land it sits on, which is jointly owned by Alexandria and Arlington) passed to the Corporation.

Acceptance testing on each unit was completed in November 2000, and the Operating Lease agreement between the Authorities and the Corporation took effect in January 2001. Since the lease is essentially a capital lease, the capital assets completed and covered by the lease and the promissory note are removed from the City records and are now considered a part of the plant.

By December 2012 all the related revenue bond debt service had been paid in full. A new Facilities Monitoring Group ("FMG") was established, and a new trust fund was set up to fund FMG'S activities. It is funded entirely by contributions from the County (60%) and the City (40%). The FMG budget for FY 2021 was \$118,000 and according to the interjurisdictional agreement the City's contribution was \$47,200. Operating costs of the Facility are paid for primarily through tipping fees. The City paid \$1,015,413 in tipping fees in FY 2021 and is anticipating a similar cost in FY 2022.

**D. Northern Virginia Transportation District Bonds**

In November 1999, the City signed an agreement with the Commonwealth Transportation Board to provide \$256,070 annually, subject to appropriation, to finance certain Northern Virginia Transportation District Bond projects benefiting the City and other jurisdictions in Northern Virginia..

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 8. COMMITMENTS AND CONTINGENCIES (Continued)**

**E. Federal and State Sanitary and Stormwater Requirements**

The City is facing increased state and federal regulatory mandates associated with sanitary sewer and stormwater management requirements to protect and enhance the water quality in our local streams, the Potomac River, and the Chesapeake Bay. For Alexandria, this means approximately \$400 to \$600 million in investments to its combined sewer system over the next 6 years, as well as investing between \$65 million to \$100 million to for the implementation and maintenance of stormwater infrastructure over the next decade.

Because of state and federal regulations mandating the improvement of Chesapeake Bay water quality for the six states and the District of Columbia that comprise the Bay's watershed, municipalities must make significant capital investments in stormwater management infrastructure. Virginia municipalities in the Bay watershed that are regulated by a municipal separate storm sewer system (MS4) permit that for urban stormwater discharges must achieve increasing pollution reduction goals enforced through three 5-year MS4 permit cycles. Accordingly, the City was required to achieve 5 percent of the pollution reduction targets during the 2013 – 2018 permit, with an additional 35% (40% total) required by the end of the current 2018-2023 MS4 permit, and the remaining 60% (100% total) on or before the end of the 2023 – 2028 MS4 permit as part of the Stormwater Management Program. The estimated cost of Stormwater Management Program infrastructure improvements over this period is between \$50 million and \$75 million. Additionally, the region and the City have experienced unprecedented intense rainfall events that are occurring more frequently and creating urban and flash flooding that threatens homes and businesses, causing damages to structures and endangering lives. Effective January 1, 2018, the City Council adopted a Stormwater Utility Fee as a dedicated funding source to perform operations and maintenance of existing and new stormwater management infrastructure, and to provide cash capital and funding of debt service to implement new stormwater management infrastructure improvements to meet the state and federal mandates in the MS4 permit and to mitigate the occurrence and impacts of flooding from more frequent and intense storm events. Collection of this fee began in Calendar Year 2018, with the typical single-family home billed approximately \$140 per year.

The City also maintains the wastewater collection system serving residents and businesses that comprises of approximately 240 miles of sewers. Alexandria Renew Enterprises, an independent governmental authority, provides wastewater treatment services to most of the City and to a portion of southern Fairfax County. The current Alexandria Renew Enterprises treatment facility has a treatment capacity of 54 million gallons per day ("MGD"), of which 60 percent is allocated to Fairfax County and 40 percent to the City. Based on City new development build-out projections, the City's allocated capacity is projected to be approaching full utilization by about 2040. Based on these projections, an additional 4 MGD capacity will be needed beyond 2040. In order to provide this additional capacity for City, alternatives need to be evaluated that may include purchasing portion of Fairfax's capacity at the plant and/or implementing plant systems upgrades.

In addition to federal mandates concerning the Chesapeake Bay, the 2017 Virginia General Assembly (CSO) Combined Sewer Outflow Law (CSO Law) required the City to accelerate its efforts to address combined sewer discharges from all four outfalls in the City. A CSO system in Old Town currently comprises approximately 540 acres of the approximate 10,000 acres of land in the City. The CSO Law mandated construction for each outfall be completed no later than July 1, 2025. On April 14, 2018, City Council adopted a new Long Term Control Plan Update ("LTCPU") also known as the RiverRenew program. The LTCPU was developed as a partnership between the City and Alexandria Renew Enterprises, which allowed for the leveraging of both the City's and Alexandria Renew Enterprises' experience and abilities. City Council also authorized transfer of Combined Sewer Outfalls to Alexandria Renew Enterprises. Accordingly, the Outfall Transfer Agreement was executed and combined sewer outfalls were transferred to Alexandria Renew Enterprises effective July 1, 2018.

The RiverRenew program led by Alexandria Renew Enterprises is anticipated to cost \$615 million with the goal of reducing overflows from the Combined Sewer System from an average of about 70 events to less than 4 per year. In 2019, the Virginia General Assembly approved \$25 million in State support for this project. The City and Alexandria Renew Enterprises are currently seeking an additional \$65 million from the State upcoming biennial

**NOTE 8. COMMITMENTS AND CONTINGENCIES (Continued)**

budgets. The outfall transfer allows Alexandria Renew Enterprises to own all of the combined sewer outfalls and then finance and contract to own the proposed River Renew project, consisting of a unified tunnel and dual use wet weather treatment infrastructure. Alexandria Renew Enterprises would also debt finance this CSO project and increase its user rates to repay bonds issued for the CSO project. The City continues to coordinate with Alexandria Renew Enterprises on wet weather flow management mitigation initiatives, such as City's infiltration and inflow program, and RiverRenew program.

**NOTE 9. LONG-TERM DEBT**

**General Obligation Bonds** - The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the City. These bonds are subject to the provisions of the Internal Revenue Code of 1986 related to arbitrage and interest income tax regulations under those provisions. The City currently has no outstanding arbitrage obligation. General obligation bonds outstanding as of June 30, 2021, are comprised of the following individual issues:

1.	\$49.8 million General Obligation Refunding Bond of 2020, installments ranging from \$0.39 million to \$9.99 million through 2033, bearing interest rates ranging from 0.45 to 1.95 percent payable semiannually on June 15 and December 15, and maturing on June 15, 2033. The Bonds will be subject to optional redemption in whole or in part at the direction of the City on or after June 15, 2030.	\$	49,800,000
2.	\$204.0 million General Obligation Capital Improvement Bonds of 2019, installments ranging from \$0.5 million to \$46.2 million through 2050, bearing interest rates ranging from 2.1 percent to 5.0 percent payable semiannually on January 15 and July 15, and maturing on July 15, 2050. The Bonds will be subject to optional redemption in whole or in part at the direction of the City on or after July 15, 2030.		204,080,000
3.	\$40.9 million General Obligation Capital Improvement Bonds of 2018, installments ranging from \$0.75 million to \$2.15 million through 2038, bearing interest rates ranging from 2.9 percent to 5.0 percent payable semiannually on January 15 and July 15, and maturing on July 15, 2038. The Bonds will be subject to optional redemption in whole or in part at the direction of the City on or after July 15, 2028.		38,675,000
4.	\$34.9 million General Obligation Refunding Bond of 2017, installments ranging from \$3.0 million to \$4.0 million through 2030, bearing interest rate 5.0 percent payable semiannually on January 1 and July 1, and maturing on July 1, 2030. The Bonds are not subject to optional redemption prior to their maturities.		34,905,000
5.	\$102.2 million General Obligation Refunding Bond of 2017, installments ranging from \$0.5 million to \$11.7 million through 2032, bearing interest rates ranging from 3.0 percent to 5.0 percent payable semiannually on January 1 and July 1, and maturing on July 1, 2032. The Bonds will be subject to optional redemption in whole or in part at the direction of the City on or after July 1, 2027.		94,570,000
6.	\$4.4 million General Obligation Capital Improvement Bonds of 2017 (taxable), installments ranging from \$0.21 million to \$0.22 million through 2037, bearing interest rates ranging from 2.4 percent to 3.4 percent payable semiannually on January 15 and July 15, and maturing on July 15, 2037. The Bonds will be subject to optional redemption in whole or in part at the direction of the City on or after July 15, 2027.		3,720,000
7.	\$94.7 million General Obligation Capital Improvement Bonds of 2017 (tax exempt), installments ranging from \$2.0 million to \$5.0 million through 2037, bearing interest rates ranging from 2.0 percent to 5.0 percent payable semiannually on January 15 and July 15, and maturing on July 15, 2037. The Bonds will be subject to optional redemption in whole or in part at the direction of the City on or after July 15, 2027.		84,685,000
8.	\$34.2 million General Obligation Refunding Bond of 2016 (tax exempt), installments ranging from \$0.4 million to \$4.1 million through 2031, bearing interest rate 1.9 percent payable semiannually on January 15 and July 15, and maturing on July 15, 2031. The City irrevocably exercises its option to redeem all the refunded bonds on the redemption date.		32,657,000
9.	\$73.7 million General Obligation Capital Improvement Bonds of 2016 (tax exempt), installments ranging from \$1.4 million to \$4.0 million through 2036, bearing interest rates ranging from 2.0 percent to 5.0 percent payable semiannually on January 15 and July 15, and maturing on July 15, 2036. The Bonds will be subject to optional redemption in whole or in part at the direction of the City on or after July 15, 2026.		63,920,000
10.	\$10.6 million General Obligation Refunding Bonds (taxable) of 2015, installments ranging from \$1.0 million to \$1.1 million through 2028, bearing interest rates ranging from 0.9 percent to 3.5 percent payable semiannually on January 15 and July 15 and maturing on July 15, 2028. The Bonds will not be subject to optional redemption prior to maturity.		5,485,000
11.	\$23.2 million General Obligation Capital Improvement (tax-exempt) Bonds of 2015, installments ranging from \$1.1 million to \$1.2 million through 2035, bearing interest rates ranging from 3.0 percent to 5.0 percent payable semiannually on January 15 and July 15. The Bonds are subject to optional redemption in whole or in part at the discretion of the City on or after July 15, 2025.		17,390,000

**NOTE 9. LONG-TERM DEBT (Continued)**

The requirements to pay all long-term bonds as of June 30, 2021, including interest payments of \$233.5 million, are summarized as follows:

<u>Fiscal Year</u>	<u>Serial Bonds Principal</u>	<u>Interest</u>
2022.....	\$ 45,546,000	\$ 24,171,420
2023.....	46,934,000	22,061,402
2024.....	43,842,000	20,316,049
2025.....	43,614,000	18,634,234
2026.....	41,546,000	16,913,681
2027-2031.....	191,796,000	60,630,884
2032-2036.....	116,454,000	34,086,714
2037-2051.....	174,385,000	36,667,266
	<u>\$ 704,117,000</u>	<u>\$ 233,481,650</u>

The General Fund meets debt service requirements for general obligation bonds. The City retains the liability for the portion of general obligation bonds issued to fund capital projects of the Schools. The City received \$0.3 million in Build America Bonds interest subsidy payments in early FY 2021. All Build America Bonds have been refunded and the City will receive no additional interest subsidy payments.

**Legal Debt Margin** - The City has no overlapping debt with other jurisdictions. As of June 30, 2021, the City had a legal debt limit of \$4.3 billion and a debt margin of \$3.5 billion:

Assessed Taxable Value of Real Property, January 1, 2020	\$43,826,796,330
Constitution Debt Limit (10% of Assessed Taxable Value)	4,382,679,633
Outstanding General Obligation Indebtedness as of June 30, 2021	
Governmental Activities – General Obligation Debt	<u>704,117,000</u>
Net Indebtedness subject to debt limit	<u>704,117,000</u>
Legal Debt Margin Remaining	\$3,678,562,633
Percentage of net debt margin available	83.9%

**Unissued Bonds** - Bond authorizations expire three years from the effective date of the respective bond ordinances. Authorization of bonds, bonds issued and expired during the fiscal year ended June 30, 2021, are summarized below:

	<b>Authorized and Unissued <u>July 1, 2020</u></b>	<b><u>Authorized</u></b>	<b><u>Issued</u></b>	<b><u>Expired</u></b>	<b>Authorized and Unissued <u>June 30, 2021</u></b>
General Obligation Bonds	\$28,075,000	\$336,800,000	\$0.00	\$28,075,000	\$336,800,000

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 9. LONG-TERM DEBT (Continued)**

On November 11, 2020, the City Council issued \$49.8 million in General Obligation Refunding Bonds. The \$49.8 million in bonds were issued with an original premium of \$89,196 and a true interest cost of 1.45 percent.

The City has not issued any revenue anticipation notes at any time for the past two decades. On July 10, 2018, the City secured lines of credit totaling up to \$250 million to assist with cash flow for the Potomac Yard Metrorail Station project. The Station is being funded from a number of sources that are structured as reimbursement funding, including a Northern Virginia Transportation Authority grant. The City has also secured a Virginia Transportation Infrastructure Bank loan. The lines of credit will be available for five years and will be used for cash flow purposes, to fund various capital improvement projects, enabling the City to save debt service costs of general obligation bonds.

Other short-term liabilities represent unclaimed money and deposits.

On January 26, 2021, City Council passed a reimbursement resolution, declaring the intent to use on hand bond resources to make expenditures and then reimburse itself from the proceeds of future debt obligations for capital expenditures. These expenditures of up to \$120 million are for projects already approved in the Capital Improvement Program in FY 2020 and FY 2021. The obligations are anticipated to finance projects for the Alexandria City Public Schools in the amount of \$90 million, projects related to city buildings and facilities in the amount of \$10 million and sewer infrastructure projects totaling \$20 million. The general obligation bonds are expected to be issued in the Fall of 2021 and 2022.

**Changes in Long-Term Liabilities** - Changes in the total long-term liabilities during the fiscal year ended June 30, 2021 are summarized below. In general, the City uses the General Fund to liquidate long-term liabilities.

	Balance			Balance		Amounts Due Within One Year
	July 1, 2020	Additions	Reductions	June 30, 2021		
General Obligation Bonds	\$ 747,911,000	\$ 49,800,000	\$ 93,594,000	\$ 704,117,000	\$ 47,529,000	
Bond Premium	77,388,708	87,196	5,811,536	71,664,368	5,811,536	
Workers' Compensation Claims	21,309,057	2,931,873	4,293,674	19,947,256	3,810,293	
Accrued Compensated Absences	28,202,197	14,043,849	13,419,253	28,826,793	3,536,580	
Net Pension Liability	185,290,567	-	64,506,460	120,784,107	-	
Net OPEB Liability	50,704,397	-	26,320,913	24,383,484	-	
<b>Total</b>	<b>\$ 1,110,805,926</b>	<b>\$ 66,862,918</b>	<b>\$ 207,945,836</b>	<b>\$ 969,723,008</b>	<b>\$ 60,687,409</b>	

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities in the governmental funds. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due.

All liabilities – both current and long-term – are reported in the Statement of Net Position. The adjustment from modified accrual to full accrual is as follows:

Balances at June 30, 2021:	
Long-term liabilities (detail above)	\$ 969,723,008
Accrued interest payable	<u>1,094,386</u>
Adjustment	<u>\$ 970,817,394</u>

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 9. LONG-TERM DEBT (Continued)**

Under the modified accrual basis of accounting used in the fund financial statements for the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the government-wide statement of activities, however, which is presented on the accrual basis, expenses are reported regardless of when financial resources are available. In addition, interest on long-term debt is recognized under the modified accrual basis of accounting when due, rather than as it accrues. This adjustment from modified accrual to full accrual is composed of the following items:

Compensated absences	\$	624,596
Workers compensation		(1,361,801)
Discount and interest		(5,724,340)
Accrued interest on bonds		(271,671)
Net Adjustment	\$	<u>(6,733,216)</u>
Change in Pension Liability		(64,506,460)
Change in OPEB Liability		(26,320,913)
Net Adjustment	\$	<u>(90,827,373)</u>

The adjustment from modified accrual basis to full accrual for pension and OPEB is comprised of pension expense net of pension contributions and OPEB expense net of OPEB contributions.

**Pension and OPEB Adjustment**

**Refunding Bonds**

**Prior-year Defeasance of Debt**

In prior years, the City defeased certain general obligation and other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City's financial statements. On June 30, 2021, \$136.86 million of bonds outstanding were considered defeased.

Primary government transfer activities include:

Transfers from the General Fund to the Special Revenue Fund represent City funds required to match grant programs resources and taxes collected for affordable housing projects and to fund transportation agreements. In addition, the City transferred \$6.6 million in capital assets to Alexandria Transit in FY 2021.

Special Revenue funds are transferred to other funds for capital and equipment purchases as determined by the terms of the grant agreements.

Transfers from the General Fund to the Capital Projects fund represent the City's budgeted pay-as-you go funding of capital projects.

Transfers from Special Revenue funds to Capital Projects represent grants received for capital related expenditures.

Transactions with the component units represent budgeted subsidies for the school operations and capital projects and library operations.

**NOTE 11. GRANTS**

The City receives financial assistance from numerous federal, state, and local governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and a condition specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed disbursements resulting from such audits could become a liability of the City. In the opinion of City management, no material refunds will be required as a result of unallowed disbursements (if any), by the grantor agencies.

**NOTE 12. INTERGOVERNMENTAL REVENUES**

Intergovernmental revenues for the City and its component units totaled \$233.0 million in FY 2021. Sources of these revenues were as follows:

<b>GOVERNMENTAL FUNDS</b>	
Federal Government	\$ 63,615,848
Commonwealth of Virginia	<u>83,941,110</u>

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 14. JOINT VENTURES**

A joint venture is a legal entity or other organization that results from a contractual arrangement and is owned, operated, or governed by two or more participants as a separate and specific activity subject to joint control, in which the participants retain: (1) an ongoing financial interest or (2) an ongoing financial responsibility.

**A. Northern Virginia Criminal Justice Academy**

The City participates in a joint venture with the Counties of Arlington and Loudoun and the Cities of Fairfax, Falls Church, Manassas, and Manassas Park to provide training for sworn law enforcement and correctional officers to satisfy requirements mandated by the Commonwealth of Virginia. The Industrial Development Authority of Loudoun County, Virginia issued \$6.6 million in Northern Virginia Criminal Justice Academy Lease Revenue Bonds, Series 1993, to finance the acquisition, renovation, and equipment of the Academy Training Center. The City and the Counties of Arlington and Loudoun have entered into a capital lease with the Industrial Development Authority of Loudoun County. The City maintains an equity interest only in the land and building of the Academy, which is reflected in the City's Statement of Net Position. The City does not maintain an equity interest in the Academy's operations. This lease was paid in full in FY 2007. New debt of \$18.7 million was issued in FY 2007. The City does not have an equity interest associated with this debt. In addition, the City pays the Northern Virginia Criminal Justice Academy for operating costs based on the pro-rata share of officers trained. In FY 2021, the City paid \$0.7 million for operating costs.

Financial statements for the Academy may be obtained at Northern Virginia Criminal Justice Academy, 45299 Research Place, Ashburn, Virginia 22011-2600.

**B. Northern Virginia Juvenile Detention Home**

The City participates in a joint venture with Arlington County and the City of Falls Church to operate a regional juvenile detention home. In July 1993, the City agreed to fund 55.3 percent of the construction costs of a new facility. The final construction payments were made in FY 1995. In addition, the City pays part of the Northern Virginia Juvenile Detention Home's operating costs based on the number of beds utilized by Alexandria residents. These payments totaled \$1.5 million in FY 2021.

The City does not maintain an equity interest in the detention home. Complete separate financial statements for this operation may be obtained from Northern Virginia Juvenile Detention Home, 200 South Whiting Street, Alexandria, Virginia 22304.

**C. Washington Metropolitan Area Transit Authority**

As discussed in Note 8, the City participates in a joint venture with other local jurisdictions to share in the cost of a regional transportation system. The City does not maintain an equity interest in WMATA. Complete financial statements of WMATA may be obtained from WMATA, 600 5th Street, N.W., Washington, DC 20001.

**D. Virginia Railway Express (VRE)**

In July 2014, the City entered an amended agreement with the Northern Virginia Transportation Commission (NVTC), the Potomac and Rappahannock Transportation Commission (PRTC), and several jurisdictions in Northern Virginia to provide commuter rail services. The commuter rail service is known as Virginia Railway Express (VRE). In fiscal year 2021, the City made payments of \$0.1 million to VRE.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 15. RELATED PARTY TRANSACTIONS**

Related parties include, but are not limited to, members of the governing board, administrative boards or commissions, administrative officials and their immediate families, component units and joint ventures, and affiliated or related organizations that are not included as part of the financial reporting entity, and transactions with related parties are defined.

**A. Alexandria Housing Development Corporation (AHDC)**

AHDC is an affordable housing provider.

**The Station at Potomac Yard**

The City established a related party agreement for The Station at Potomac Yard Apartments project in 2008. This project was developed via a joint venture with a local non-profit housing group, AHDC, and Pulte Homebuilders. None of these related entities are active and plans are to dissolve the limited liability corporation (LLC) that was formed for the project. Due to warranty/liability issues, the LLC was required to be maintained for several years after construction was completed in 2009 and is operational and occupied.

**The Bloom (Carpenter Shelter Project)**

In December 2016 City Council approved a loan in the amount of \$7.1 million for AHDC's Bloom project. In June 2018, the project was awarded LIHTC credits by VHDA. On September 11, 2018 City Council approved additional loan funds in the amount of \$1.7 million for the project. The project is scheduled to be completed in November 2020 and is operational and occupied.

**B. Arlington Housing Corporation, Inc (AHC)**

AHC is an affordable housing provider.

**East Reed LLC (ERLLC)**

In February 2013, the City of Alexandria created a special purpose entity, ERLLC, to enter into a public-private partnership arrangement with nonprofit housing developer, AHC, to develop 78 units of affordable housing. The project was completed in 2014 and is operational and occupied.

Following ERLLC's establishment, a parcel of City-owned land located at 3600 Jefferson Davis Highway (the 3600 parcel), and required to complete AHC's assemblage for the development, was transferred into the LLC. ERLLC later joined the tax credit partnership formed by AHC and its tax credit investor, as a Special Limited Partner, with the 3600-parcel providing the City's equity stake. While ERLLC's interest in the tax credit entity is de minimis, the City had specific governance and oversight participation rights that were detailed in a March 2013 agreement between the City and AHC. These rights were later incorporated into the City's loan agreement with AHC. In addition to the land parcel, the City provided a \$2.5 million residual receipts loan agreement.

**St. James Plaza**

On January 24, 2015, City Council approved a loan in the amount of \$5.7 million for the AHC St James Plaza project. In June 2015, the project was awarded LIHTC credits by VHDA. The project was completed in 2018 and is operational and occupied.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 15. RELATED PARTY TRANSACTIONS (Continued)**

**Church of Resurrection**

On January 20, 2018, the City Council approved a loan in the amount of \$9.0 million for the AHC Church of the Resurrection project. In June 2018, the project was awarded LIHTC credits by VHDA. On April 23, 2019 City Council approved an additional \$0.9 million. The City has distributed \$0.4 million in predevelopment funds previously and closed on the full loan in FY 2019 with all funds now disbursed. The project was completed in Spring 2021 and is operational and occupied.

**C. Alexandria Redevelopment and Housing Authority (ARHA)**

ARHA is a public agency established under the Housing Authority Law, Chapter 1 Title 36 of the Code of Virginia of 1938. The agency develops a variety of housing projects around the City.

**Ramsey Homes**

On May 22, 2018 the City Council approved a loan in the amount of \$3.6 million for ARHA's Ramsey Homes project. In June 2017, the project was awarded LIHTC credits by VHDA. On October 22, 2019 the City Council approved additional loan funds in the amount of \$1.4 million for ARHA's Ramsey Home project. The project was completed in Spring 2021 and is operational and occupied.

**D. Wesley Housing Development Corporation (Wesley)**

Wesley is an affordable housing provider.

**The Waypoint**

On November 17, 2018, the City Council approved a loan in the amount of \$7.65 million for the Wesley Waypoint project. In June 2019, the project was awarded LIHTC credits by VHDA. The City has distributed \$0.4 million in predevelopment funds previously and closed on the full loan in FY 2021 with all funds now disbursed. The project is schedule to be completed in Spring/Summer 2022.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB)**

**PRIMARY GOVERNMENT**

In 1989 City Council voted to establish three classes of post-employment health care benefits to supplement the increasing health care costs for City retirees. The three classes are as follows: (a) Full Time City employees who are eligible to retire under the Virginia Retirement System and City Supplemental Retirement Plan; (b) Fire and Police employees who are eligible to retire under the current defined benefit pension plan; and (c) Fire and police employees who retired and were eligible for normal retirement with 20 years of service under the old defined contribution retirement income plan and the retirees under the old defined benefit pension. In addition, spouses of deceased retirees are also eligible to receive benefits under this provision.

Full-time employees who retire under a primary City-sponsored retirement plan may continue to participate in a City-sponsored health insurance plan as a retiree. The City also offers a reimbursement program that is based on the actual cost of the retiree's monthly health care premium up to a maximum amount determined by the City Council. Eligibility is contingent upon the retiree providing proof of participation and payment to a health insurance plan. In FY 2021, 386 retirees participated in the reimbursement program. The maximum monthly amount an eligible retiree or a surviving spouse may receive is \$260. The City Council has authority to establish or amend the provisions. In FY 21, the City contributed on a "pay-as-you-go" basis at the rate of up to \$260 per month for each retiree, for a total annual contribution of \$2.4 million. Employees hired after June 30, 2008 have their retirees' health benefits prorated based on the length of service.

In addition to the healthcare benefits, the City pays for basic life insurance to regular full-time employees hired prior to July 1, 2009, at no cost to the employee. At retirement, full-time regular employees hired before July 1, 2009, are eligible for basic life insurance at two times their salary as of the last January 1<sup>st</sup> rounded up to the nearest \$1,000, with applicable reductions after age 65. On January 1, following the 65th birthday, the basic life insurance amount is reduced by 25 percent and then by 10 percent each year until the 70th birthday. The ultimate insurance amount is 25 percent of the salary.

The City follows the guidance in Statements No. 74 and 75 of the Governmental Accounting Standards Board (GASB), Accounting and Financial Reporting by Employers for Post-Employment Benefits Other than Pensions.

The City does not issue a stand-alone financial report for the OPEB Trust Fund. The financial statements and required supplementary information are included in the City's Annual Comprehensive Financial Report.

**Plan Administration**

The City's OPEB Plan, which includes the Line of Duty Act benefits (LODA), is one plan and is overseen by the OPEB Plan Board. The board must be comprised of at least three members including the Chief Financial Officer, the City Finance Director, and at least one other member who is an employee or citizen of the City with "proven integrity, business ability, and demonstrated experience in cash management and in investments". The citizen/employee is nominated by the City Manager and approved by City Council. The City OPEB Board adopts a realistic actuarial rate of return for the Plan and recommends the level of contributions needed to keep the Plan financially sound. City Council approves the contribution level.

**Method Used to Value Investments**

Investments are valued at fair value. The City does not have any OPEB investments, other than U.S. Government and U.S. Government guaranteed obligations, in any one organization that represents five percent or more of the net assets held in trust for OPEB investments.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

**Investment Policy**

The City OPEB Plan has two components: cash payments for Medical Insurance, and Life Insurance. The objective of the Medical Insurance and Life Insurance components is to preserve actuarial soundness in order to meet contractual benefit obligations. In striving to attain these objectives, the Plan will be managed in a manner consistent with three fiduciary standards. First, all transactions shall be made in the sole interest of the participants and their beneficiaries. Second, that all investments shall be made with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in an expert-like capacity and familiar with such matters would use. Third, that all entities dealing with the plan are required to disclose conflicts of interest as soon as they become apparent. The following was the City's asset allocation as of June 30, 2021.

**Target Allocations**

<u>Asset Class</u>	<u>Target Allocation</u>
Large Cap Growth	10%
Large Cap Value	15%
Mid Cap Core	10%
Private Equity	5%
Small Cap Core	5%
International Developed Markets	10%
Emerging Markets	15%
Fixed Income Domestic	10%
Tactical Asset Allocation	5%
Timber	5%
Real Estate	5%
Farmland	5%
Total	<u>100%</u>

**Rate of Return**

For the year ended June 30, 2021, the annual money-weighted rate of return on investments, net of investment expense, was 34.50 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts invested.

The long-term expected rate of return on OPEB plan investments was determined using the last twenty years of return for the index, as of the fiscal year end, for each asset class in which funds were invested, taking the arithmetic mean and adjusting it for inflation of 2.50 percent. The long term expected rates of return for each major asset class as of June 30, 2021 are summarized in the following table.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

Return	8.4%
Inflation	2.2%
Return w/ Inflation	10.6%
Risk Adjustment	-1.5%
Total Expected Arithmetic Nominal Return	9.1%

**Discount Rate**

The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Projections of the Plan's fiduciary net position have indicated that it is expected to be sufficient to make projected benefit payments for current Plan members. The actuarial liability, normal cost, and expected benefit payments were projected for the remaining lifetimes of the closed group population as of December 31, 2020. An expected contribution rate is calculated each year based on the current funding policy. The long-term expected rate of return used for funding purposes in the December 31, 2020 actuarial reports was 7.00 percent.

**Membership**

At January 1, 2021, membership consisted of:  
Retirees and Beneficiaries Currently Receiving

Benefits	1,537
Terminated Employees Entitled to Benefits But not yet receiving them	---
Active Employees	<u>2,301</u>
TOTAL	<u>3,838</u>

**Contributions**

The City established a Single Employer Other Post-Employment Benefit Trust Plan (OPEB) and funds the obligation through this Trust Fund using a phased in approach. There are no legal or contractual requirements for contributing to the OPEB Trust Fund. Line of Duty Act (LODA) is part of the OPEB Trust Fund. OPEB Trust Fund contributions are comprised of contributions to the Trust Fund and Pay-Go Contributions.

	<u>OPEB</u>	<u>LODA</u>	<u>Total</u>
Trust Fund Contributions	\$ 88,830	\$ 1,050,000	\$ 1,138,830
Pay Go Contributions	5,891,226	1,474,508	7,365,734
	<u>\$ 5,980,056</u>	<u>\$ 2,524,508</u>	<u>\$ 8,504,564</u>

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

**Annual OPEB Costs and Net OPEB Liability**

The City is responsible for funding benefits required under the Virginia Line of Duty Act. LODA retirees must elect a plan administered through the Virginia Department of Human Resources (DHRM). The City pays DHRM the premiums for covered retirees, spouses, and widows. The OPEB Trust Fund is comprised of regular OPEB benefits and LODA benefits. Separate actuarial reports are generated for each plan.

The City's GASB requirements fall under GASB 74 and 75 and the entire OPEB liability has been recorded on the balance sheet. Under the current method of actuarial funding, the City contributes the entire Actuarially Determined Contribution (ADC). The ADC decreased from \$7.3 million as of June 30, 2020 to \$3.6 million as of June 30, 2021.

The Statement of Fiduciary Net Position for the City's OPEB plan is included as Exhibit VIII and in note 17.

Actuarial valuations of the plan involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Examples include assumptions about the future employment, mortality, and the healthcare cost trend. The actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

**Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of each valuation and historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of calculations. The actuarial assumptions for the Fire and Police Members are the assumptions that were adopted by the City of Alexandria Firefighters and Police Officers Pension Plan Board based upon the results of an actuarial experience study covering the period July 1, 2013 through June 30, 2017. The actuarial assumptions for the City Members are similar to the assumptions that were adopted by the City of Alexandria Supplemental Retirement Plan Board based upon the results of an actuarial experience study covering the period July 1, 2010 through June 30, 2015. The City is now offering a high deductible health plan option for both UHC and Kaiser, but very few retirees are participating. Changes made can be referenced in the Required Supplemental Information.

In the actuarial valuations the same mortality rates are used for both OPEB and LODA. Mortality rates for Fire and Police were based on the SOA RP-2014 Blue Collar Mortality Table adjusted to 2006 and projected fully generationally with scale MP-2017. The mortality rates for City employees were based on the RP-2000 Combined Mortality Table sex distinct for base rates. For mortality improvement, rates were projected generationally from the base year using a modified version of the MP-2015 projection scale. Disability mortality rates for Fire and Police were based on SOA RP-2014 Disabled Retiree Mortality Table, adjusted to 2006 and projected fully generationally with scale MP-2017. The disability mortality rates for City Employees were based on 70 percent of PBGC Disabled Mortality Table 5a for males, and 90 percent PBGC Disabled Mortality Table 6a for females.

For the December 31, 2020 actuarial valuations, the following assumptions apply to both OPEB and LODA valuation reports. The investment rate used was 7.00 percent. The entry-age actuarial cost method was used. For OPEB an annual medical cost trend rate of 6.90 percent for 2021 grading down to 3.12 percent over 19 years was used. For LODA non-Medicare an annual medical cost trend rate of 6.75 percent for 2021 grading down to 4.75 percent over 8 years, 5.25% for 2021 grading down to 4.75 percent over 3 years for Medicare was used. Salary scale ranges were from 3.25 percent for Fire and Police and 3.25 percent for City employees depending on service with 3.25 percent attributable to inflation. The plan's unfunded actuarial accrued liability is being amortized as a level dollar of projected payroll on a closed basis. Asset valuation method used was market value and the remaining amortization period as of December 31, 2020 was 17 years.

**Total OPEB Liability**

The City of Alexandria's total OPEB liability of \$139,572,858 was measured as of June 30, 2021 and was determined by an actuarial valuation as of December 31, 2019, projected to June 30, 2021. Measurements as of the reporting date are based on the fair value of assets as of June 30, 2021 and the Total OPEB Liability as of the valuation date, December 31, 2019, updated to June 30, 2021. There were no significant events between the valuation date and the measurement date.

**OPEB Trust**

The table below summarizes investments managed by the City of Alexandria in accordance with the fair value hierarchy established by the generally accepted accounting principles. Fair value is defined as the quoted market value on the last trading day of the period. The hierarchy is based on the valuation inputs used to measure the fair value of assets.

Level 1 – Quoted prices in active markets for identical assets or liabilities. During fiscal year 2021, \$11.5 million worth of investments were evaluated and classified in Level 1 of the fair value hierarchy.

Level 2 – Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active or inputs that are observable market data. Level 2 assets include Alexandria's mutual funds and money market funds. Alexandria's mutual funds and money market funds have both equity and fixed income securities as the underlying. While the pricing of the funds is only observable daily, the underlying inputs are continuously observable. The underlying equities are observable through quoting services, while the underlying fixed income instruments pricing is determined through both observable market quotes and market pricing determined using matrix valuation using similar securities. During fiscal year 2021, \$63.6 million worth of investments were evaluated and classified in Level 2 of the fair value hierarchy.

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

**COMPONENT UNIT – ALEXANDRIA CITY PUBLIC SCHOOLS (ACPS)**

**A. ACPS OPEB Trust Fund**

**Plan Description**

The School Board administers a single-employer defined benefits healthcare plan. It provides medical insurance benefits to eligible retired school employees and beneficiaries. In May 2009, the School Board authorized the establishment of a trust for the purpose of accumulating and investing assets to fund Other Post Employment Benefits.

ACPS invests the OPEB Trust Fund's assets with the Virginia Pooled OPEB Trust Fund (Pooled Trust) sponsored by the Virginia Association of Counties and the Virginia Municipal League (VACo/VML). The Pooled Trust is an investment pooling vehicle created to allow participating local governments, school divisions, and authorities in the State to accumulate and invest assets to fund other post-employment benefits. Funds of participating jurisdictions are pooled and invested in the name of the Pooled Trust. ACPS' respective shares in the Pooled Trust are reported in the OPEB Trust Fund's financial statements. The Pooled Trust is governed by a Board of Trustees (Trustees), composed of nine (9) elected members. Trustees are elected by participants in the Pooled Trust, whose votes are weighted according to each Participating Employer's share of total Trust Fund assets. Investment decisions are made by the Trustees of the Pooled Trust. The Trustees are responsible for managing Pooled Trust assets through the appointment and oversight of investment managers and with the guidance of an investment advisor.

**Eligibility**

Participants in the ACPS Plan must meet the eligibility requirements based on service earned with ACPS and prior service earned from other Virginia agencies to be eligible to receive benefits upon retirement. Participants who do not retire directly from active service are not eligible for the benefits. In addition, participants must meet one of the following criteria:

VRS Tier 1:

- Attained the age of 50 with at least 30 years of service for unreduced pension retirement benefits.
- Attained the age of 50 with at least 10 years of service for reduced pension retirement benefits.
- Attained the age of 65 with at least 5 years of service.

VRS Tier 2:

- Age plus service equals 90 for unreduced pension retirement benefits.
- Age 60 with at least 5 years of service for reduced pension retirement benefits.
- Social Security Normal Retirement Age with at least five years of service.

**Benefits**

Program participants may continue medical coverage by paying the appropriate subsidized premium which range from \$0 to \$1,961 monthly, based on the medical plan under which the retiree is covered. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the program on average than those of active employees. The subsidies in this program are accounted for in the ACPS OPEB Trust Fund. In FY 2021, ACPS contributed up to \$265 for each participant.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

For employees hired July 1, 2008 or earlier: ACPS contributes \$265 per month for retiree medical coverage. This Board contribution will not exceed the premium for the coverage tier elected. The retiree and dependents pay the remainder of the premium, if any.

For employees hired after July 1, 2008: The retiree must complete five years of vesting service with ACPS to receive a Board contribution. ACPS contributes a pro-rated amount of \$265 per month equal to 5% per year of service with ACPS (including the five vesting years) and other VRS employers for retiree medical coverage. A maximum of 15 years of service will be credited toward the contribution made by ACPS. This Board contribution will not exceed the premium for the coverage tier elected. The retiree and dependents pay the remainder of the premium, if any.

**Actuarial Assumptions**

The key actuarial assumptions used in the January 1, 2020 valuation are reflected in the chart below.

<b>Membership and Key Actuarial Assumptions</b>	
Active plan members	2,459
Inactive/Deferred Vested	0
Retirees and spouses	620
Total	3,079
Covered Payroll	\$169,644,131
Long-term Expected Rate of Return	7.0 percent
Salary increases, including Inflation	3.0 percent
Ultimate Rate of Medical Inflation	4.55 percent
Discount Rate	7.0 percent
Healthcare Cost Trend Rates	UHC POS: 9% in 2021 then grading to 4.55% in 2040; UHC MA-PD: -5% in 2021, 9% in 2021 then grading to 4.55% in 2040; Kaiser: 0% in 2021, 6% in 2022 then grading to 4.55% in 2040
Mortality rates:	
- Pre-Retirement	RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at 81 and older with Scale BB to 2020.
- Post-Retirement	RP-2014 White Collar Employee Rates to age 49, White Collar Healthy Annuitant Rates at age 50 and older projected with Scale BB to 2020; males 1% increase compounded from ages 70 to 90; females setback 3 years with 1.5% increase compounded from ages 65 to 74 and 2% increase compounded from ages 75 to 90.
- Post-Disablement	RP-2014 Disabled Mortality Rates projected with Scale BB to 2020; 115% of rates for males and females.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

**Investment Policy**

The Pooled Trust Board of Trustees has the responsibility for managing the investment process. In fulfilling this responsibility, the Trustees will establish and maintain investment policies and objectives. Within this framework, the Trustees will monitor and evaluate the investment managers, bank custodian, and other parties, to monitor whether operations conform to the guidelines and actual results meet objectives. If necessary, the Trustees are responsible for making changes to achieve this. The investment objective of the Pooled Trust is to maximize total long-term rate of return with reasonable risk by seeking capital appreciation and, secondarily, principal protection. The Portfolio will be structured to achieve a compound annualized total expected rate of return over a market cycle, including current income and capital appreciation, of 7.5%. There were no significant changes in investment policy during fiscal year 2021.

The Trustees are responsible for setting each Portfolio's long-term asset allocation, after taking into consideration expectations for asset class returns and volatility, risk tolerance and liquidity needs.

The Pooled Trust's assets will be separately managed by professional investment managers or invested in professionally managed investment vehicles. Each Portfolio will be invested in a broadly diversified manner by asset class, style and capitalization, which will control volatility levels. The target allocation for each class of investment is shown below.

<u>Investment Type</u>	<u>Allocation</u>	<u>Expected Long-Term Rates of Return (real)</u>	<u>Long-Term Arithmetic Weighted Average Real Return</u>
Large Cap Equity (Domestic)	26.00%	7.15%	1.86%
Small Cap Equity (Domestic)	10.00%	8.44%	0.84%
International Equity (Developed)	13.00%	7.94%	1.03%
Emerging Markets Equity	5.00%	9.09%	0.45%
Private Equity	5.00%	10.40%	0.52%
Long/Short Equity	6.00%	5.72%	0.34%
Core Bonds Fixed Income	7.00%	2.58%	0.18%
Core Plus Fixed Income	14.00%	2.86%	0.40%
Liquid Absolute Return Fixed Income	4.00%	3.26%	0.13%
Real Estate Real Assets	10.00%	6.66%	0.67%
Total	<u>100.00%</u>		<u>6.43%</u>
		Inflation	<u>2.75%</u>
		Expected arithmetic nominal return	<u>9.18%</u>

The expected long-term real rates of return in the above table are arithmetic; they are used as inputs for the financial model to arrive at the median returns for the portfolio which are geometric. When calculating the median rates, which are used to set the target rates, the intermediate term rates are used for the first 10 years and the long-term rates for all years thereafter.

**Discount Rate**

The discount rate as of June 30, 2021 is 7.00%, which is the estimated long-term rate of return on Pooled Trust investments. Projections of the Plan's fiduciary net position have indicated that it is expected to be sufficient to make projected benefit payments for current Plan members.

**Measurement Date**

The measurement date used for the OPEB Trust GASB 74 reporting is June 30, 2021.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**

**(Continued)**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

**Concentrations**

There are no investments in any one organization that represent 5 percent or more of the OPEB Trust Fund's fiduciary net position.

**Money-Weighted Rate of Return**

For the year ended June 30, 2021, the annual money-weighted rate of return on investments, net of investment expense, was 30.07%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

**Schedule of Investment Returns**

Last 10 Fiscal Years <sup>(1)</sup>	<u>2021</u>	<u>2020</u>	<u>2019</u>	<u>2018</u>	<u>2017</u>
Annual Money-Weighted Rate of Return Net of Investment Expense	30.07%	3.01%	4.67%	9.52%	13.04%

<sup>(1)</sup>This chart is intended to show information for 10 fiscal years. More data will be added as it become available.

**Net OPEB Liability**

The net OPEB liability at the beginning of the current measurement year is measured as of a valuation date of January 1, 2020 and rolled forward to June 30, 2021. The net OPEB liability at the end of the measurement year, June 30, 2021, is measured as of a valuation date of January 1, 2020 and projected to June 30, 2021. In future years, valuations will be completed every other year, assuming there are no significant events between the years. Each valuation will be rolled forward to provide two years of OPEB liability.

<b>Year Ending June 30,</b>	<b>Amount</b>
2022	\$ (1,444,700)
2023	(1,364,336)
2024	(1,455,654)
2025	(1,621,711)
2026	(620,889)
Thereafter	<u>(877,430)</u>
Total	<u>\$ (7,384,720)</u>

**Contributions**

Contribution requirements of ACPS are established and may be amended by the School Board. The required contributions were actuarially-determined and are based upon projected pay-as-you go financing requirements with additional amount to prefund benefits. The costs of administering the plan are paid for by the OPEB Trust Fund through the use of investment income and employer contributions. For the period ending June 30, 2021, ACPS contributed \$1.7 million for current costs and an additional \$1.0 million to prefund benefits.

The funding policy of ACPS is to contribute the difference between the actuarially determined contribution and the expected explicit subsidy payment to the Trust Fund. Benefit payments, including the implicit subsidy, are paid outside the Trust over the next 8 years. It is anticipated that once the Plan becomes 100% funded, ACPS will switch to paying benefit payments from the Trust. The assets were then projected forward reflecting known contributions through June 30, 2021, and then assuming the funding policy is followed going forward. Using the long-term expected rate of return of 7.0%, the assets are projected to always be greater than the expected benefit payments in any given year.

The following is a summary of fiduciary net position of the Trust as of June 30, 2021:

<b>Summary of Fiduciary Net Position</b>

**B. VRS Employee Health Insurance Credit Program OPEB – Teachers**

**Summary of Significant Accounting Policies**

The Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit (HIC) Program is a multiple-employer, cost-sharing plan. The Teacher Employee HIC Program was established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. The Teacher Employee HIC Program is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired teachers. For purposes of measuring the net Teacher Employee HIC Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Teacher Employee HIC Program OPEB, and the Teacher Employee HIC Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Teacher Employee HIC Program; and the additions to/deductions from the VRS Teacher Employee HIC Program’s net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**General Information about the Teacher Employee Health Insurance Credit Program Plan Description**

All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Employee HIC Program. This plan is administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The HIC is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree’s death.

The specific information for the Teacher HIC Program OPEB, including eligibility, coverage, and benefits is set out in the table below:

TEACHER EMPLOYEE HEALTH INSURANCE CREDIT PROGRAM (HIC) PLAN PROVISIONS
<p><b>Eligible Employees</b>            The Teacher Employee Retiree Health Insurance Credit Program was established July 1, 1993 for retired Teacher Employees covered under VRS who retire with at least 15 years of service credit. Eligible employees are enrolled automatically upon employment. They include:</p> <ul style="list-style-type: none"> <li>• Full-time permanent (professional) salaried employees of public school divisions covered under VRS.</li> </ul>
<p><b>Benefit Amounts</b>            The Teacher Employee Retiree Health Insurance Credit Program provides the following benefits for eligible employees:</p> <ul style="list-style-type: none"> <li>• <b>At Retirement</b> – For Teacher and other professional school employees who retire, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount.</li> <li>• <b>Disability Retirement</b> – For Teacher and other professional school employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is either:               <ul style="list-style-type: none"> <li>- \$4.00 per month, multiplied by twice the amount of service credit, or</li> <li>- \$4.00 per month, multiplied by the amount of service earned had employee been active until age 60, whichever is lower.</li> </ul> </li> </ul>
<p><b>Health Insurance Credit Program Notes:</b></p> <ul style="list-style-type: none"> <li>• The monthly Health Insurance Credit benefit cannot exceed the individual premium amount.</li> <li>• Employees who retire after being on long-term disability under VLDP must have at least 15 year of service credit to qualify for the health insurance credit as a retiree.</li> </ul>

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

**Contributions**

The contribution requirement for active employees is governed by §51.1-1401(E) of the Code of Virginia, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Each school division's contractually required employer contribution rate for the year ended June 30, 2021 was 1.21% of covered employee compensation for employees in the VRS Teacher Employee HIC Program. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the school division to the VRS Teacher Employee HIC Program were \$2.0 million for each of the years ended June 30, 2021 and June 30, 2020, respectively.

**Teacher Employee HIC Program OPEB Liabilities, Teacher Employee HIC Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Teacher Employee HIC Program OPEB**

At June 30, 2021, the school division reported a liability of \$24.4 million for its proportionate share of the VRS Teacher Employee HIC Program Net OPEB Liability. The Net VRS Teacher Employee HIC Program OPEB Liability was measured as of June 30, 2020 and the total VRS Teacher Employee HIC Program OPEB liability used to calculate the Net VRS Teacher Employee HIC Program OPEB Liability was determined by an actuarial valuation performed as of June 30, 2019 and rolled forward to June 30, 2020. The school division's proportion of the Net VRS Teacher Employee HIC Program OPEB Liability was based on the school division's actuarially determined employer contributions to the VRS Teacher Employee HIC Program OPEB plan for the year ended June 30, 2020 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2020, the school division's proportion of the VRS Teacher Employee HIC Program was 1.85656% as compared to 1.87679% at June 30, 2019.

For the year ended June 30, 2021, the school division recognized VRS Teacher Employee HIC Program OPEB expense of \$ 2.0 million. Since there was a change in proportionate share between measurement dates, a portion of the VRS Teacher Employee HIC Program Net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2021, the school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee HIC Program OPEB from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ -	\$ 325,665
Net difference between projected and actual earnings on Teacher HIC OPEB plan investments	108,069	-
Changes in assumptions	482,079	133,239
Changes in proportionate share	296,521	172,161
Employer contributions subsequent to the measurement date	1,986,737	-
<b>Total</b>	<b>\$ 2,873,406</b>	<b>\$ 631,065</b>

An amount of \$2.0 million reported as deferred outflows of resources related to the Teacher Employee HIC OPEB resulting from the school division's contributions subsequent to the measurement date will be recognized as a

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

reduction of the Net Teacher Employee HIC OPEB Liability in the Fiscal Year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Teacher Employee HIC OPEB will be recognized in the Teacher Employee HIC OPEB expense in future reporting periods as follows:

Amounts reported as deferred outflows and inflows of resources will be recognized in OPEB expense as follows:

<b>Year Ending June 30,</b>	<b>Amount</b>
2022	\$ 43,535
2023	54,246
2024	50,657
2025	53,815
2026	54,815
Thereafter	(1,464)
Total	<u>\$ 255,604</u>

**Actuarial Assumptions**

The total Teacher Employee HIC OPEB liability for the VRS Teacher Employee HIC Program was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020.

Inflation	2.50%
Salary increases, including inflation – Teacher Employees	3.5% - 5.95%
Investment rate of return	6.75%, net of plan investment expenses, including inflation*

\*Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of OPEB liabilities.

**Mortality rates – Teachers**

**Pre-Retirement:**

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

**Post-Retirement:**

RP-2014 White Collar Employee Rates to age 49, White Collar Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90.

**Post-Disablement:**

RP-2014 Disability Mortality Rates projected with Scale BB to 2020; 115% of rates for males and females.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2012 through June 30, 2016, except the change in the discount rate which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Discount Rate	Decrease rate from 7.00% to 6.75%

**Net Teacher Employee HIC OPEB Liability**

The net OPEB liability (NOL) for the Teacher Employee HIC Program represents the program’s total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2020, NOL amounts for the VRS Teacher Employee HIC Program is as follows (amounts expressed in thousands):

	<b>Teacher Employee HIC OPEB Plan</b>
Total Teacher Employee HIC OPEB Liability	\$ 1,448,676
Plan Fiduciary Net Position	<u>144,160</u>
Teacher Employee net HIC OPEB Liability	<u><u>\$ 1,304,516</u></u>
Plan Fiduciary Net Position as a Percentage of the Total Teacher Employee HIC OPEB Liability	<u><u>9.95%</u></u>

The total Teacher Employee HIC OPEB liability is calculated by the System’s actuary, and the plan’s fiduciary net position is reported in the System’s financial statements. The net Teacher Employee HIC OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System’s notes to the financial statements and required supplementary information.

**Long-Term Expected Rate of Return**

The long-term expected rate of return on VRS System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<b>Asset Class (Strategy)</b>	<b>Target Allocation</b>	<b>Arithmetic Long-term Expected Rate of Return</b>	<b>Weighted Average Long-Term Expected Rate of Return</b>
Public Equity	34.00%	4.65%	1.58%
Fixed Income	15.00%	0.46%	0.07%
Credit Strategies	14.00%	5.38%	0.75%
Real Assets	14.00%	5.01%	0.70%
Private Equity	14.00%	8.34%	1.17%
MAPS - Multi -Asset Public Strategies	6.00%	3.04%	0.18%
PIP - Private Investment Partnership	3.00%	6.49%	0.19%
<b>Total</b>	<b>100.00%</b>		<b>4.64%</b>
		Inflation	<b>2.50%</b>
		(1) Expected arithmetic nominal return	<b>7.14%</b>

(1) The above allocation provides a one-year return of 7.14%. However, one-year returns do not consider the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns that ultimately provide a medium return of 7.11% including expected inflation of 2.50%. On October 10, 2019 the VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation. More recent capital market assumptions compiled for the FY 2020 actuarial valuations provide a median return of 6.81%.

**Discount Rate**

The discount rate used to measure the total Teacher Employee HIC OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2020, the rate contributed by each school division for the VRS Teacher Employee HIC Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2020 on, all agencies are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Teacher Employee HIC OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Teacher Employee HIC OPEB liability.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

**Sensitivity of the School Division’s Proportionate Share of the Teacher Employee HIC Net OPEB Liability to Changes in the Discount Rate**

The following presents the school division’s proportionate share of the VRS Teacher Employee HIC Program net HIC OPEB liability using the discount rate of 6.75%, as well as what the school division’s proportionate share of the net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	(-1%) Decrease 5.75%	Discount Rate 6.75%	(+1%) Increase 7.75%
School division’s proportionate share of the VRS Teacher Employee HIC OPEB Plan Net HIC OPEB Liability	\$ 27,297,708	\$ 24,386,110	\$ 21,911,463

**Teacher Employee HIC OPEB Fiduciary Net Position**

Detailed information about the VRS Teacher Employee HIC Program’s Fiduciary Net Position is available in the separately issued VRS 2019 Comprehensive Annual Financial Report (annual financial report). A copy of the 2020 VRS annual financial report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2020-annual-report.pdf>, or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**Payables to the Teacher Employee Health Insurance Credit Program OPEB Plan**

At June 30, 2021, ACPS reported payables to the Teacher Employee Health Insurance Credit Program OPEB Plan of \$0.2 million. These payables are reflected in the balance sheet of the governmental funds and represent short-term amounts due for legally required contributions outstanding at the end of the year.

**C. VRS Group Life Insurance Program**

**Summary of Significant Accounting Policies**

The Virginia Retirement System (VRS) Group Life Insurance Program is a multiple employer, cost-sharing plan. It provides coverage to state employees, teachers, and employees of participating political subdivisions. The Group Life Insurance Program was established pursuant to §51.1-500 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. The Group Life Insurance Program is a defined benefit plan that provides a basic group life insurance benefit for employees of participating employers. For purposes of measuring the net Group Life Insurance Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Group Life Insurance Program OPEB, and Group Life Insurance Program OPEB expense, information about the fiduciary net position of the VRS Group Life Insurance Program OPEB and the additions to/deductions from the VRS Group Life Insurance Program OPEB’s net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**General Information about the Group Life Insurance Program**

**Plan Description**

All full-time, salaried permanent employees of the state agencies, teachers and employees of participating political subdivisions are automatically covered by the VRS Group Life Insurance Program upon employment. This

**(Continued)**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

plan is administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Within the Group Life insurance Program, ACPS employees are divided into two groups; Teachers (includes administrators and teachers) and Locality Employees (includes non-exempt support staff).

In addition to the Basic Group Life Insurance benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the Group Life Insurance Program OPEB.

The specific information for Group Life Insurance Program OPEB, including eligibility, coverage and benefits is set out in the table below:

<b>GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS</b>
<p><b>Eligible Employees</b>  The Group Life Insurance Program was established July 1, 1960, for state employees, teachers and employees of political subdivisions that elect the program, including the following employers that do not participate in VRS for retirement:</p> <ul style="list-style-type: none"> <li>• City of Richmond</li> <li>• City of Portsmouth</li> <li>• City of Roanoke</li> <li>• City of Norfolk</li> <li>• Roanoke City Schools Board</li> </ul> <p>Basic group life insurance coverage is automatic upon employment. Coverage end for employees who leave their position before retirement eligibility or who take a refund of their member contributions and accrued interest.</p>
<p><b>Benefit Amounts</b>  The benefits payable under the Group Life Insurance Program have several components.</p> <ul style="list-style-type: none"> <li>• <b>Natural Death Benefit</b> – The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled.</li> <li>• <b>Accidental Death Benefit</b> – The accidental death benefit is double the natural death benefit.</li> <li>• <b>Other Benefit Provisions</b> – In addition to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances. These include: <ul style="list-style-type: none"> <li>o Accidental dismemberment benefit</li> <li>o Safety belt benefit</li> <li>o Repatriation benefit</li> <li>o Felonious assault benefit</li> <li>o Accelerated death benefit option</li> </ul> </li> </ul>
<p><b>Reduction in benefit Amounts</b>  The benefit amounts provided to members covered under the Group Life Insurance Program are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value.</p>
<p><b>Minimum Benefit Amount and Cost-of-Living Adjustment (COLA)</b>  For covered members with at least 30 years of creditable service, there is a minimum benefit payable under the Group Life Insurance Program. The minimum benefit was set at \$8,000 by statute in 2015. This amount is increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$8,463 as of June 30, 2020.</p>

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

**Contributions**

The contribution requirements for the Group Life Insurance Program are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the Group Life Insurance Program was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% (1.34% X 60%) and the employer component was 0.54% (1.31% X 40%). Employers may elect to pay all or part of the employee contribution, however, the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2021 was 0.54% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Total contributions to the Group Life Insurance Program from the entity for the Teachers group were \$2.2 million for both years ended June 30, 2021 and June 30, 2020 respectively. Total contributions for the Locality group were \$0.1 million for both years ended June 30, 2021 and June 30, 2020, respectively.

**GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB**

At June 30, 2021, ACPS reported liabilities of \$ 13.3 million and \$0.6 million for its proportionate share of the Net GLI OPEB Liability, for the Teachers and Locality groups, respectively. The Net GLI OPEB Liability was measured as of June 30, 2020 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2019 and rolled forward to June 30, 2020. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the Group Life Insurance Program for the year ended June 30, 2020 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2020, for the Teachers group, the ACPS employer's proportion was 0.79551% as compared 0.80828% at June 30, 2019, and for the Locality group, the employer's proportion was 0.03692% at June 30, 2020 as compared 0.04033% at June 30, 2019.

For the year ended June 30, 2021, ACPS recognized GLI OPEB expense of \$0.5 million for the Teachers group and \$6,774 for the Locality group. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2021, ACPS reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

	Teachers Group		Locality Group		Total GLI OPEB Program	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 851,518	\$ 119,239	\$ 39,519	\$ 5,534	\$ 891,037	\$ 124,773
Net difference between projected and actual earnings on GLI OPEB program investments	398,792	-	18,508	-	417,300	-
Changes in assumptions	663,941	277,206	30,814	12,865	694,755	290,071
Changes in proportion	266,042	321,258	-	80,028	266,042	401,286
Employer contributions subsequent to the measurement date	883,521	-	41,515	-	925,036	-
Total	\$ 3,063,814	\$ 717,703	\$ 130,356	\$ 98,427	\$ 3,194,170	\$ 816,130

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

An amount of \$0.9 million reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the Fiscal Year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

<b>Year Ending June 30,</b>	<b>GLI - Locality</b>		
	<b>GLI - Teachers Amount</b>	<b>Employees Amount</b>	<b>GLI - Total Amount</b>
2022	\$ 215,223	\$ (7,441)	\$ 207,782
2023	327,844	(2,215)	325,629
2024	407,890	2,556	410,446
2025	422,893	4,496	427,389
2026	88,358	(5,417)	82,941
Thereafter	382	(1,565)	(1,183)
Total	<u>\$ 1,462,590</u>	<u>\$ (9,586)</u>	<u>\$ 1,453,004</u>

**Actuarial Assumptions**

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2018, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2019.

Inflation	2.50%
Salary increases, including inflation – Teacher Employees	3.5% - 5.95%
General state/locality employees	3.5% - 5.35%
Investment rate of return	6.75%, net of plan investment expenses, including inflation*

\* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of OPEB liabilities.

**Mortality rates – Teachers**

**Pre-Retirement:**

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

**Post-Retirement:**

RP-2014 White Collar Employee Rates to age 49, White Collar Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90.

**Post-Disablement:**

RP-2014 Disability Mortality Rates projected with Scale BB to 2020; 115% of rates for males and females.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2012 through June 30, 2016, except the change in discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, postretirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Discount Rate	Decrease rate from 7.00% to 6.75%

Mortality rates – Largest Ten Locality Employers – General Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, postretirement healthy, and disabled)	Update to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each age and service year
Disability Rates	Lowered Disability Rates
Salary Scale	No change
Discount Rate	Decrease rate from 7.00% to 6.75%

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

**Net GLI OPEB Liability**

The net OPEB liability (NOL) for the Group Life Insurance Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2019, NOL amounts for the Group Life Insurance Program is as follows (amounts expressed in thousands):

	<b>VRS Group Life Insurance OPEB Program</b>
Total GLI OPEB Liability	\$3,523,937
Plan Fiduciary Net Position	1,855,102
Employers' Net GLI OPEB Liability (Asset)	\$1,668,835
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability	52.64%

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

**Long-Term Expected Rate of Return**

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<b>Asset Class (Strategy)</b>	<b>Target Allocation</b>	<b>Arithmetic Long- term Expected Rate of Return</b>	<b>Weighted Average Long-Term Expected Rate of Return</b>
Public Equity	34.00%	4.65%	1.58%
Fixed Income	15.00%	0.46%	0.07%
Credit Strategies	14.00%	5.38%	0.75%
Real Assets	14.00%	5.01%	0.70%
Private Equity	14.00%	8.34%	1.17%
MAPS - Multi-Asset Public Strategies	6.00%	3.04%	0.18%
PI-Private Investment Partnership	3.00%	6.49%	0.19%
Total	100.00%		4.64%
		Inflation	2.50%
		<sup>(1)</sup> Expected arithmetic nominal return	7.14%

<sup>(1)</sup> The above allocation provides a one-year return of 7.14%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system,

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 16. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (Continued)**

stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. The VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation. More recent capital market assumptions compiled for the FY 2020 actuarial valuations, provide a median return of 6.81%.

**Discount Rate**

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS guidance and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2020, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2019 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

**Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate**

The following presents the employer's proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	<u>(-1%) Decrease</u> <u>5.75%</u>	<u>Discount Rate</u> <u>6.75%</u>	<u>(+1%) Increase</u> <u>7.75%</u>
School division's proportionate share of the VRS Group Life Net OPEB Liability - Teachers Group	\$ 17,452,005	\$ 13,275,760	\$ 9,884,257
School division's proportionate share of the VRS Group Life Net OPEB Liability - Locality Employee Group	\$ 809,956	\$ 616,134	\$ 458,733
Total VRS Group Life Net OPEB Liability	\$ 18,261,961	\$ 13,891,894	\$ 10,342,990

**Group Life Insurance Program Fiduciary Net Position**

Detailed information about the Group Life Insurance Program's Fiduciary Net Position is available in the separately issued VRS 2020 Comprehensive Annual Financial Report (annual financial report). A copy of the 2020 VRS annual financial report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2020-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**Payables to the VRS Group Life Insurance OPEB Plan**

At June 30, 2020, ACPS reported payables to the VRS Group Life Insurance OPEB Plan of \$0.2 million for the Teachers group and \$9,000 for the Locality group. These payables are reflected in the balance sheet of the governmental funds and represent short-term amounts due for legally required contributions outstanding at the end of the year.

On the following page is a summary of deferred outflows and inflows of resources and net OPEB liabilities for the various OPEB programs as June 30, 2021.

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS**

**PRIMARY GOVERNMENT**

During FY 2021, the City participated in six public employee retirement systems (PERS). One system is handled by the Virginia Retirement System (VRS), an agent multi-employer public retirement system that acts as a common investment and administrative agent for political subdivisions in the Commonwealth of Virginia, and is, therefore, not reflected as a City pension trust fund. Four are single-employer defined benefit systems where a stated methodology for determining benefits is provided. The four systems are the City Supplemental, Pension Plan for Fire and Police, Firefighters and Police Officers Pension Plan-defined benefit component, and Firefighters and Police Officers Pension Plan-disability component. The last system is a defined contribution plan (Firefighters and Police Officers Pension Plan-defined contribution component), where contribution requirements are not actuarially determined. All of these systems are included as part of the City's reporting entity and as such are reflected as Pension Trust Funds.

**Plan Administration**

The City Supplemental Plan is overseen by the Supplemental Retirement Plan Board. The board consists of eight members. Four of the members are nominated by the City Manager, while the other remaining four are nominated by the board. There are four alternates nominated by the board and one alternate nominated by the City Manager. The Firefighters and Police Officers Pension Board manages the Firefighters and Police Officers Defined Contribution Plan, Defined Benefit Plan, Disability Plan, as well as the Pension for Fire and Police Plan. The board consists of eight members. Four members are nominated by the City Manager and four members are nominated by the Voting Participants. In addition, there are two alternate members nominated by the Voting Participants and one alternate nominated by the City Manager. City Council approves the nominations to all boards.

**Method Used to Value Investments**

Investments are valued at fair value.

**Investment Policy**

The Firefighters and Police Officers Pension Board investment policy objectives for Defined Benefit and Disability components and the Supplemental Retirement Board investment policy objectives for the Supplemental Retirement Plan are to preserve the actuarial soundness of each plan in order to meet contractual benefit obligations and to maximize investment return given an acceptable level of risk. The objective of the Defined Contribution component is to help beneficiaries save for retirement by enabling them to construct portfolios that will achieve an acceptable level of return while minimizing risk through diversification. The assets for the Pension Plan for the Firefighters and Police Officers are part of a group annuity contract with Prudential. Prudential invests the money according to their guidelines. The following is the asset allocation policy as of June 30, 2021.

Total	<u>100.00%</u>		<u>4.64%</u>
Inflation			<u>2.50%</u>
Expected arithmetic nominal return			<u>7.14%</u>

**VRS Long- Term Expected Rate of Return**

The long-term expected rate of return on pension system investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension system investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the above table.

**VRS Discount Rate**

The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Based on those assumptions, the pension plans fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

The actuarial valuations for all defined benefit plans are performed annually with the exception of Virginia Retirement System (VRS), which is performed biennially; however, an actuarial update is performed in the interim year for informational purposes. The employer contribution rate based on the June 30, 2019 actuarial valuation is 8.93 percent of payroll. Contribution rates for VRS employers are established every two years, so this rate applies to fiscal years ending 2021 and 2022. The Deputy Sheriffs adopted enhanced hazardous duty benefits as of January 1, 2020 which increased the contribution from 8.93 percent to 9.92 percent.

Beginning January 1, 2014, employees newly covered under VRS were enrolled in the new VRS Hybrid Retirement Plan (Hybrid Plan). The Hybrid Plan combines the features of a defined benefit plan and a defined contribution plan. Plan 1 and Plan 2 members of VRS could opt into the new Hybrid Plan. The employees under the new plan have a mandatory contribution to the Defined Contribution Plan of 1.00 percent which is matched by the City. A voluntary employee contribution of up to an additional 4.00 percent is allowed with the City matching up to 1.00 percent on the first 1.00 percent of voluntary contributions plus 0.25 percent for each additional 0.50 percent. The employer contribution includes the contribution to the Defined Contribution Plan for Hybrid members.

As of June 30, 2021, the City of Alexandria had 730 employees enrolled in the Hybrid Defined Contribution Plan. The FY 2021 City contribution was \$1.2 million.

The assumption changes are presented in the RSI for Pensions. The basis for the assumptions for all participants is the Virginia Retirement System Experience Study for the Four-Year Period July 1, 2012 to June 30, 2016 issued February 21, 2018 and presented and adopted by the Board at its April 2017 meeting as well as the investment rate of return of 6.75 percent adopted by the Board of Trustees at its October 10, 2019 meeting.

Financial statements and required supplementary information are presented in the VRS comprehensive annual financial report, which can be obtained at [www.varetire.org](http://www.varetire.org).

Historically the City has assumed the responsibility of paying 2.00 percent of the employee share of contributions for the City Supplemental Retirement Plan. General schedule employees commencing participation in this Plan after July 1, 2009, will make the 2.00 percent employee contribution. The City will continue to make the 2.00 percent contribution for general schedule employees who were participants prior to July 1, 2009. Historically the City has also made the 2.00 percent contribution for its deputy sheriffs, medics, and fire marshals. Beginning on January 1, 2020, deputy sheriffs began making a 1.50 percent employee contribution. The City will continue to make the 2.00 percent contribution for medics and fire marshals. Any employee contributions paid by the City will be characterized as employer contributions. The City paid an employer contribution of 6.78 percent for FY 2021.

The recommended contribution rate decreased from 34.99 percent as of July 1, 2019 to 34.86 percent as of July 1, 2020 for the Firefighter and Police Officers Basic Plan and decreased from 1.67 percent as of July 1, 2019 to 1.26 percent as of July 1, 2020 for the Disability Plan. During the year ended June 30, 2020, the Basic Plan's assets returned 7.64 percent and the Disability Plan's assets had a return of 7.25 percent on a market value basis. As of the July 1, 2020 Actuarial Valuation, the Basic Plan's unfunded actuarial liability was \$63.3 million, and the Disability Plan's unfunded actuarial liability was negative \$5.8 million.

The actuarial assumptions for the Firefighters and Police Officers Basic and Disability Plans are based on an actuarial experience study based on experience of the Plans from July 1, 2013 to June 30, 2017. The administrative expense assumption for the Basic Plan was increased from \$200,000 to \$400,000 to account for higher expected expenses. The actuarial assumptions for the Pension Plan for Firefighters and Police Officers, have not been changed since the prior actuarial valuation with the exception of the assumed rate of return which was lowered from 5.00% to 3.50%. The actuarial assumptions reflect the actuary's understanding of the likely future experience of the Plan. The Supplemental Plan had no changes in assumptions since the prior actuarial valuation with the exception of the lump sum conversion rate. The lump sum conversion rate is scheduled to change annually. The lump sum conversion rate for disbursements made in calendar year 2021 is 6.50 percent and calendar year 2022 and thereafter is 7.00 percent.

On June 30, 2021, the City recognized a total liability of \$784 thousand for one of the City's Single Employer Pension Plans. The City recognized a net pension asset of \$43.7 million for the other three City Single Employee

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

Pension Plans. Measurements as of June 30, 2021 were based on the fair value of assets as of June 30, 2021 and the Total Pension Liability as of the valuation date, June 30, 2020, updated to June 30, 2021. The City recognized a liability of \$120 million for the VRS net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

For each of the City's four Plans, the funding policy is to contribute at least the Actuarially Determined Contribution annually. This contribution is equal to the amortization of the unfunded liability plus normal costs. The amortization of the unfunded liability is calculated as a level-dollar closed period for the Pension Plan for Firefighters and Police Officers. The amortization of the unfunded liability for the Supplemental Plan is calculated as an initial level-dollar closed period. Effective July 1, 2015, the Supplemental Plan began incorporating layers where future gains and losses and assumption changes are amortized over separate 10-year periods. The Firefighters and Police Officers Basic Plan and Disability Plan are calculated as a level percentage. A payment of 16.75 percent of payroll is made towards the remaining unamortized unfunded actuarial liability from July 1, 2010. Effective July 1, 2015, the Firefighters and Police Basic and Disability Plans began incorporating layers where future gains and losses and assumption changes are amortized over separate 15-year periods.

The remaining amortization periods as well as other major provisions of all the defined pension plans are listed in the disclosure in the following tables.

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

The tables below summarize investments managed by the City of Alexandria in accordance with the fair value hierarchy established by the generally accepted accounting principles. Fair value is defined as the quoted market value on the last trading day of the period. The hierarchy is based on the valuation inputs used to measure the fair value of assets.

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active or inputs that are observable market data. Level 2 assets include Alexandria’s mutual funds and money market funds. Alexandria’s mutual funds and money market funds have both equity and fixed income securities are continuously observable. The underlying equities are observable through quoting services, while the underlying fixed income instruments pricing is determined through both observable market quotes and market pricing determined through the use of matrix valuation using similar securities

Level 3 – Unobservable inputs that are supported by little to no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs. Alexandria’s private equity secondaries are priced using private non-observable data.

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

**DESCRIPTION OF BENEFITS:**

**VRS—City—Regular**, full time City employees who are not covered employees under the Firefighters & Police Officers Pension Plan are members of VRS. Participation is mandatory. This plan is administered by the Virginia Retirement System. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Employees with credit for services rendered prior to July 1, 2010 are covered under Plan 1, while members hired or rehired on or after July 1, 2010 are covered under Plan 2. Plan 1 members who did not have 5 years of service as of December 31, 2012, became Plan 2 members. Members hired after January 1, 2014 who are new participants to VRS are covered under the Hybrid Plan. Employees are eligible for an unreduced retirement at age 65 with 5 years of service and at age 50 with 30 years of service under Plan 1, and at Social Security normal retirement age with at least five years of service or when age and service are equal to 90 under Plan 2 and the Hybrid Plan. Beginning January 1, 2020, deputy sheriffs are covered by the VRS enhanced hazardous duty coverage with no supplement. Deputy sheriffs are eligible for an unreduced retirement at age 60 with 5 years of service and at age 50 with 25 years of service under enhanced hazardous duty coverage with no supplement plan. An optional reduced retirement benefit is available to deputy sheriffs as early as age 50 with five years of service under enhanced hazardous duty coverage with no supplement plan. The retirees are entitled to an annual retirement benefit payable monthly for life in an amount equal to 1.70 percent of their average final salary (AFS) for each year of credited service under Plan 1 and the enhanced hazardous duty coverage with no supplement plan; 1.65 percent of AFS for Plan 2; 1.00 percent for the Hybrid Plan. AFS under Plan 1 is 36 highest consecutive months while it is 60 highest consecutive months under Plan 2 and for Plan 1 active non-vested members. In addition, retirees qualify for annual cost-of-living (COLA) increases on July 1 of the second calendar year after retirement. These benefit provisions and all other requirements are established and may be amended by State statutes.

**City Supplemental Retirement Plan—Regular**, full time City employees including Deputy Sheriffs, Medics and Fire Marshals and regular, part-time City employees who are scheduled to work at least 50 percent time and who are not covered under the Firefighters & Police Officers Pension Plan are participants in the Supplemental Retirement Plan. This plan is administered by the City of Alexandria. State employees working at the Alexandria Health Department are also covered under the Plan. Full time employees receive Credited Service for each month the City and/or employee makes a contribution. Part-time employees accrue Credited Service on a pro-rata basis determined by scheduled work hours. Regular City employees who retire at or after age 65 or after age 50 with 30 years of credited service are entitled to an annual retirement benefit, payable monthly for life in an amount equal to the sum of (1) and (2), increased by 50 percent, plus (3):

- (1) 1.625 percent of the participant's past service compensation up to \$100, plus 0.25 percent of the participant's past service compensation in excess of \$100, multiplied by number of years of credited service earned after July 31, 1960, but prior to August 1, 1970.
- (2) 1.625 percent of the participant's average earnings up to \$100, plus 0.25 percent of the participant's average earnings in excess of \$100, multiplied by the number of years of credited service earned after July 31, 1970, but prior to January 1, 1988.
- (3) 0.80 percent of average earnings multiplied by credited service earned after December 31, 1987.

The Deputy Sheriffs, Medics and Fire Marshals can retire unreduced with at least 25 years of services in those positions and at least age 50. The annual benefit is the sum of:

- (1) 0.6 percent of the participant's average earnings times credited service for years 1-5 in these positions
- (2) 0.9 percent of the participant's average earnings times credited service for years 6-15 in these positions
- (3) 1.0 percent of the participant's average earning times credited service for years 16 and greater in these positions.

Benefit provisions are established and may be amended via resolution by City Council.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

**Pension Plan for Fire Fighters and Police Officers (closed plan)**—Employees who retired on or after age 60 are entitled to an annual retirement defined benefit, payable monthly for life, in an amount equal to 2.5 percent of final average earnings multiplied by years of credited service, up to a maximum of 30 years. The plan also provided early retirement on or after age 50 with 20 years of credited service or on or after age 56 with 10 years of credited service. This plan further provided early retirement on or after age 50 with 10 years of service with an actuarially reduced benefit. Benefit provisions are established and may be amended via resolution by City Council. This plan was closed to new participants in 1979.

**Retirement Income Plan for Fire & Police- defined contribution (closed plan)**—The employees are entitled to contributions made on their behalf after 100 percent vesting. Benefit provisions are established and may be amended via resolution by City Council. This plan was closed to new members in FY 2004 and converted to a defined benefit plan. Employees in the plan at date of conversion could leave their contributions in the defined contribution component or purchase prior service under the new defined benefit plan with the assets associated with their contributions.

**Firefighters and Police Officers Pension Plan—defined benefit component**—Full-time sworn Firefighters and Police Officers are covered employees in the Firefighters and Police Officers Pension Plan. Recruits are also covered by the Plan. This plan is administered by the City of Alexandria. Full time employees receive one month of credit for each full month covered by the Plan. Special rules apply for service prior to January 1, 2004. The Plan provisions were approved by City Council in FY 2004 and provide retirement benefits for covered employees who retire at age 55 with 5 years of service or any age with 25 years of service. The Plan also allows for early retirement at age 50 with 20 years of service with reduced benefits. Employees hired before October 2013 are entitled to 2.5 percent of the participant's average monthly compensation (AMC), multiplied by the years of credited service up to 20 years; plus 3.2 percent of the participant's AMC, multiplied by years of credited service in excess of 20 years. The maximum benefit is 82.0 percent of the AMC. Employees hired after October 22, 2013 are entitled to 2.5 percent of the participant's average monthly compensation, multiplied by years of credited service. There is no limitation service or maximum benefit for employees hired after October 2013. AMC is the 48 highest consecutive months.

**Firefighters and Police Officers Pension Plan—disability component**—The plan provisions provide disability benefits for Firefighters and Police Officers. The benefits for service-connected total and permanent disability are 70 percent of final average earnings, 66 2/3 percent for service-connected partial disability, and 2.5 percent multiplied by years of credited service, up to 50 percent for non-service connected partial or total and permanent disability. Employees hired after October 23, 2013 are not eligible for the non-service connected disability. Benefits provisions are established and may be amended via resolution by City Council. Effective January 1, 2004, this plan was merged with the Firefighters and Police Officers Pension Plan. Separate actuarial calculations have been performed for the defined benefit and disability components.

**Deferred Retirement Option Program (DROP)**—This program is available for members of the Firefighters and Police Officers Pension Plan who were hired prior to October 23, 2013. Members who have completed at least 30 years of credited service are eligible to participate in this program. DROP provides the ability for an employee to retire for purposes of the pension plan, while continuing to work and receive a salary for a period of three years. During the DROP period, the pension plan accumulates the accrued monthly benefit into an account balance identified as belonging to the member. No interest is applied for members whose DROP effective date is after October 31, 2013. The monthly benefit is calculated using service and average monthly compensation as of the date of entry in DROP, with increases equal to the annual COLA adjustment provided for retirees.

**(Continued)**

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

**COMPONENT UNIT – ALEXANDRIA CITY PUBLIC SCHOOLS (ACPS)**

ACPS participates in three public employee retirement systems (PERS). Two of these systems, a cost-sharing multiple-employer plan (professional) and an agent multiple-employer plan (non-professional), are administered by the Virginia Retirement System (VRS) and are, therefore, not reflected as ACPS pension trust funds. The third plan, Employees' Supplemental Retirement Plan (Supplemental Plan), is a single-employer defined benefit plan, where a stated methodology for determining pension benefits is provided. This plan is part of ACPS' reporting entity and, as such, is reflected as a Pension Trust Fund.

The actuarial valuation for the Supplemental Plan is performed annually. The actuarial valuation for VRS is performed biennially; however, an actuarial update is performed in the interim year.

In the Supplemental Plan, no changes occurred in the actuarial valuation assumptions, plan benefits, actuarial cost method or procedures affecting the comparability of costs.

**A. VIRGINIA RETIREMENT SYSTEM**

**Plan Description**

All full-time salaried permanent (professional) employees of Alexandria City Public Schools (ACPS) are automatically covered by the VRS Teacher Retirement Plan upon employment. All full-time salaried permanent employees (non-professional) of ACPS are automatically covered by the VRS Political Subdivision Retirement Plan. These plans are administered by the Virginia Retirement System (The System or VRS) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees in the VRS Teacher Retirement Plan and VRS Political Subdivision Retirement Plan – Plan 1, Plan 2, and Hybrid. Each of these benefit structures has a different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the following table.

<p>tax –deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.</p>		<p>the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee’s creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages.</p>
<p><b>Service Credit</b></p> <p>Creditable service includes active service. Members earn creditable service for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional creditable service the member was granted. A member’s total creditable service is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.</p>	<p><b>Service Credit</b></p> <p>Same as Plan 1.</p>	<p><b>Service Credit</b></p> <p><b><u>Defined Benefit Component:</u></b>  Under the defined benefit component of the plan, creditable service includes active service. Members earn creditable service for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional creditable service the member was granted. A member’s total creditable service is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.</p> <p><b><u>Defined Contributions Component:</u></b>  Under the defined contribution component, creditable service is used to determine vesting for the employer contribution portion of the plan.</p>
<p><b>Vesting</b></p> <p>Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five year (60 months) of creditable service. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for their plan. Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund. Members are always 100% vested in the contributions that they make.</p>	<p><b>Vesting</b></p> <p>Same as Plan 1.</p>	<p><b>Vesting</b></p> <p><b><u>Defined Benefit Component</u></b>  Defined benefit vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members are vested under the defined benefit component of the Hybrid Retirement Plan when they reach five years (60 months) of creditable service. Plan 1 or Plan 2 members with at least five years (60 months) of creditable service who opted into the Hybrid Retirement Plan remain vested in the defined benefit component.</p> <p><b><u>Defined Contributions Component:</u></b>  Defined contribution vesting refers to the minimum length of service a member needs to be eligible to withdraw the employer contributions from the defined contribution component of the plan. Members are always 100% vested in the contributions that they make. Upon retirement or leaving covered employment, a member is eligible to withdraw a percentage of employer</p>

**Exhibit XII**  
**(Continued)**

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

**ACPS VRS Political Subdivision Retirement Plan**

The Virginia Retirement System (VRS) Political Subdivision Retirement Plan is a multi-employer, agent plan. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Political Subdivision's Retirement Plan and the additions to/deductions from the Political Subdivision's Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Employees Covered by Benefit Terms**

As of the June 30, 2019 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	<b>Number</b>
<b>Active Members</b>	<b>244</b>
<b>Inactive members:</b>	
Vested inactive members	37
Non-vested Inactive Members	96
LTD	-
Inactive members active elsewhere in VRS	48
<b>Total Inactive Members</b>	<b>181</b>
<b>Inactive members or their beneficiaries currently receiving benefits</b>	<b>209</b>
<b>Total Covered Employees</b>	<b>634</b>

**Contributions**

The contribution requirement for active employees is governed by §51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation towards their retirement.

ACPS' contractually required contribution rate for the year ended June 30, 2020 was 1.21 % of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employee during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from ACPS were \$0.4 million for each of the years ended June 30, 2021 and June 30, 2020, respectively.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

**Net Pension Liability**

The net pension liability (NPL) is calculated separately for each employer and represents that particular employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position. For ACPS, the net pension liability was measured as of June 30, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2019 rolled forward to the measurement date of June 30, 2020.

**Actuarial Assumptions- General Employees**

The total pension liability for General Employees in the Political Subdivision's Retirement Plan was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020.

Actuarial Assumptions	
Inflation	2.5 percent
Salary increases, including Inflation	3.5 percent – 5.35 percent
Investment rate of return	6.75 Percent, net of pension plan investment expense, including inflation*
Mortality rates:	
Largest 10- Non-LEOS:	20% of deaths are assumed to be service related
- Pre-Retirement	RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.
- Post-Retirement	RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.
- Post-Disablement	RP-2014 Disability Mortality Table Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.
All Others (non 10 Largest) Non-LEOS:	15% of deaths are assumed to be service related
- Pre-Retirement	RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.
- Post-Retirement	RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.
- Post-Disablement	RP-2014 Disability Mortality Table Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.
* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of pension liabilities.	

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS board action, effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS board action are as follows:

Largest 10-Non-LEOS:

- Update mortality table
- Lowered rates of retirement at older ages and changed final retirement from 70 to 75
- Decrease in rates of disability retirement
- Adjusted withdrawal rates to better fit experience

All Others (Non 10 Largest)-Non-LEOS:

- Update mortality table
- Lowered rates of retirement at older ages and changed final retirement from 70 to 75
- Decrease in rates of disability retirement
- Adjusted withdrawal rates to better fit experience

**Long-Term Expected Rate of Return**

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of the expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return <sup>(1)</sup>
Public Equity	34.00%	4.65%	1.58%
Fixed Income	15.00%	0.46%	0.07%
Credit Strategies	14.00%	5.38%	0.75%
Real Assets	14.00%	5.01%	0.70%
Private Equity	14.00%	8.34%	1.17%
MAPS - Multi-Asset Public Strategies	6.00%	3.04%	0.18%
PIP - Private Investment Partnership	3.00%	6.49%	0.19%
Total	<u>100.00%</u>		4.64%
		Inflation	<u>2.50%</u>
		<sup>(1)</sup> Expected arithmetic nominal return	<u>7.14%</u>

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

(1) The above allocation provides a one-year return of 7.14%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. The VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation. More recent capital market assumptions compiled for the FY 2020 actuarial valuations, provide a median return of 6.81%.

**Discount Rate**

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; political subdivisions were also provided with an opportunity to use an alternate employer contribution rate.

For the year ended June 30, 2020, the alternate rate was the employer contribution rate used in FY 2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2017, actuarial valuations, whichever was greater. From July 1, 2020 on, participating employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore; the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

**Changes in Net Pension Liability (Asset)**

	<i>Increase(Decrease)</i>		
	<b>Total Pension Liability</b>	<b>Plan Fiduciary Net Position</b>	<b>Net Pension Liability (Asset)</b>
Balances at June 30, 2019	\$ 44,264,527	\$ 49,127,702	\$ (4,863,175)
Changes for the year:			
Service Cost	698,590		698,590
Interest	2,908,527		2,908,527
Differences between expected and actual experience	(803,167)		(803,167)
Changes in assumptions	-		-
Contributions - employer	-	68,525	(68,525)
Contributions - employee	-	365,985	(365,985)
Net investment income	-	927,946	(927,946)
Benefit payments, including refunds of employee contributions	(2,350,467)	(2,350,467)	-
Administrative expenses	-	(32,633)	32,633
Other changes	-	(1,085)	1,085

Balances at June 30, 2020	\$ 44,718,010	\$ 48,105,973	\$ (3,387,963)

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

**Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

The following presents the net pension liability of ACPS using the discount rate of 6.75%, as well as, what ACPS net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	(-1%) Decrease 5.75%	Current Discount Rate 6.75%	(+1%) Increase 7.75%
Net Pension Liability (Asset)	\$ 1,324,465	\$ (3,387,963)	\$ (7,385,546)

**Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

For the year ended June 30, 2021, ACPS recognized pension expense of approximately \$178,497. As of June 30, 2021, ACPS reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual earnings on pension plan investments	\$ 1,433,010	\$ -
Employer contributions subsequent to the measurement date	71,190	-
Change in assumptions	325,507	-
Differences between expected and actual experience	-	798,584
Total	\$ 1,829,707	\$ 798,584

The \$0.1 million reported as deferred outflows of resources related to pensions resulting from ACPS's contributions subsequent to the measurement date will be recognized as a reduction of Net Pension Liability in the year ended June 30, 2022. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	Amount
2022	\$ (274,054)
2023	271,368
2024	498,143
2025	464,476
	\$ 959,933

**CITY OF ALEXANDRIA, VIRGINIA**

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

**Payables to the Pension Plan**

At June 30, 2021, ACPS reported payables to the VRS Political Subdivision Retirement Plan of \$50,000. These payables are reflected in the balance sheet of the governmental funds and represent short-term amounts due for legally required contributions outstanding at the end of the fiscal year.

**Pension Plan Data**

Information about the VRS Political Subdivision Retirement Plan's is also available in the separately issued VRS 2020 *Comprehensive Annual Financial Report* (Annual Financial Report). A copy of the 2020 VRS Annual Financial Report may be downloaded from the VRS website at <http://www.varetire.org/pdf/Publications/2020-annual-report.pdf>, or by writing to the system's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**VRS Teachers Retirement Plan**

The Virginia Retirement System (VRS) Teacher Employee Retirement Plan is a multiple employer, cost-sharing plan. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Teacher Employee Retirement Plan and the additions to/deductions from the VRS Teacher Employee Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the VRS. In addition, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Contributions**

The contribution requirement for active employees is governed by Title 51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to school division by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Each school division's contractually required contribution rate for the year ended June 30, 2021 was 16.62% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employee during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from ACPS were \$33.5 million and \$32.1 million for each of the years ended June 30, 2021 and June 30, 2020, respectively.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2021, ACPS reported a liability of \$268.3 million for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2020 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of June 30, 2019, and rolled forward to the measurement date of June 30, 2020. ACPS' proportion of the Net Pension Liability was based on the school division's actuarially determined employer contributions to the pension plan for the year ended June 30, 2020 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2020, the school division's proportion was 1.84340% as compared to 1.85247% at June 30, 2019.

For the year ended June 30, 2021, ACPS recognized pension expense of \$31.5 million. Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

At June 30, 2021, ACPS reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Net difference between projected and actual earnings on pension plan investments	\$ 20,404,381	\$ -
Changes in proportion and differences between employer contributions and proportionate share of contributions	1,888,842	1,871,902
Changes in assumptions	18,312,321	-
Differences between expected and actual experience	-	15,724,353
Employer contributions subsequent to the measurement date	25,704,096	-
Total	\$ 66,309,640	\$ 17,596,255

The deferred outflows of resources of \$25.7 million related to pensions, resulting from the school division's contributions subsequent to the measurement date, will be recognized as a reduction of the Net Pension Liability in the year ended June 30, 2022. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Year Ending June 30,</b>	<b>Amount</b>
<b>2022</b>	\$ 540,432
<b>2023</b>	6,882,388
<b>2024</b>	9,044,628
<b>2025</b>	6,906,133
<b>2026</b>	(364,292)
	\$ 23,009,289

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

**Actuarial Assumptions**

The total pension liability for the VRS Teacher Retirement Plan was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020.

<b>Actuarial Assumptions</b>	
Inflation	2.5 percent
Salary increases, including Inflation	3.5 percent – 5.95 percent
Investment rate of return	6.75 Percent, net of pension plan investment expense, including inflation*
Mortality rates:	
- Pre-Retirement	RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.
- Post-Retirement	RP-2014 White Collar Employee Rates to age 49, White Collar Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90.
- Post-Disablement	RP-2014 Disability Mortality Rates projected with scale BB to 2020; 115% of rates for males and females.
* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of pension liabilities.	

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the four-year period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action, effective as of July 1, 2019.

**Changes to the actuarial assumptions as a result of the experience study are as follows:**

- Update mortality table
- Lowered rates of retirement at older ages
- Adjusted rates of withdrawals for 0 through 9 years of service
- Adjusted rates of disability to better match experience

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

**Net Pension Liability**

The net pension liability (NPL) is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB Statement No. 67, less that system's fiduciary net position. As of June 30, 2020, NPL amounts for the VRS Teacher Employee Retirement Plan is as follows (amounts expressed in thousands):

	<b>Teacher Employee Retirement Plan</b>
Total Pension Liability	\$ 51,001,855
Plan Fiduciary Net Position	36,449,229
Employers' Net Position Liability	\$ 14,552,626
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	71.47%

The total pension liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the System's notes to the financial statements and required supplementary information.

**Long – Term Expected Rate of Return**

The long-term expected rate of return on pension System investments were determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<b>Asset Class (Strategy)</b>	<b>Target Allocation</b>	<b>Arithmetic Long- term Expected Rate of Return</b>	<b>Weighted Average Long-Term Expected Rate of Return <sup>(1)</sup></b>
Public Equity	34.00%	4.65%	1.58%
Fixed Income	15.00%	0.46%	0.07%
Credit Strategies	14.00%	5.38%	0.75%
Real Assets	14.00%	5.01%	0.70%
Private Equity	14.00%	8.34%	1.17%
MAPS - Multi-Asset Public Strategies	6.00%	3.04%	0.18%
PIP - Private Investment Partnership	3.00%	6.49%	0.19%
Total	100.00%		4.64%
		Inflation	2.50%
		<sup>(1)</sup> Expected arithmetic nominal return	7.14%

(1) The above allocation provides a one-year return of 7.14%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. The VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation. More recent capital market assumptions compiled for the FY 2020 actuarial valuations, provide a median return of 6.81%.

**Discount Rate**

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2020, the rate contributed by ACPS for the VRS Teacher Retirement Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2020 on, school divisions are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the School Division's Proportionate share of the Net Pension Liability to Changes in the Discount Rate**

The following presents ACPS' proportionate share of the net pension liability using the discount rate of 6.75%, as well as what the school division's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	(-1%) Decrease 5.75%	Current Discount Rate 6.75%	(+1%) Increase 7.75%
ACPS' proportionate share of VRS Teacher Plan Net Pension Liability	\$ 393,602,232	\$ 268,263,110	\$ 164,591,812

**Pension Plan Fiduciary Net Position**

Detailed information about the VRS Teacher Retirement Plan's Fiduciary Net Position is available in the separately issued VRS 2020 *Comprehensive Annual Financial Report* (Annual Financial Report). A copy of the 2020 VRS Annual Financial Report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2020annual-report.pdf> or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA23218-2500.

**Payables to the Pension Plan**

At June 30, 2021, ACPS reported payables to the VRS Teacher Retirement Plan of \$3.6 million. These payables are reflected in the balance sheet of the governmental funds and represent short-term amounts due for legally required contributions outstanding at the end of the fiscal year.

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

**B. EMPLOYEES' SUPPLEMENTAL RETIREMENT PLAN**

**Plan Description**

The Employees' Supplemental Retirement Plan (the Plan) is a single-employer defined benefit plan sponsored by ACPS. The Plan is governed by the Alexandria School Board (Board) which has the authority to make all investment and policy decisions impacting the Plan's existence, investments, benefits, and administration. The Board has established an Investment Advisory Board (Advisory Board) to monitor and manage the Plan. The Advisory Board consist of five members: 1) the Plan Administrator/ ACPS Chief Human Resource Officer; 2) the Plan Investment Officer/ ACPS Chief Financial Officer; 3) one teacher member selected from among active employee participants; 4) one retired member actively earning benefits from the plan; and 5) one certified investment management professional. The Board has contracted with the Principal Financial Group to manage certain plan assets and administer the retirement benefits to the plan participants.

The purpose of the Plan is to provide supplemental retirement benefits to employees of Alexandria City Public Schools. Statutory authority for the establishment of this Plan is provided by the *Code of Virginia* §51.1-800 through §51.1-803.

All full-time employees are eligible to participate in the Plan as of July 1, 1961, if classified as a twelve month employee. Ten-month employees were eligible to participate in the Plan as of July 1, 1971. The Plan's fiscal year end is August 31. The net pension liability reported for period ending August 31, 2020 was measured as of August 31, 2020, using the total pension liability that was determined by an actuarial valuation as August 31, 2020.

The Plan's policy is to prepare its financial statements on the accrual basis of accounting. The Plan does not issue a separate, publicly-available financial report.

**Measurement Date**

A measurement date of August 31, 2020 has been used for GASB 68 reporting.

**Benefits Provided**

The Plan provides disability and death benefits. Benefits at retirement are based upon years of service and the average earnable compensation of an eligible employee during any three years that provide the highest average earnable compensation and are adjusted for inflation after retirement. Benefits at early retirement are reduced by an early retirement factor. Employees are considered vested on or after completing five years of service, or on or after attaining age 60. Employees who retire at or after age 65 or after age 50 with 30 years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 0.40 percent of effective compensation multiplied by credited future service on and after September 1, 1984, and 1.625 percent of effective compensation not to exceed \$100 plus 0.25 percent of the amount by which effective compensation exceeds \$100 multiplied by credited past service before September 1, 1984, and 1.625 percent of past service compensation in excess of \$100 plus 0.25 percent of past service compensation in excess of \$100 times credited past service. There have been no changes in plan provisions during the measurement period.

**Contributions**

Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and a formal commitment has been made to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. The funding policy of the Plan provides for monthly contributions at actuarially- determined rates, which will remain relatively level over time as a percentage of payroll and will accumulate sufficient assets to meet the cost of all basic benefits when due. The basis for determining contributions is an actuarially determined contribution rate that is calculated each year in the Plan's actuarial valuation report. Starting January 2013, contributions were made at the rate of 1.50% of covered

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

payroll. During FY 2021, only ACPS employees contributed to the Plan. These contributions totaled \$2.7 million for the fiscal year ended June 30, 2021. Administrative costs of the Plan are paid from the Plan's assets.

**Investment Policy**

The objective of the Plan is to maintain actuarial soundness so that funds will be available to meet contractual benefit obligations. The investment policy may be amended by the Board at any time. Principal Financial Advisors, Inc., a registered investment advisor and wholly-owned subsidiary of Principal Financial Group, has been hired to manage the asset allocation strategy for the Plan. The following was the Plan's adopted asset allocation policy as of August 31, 2020.

<b>Asset Class (Strategy)</b>	<b>Target Allocation</b>	<b>Arithmetic Long-term Expected Rate of Return</b>	<b>Expected Geometric Return</b>
U.S Equity - Large Cap	21.95%	7.70%	6.20%
U.S Equity - Mid Cap	2.57%	8.00%	6.20%
U.S Equity - Small Cap	2.55%	8.55%	6.20%
Non-US Equity	10.86%	8.00%	6.20%
REITs	0.50%	7.30%	5.65%
Real Estate (direct property)	10.19%	5.35%	5.00%
TIPS	0.75%	1.70%	1.50%
Core Bond	47.84%	2.60%	2.45%
High Yield	2.79%	5.45%	5.00%
<b>Total</b>	<b>100.00%</b>		
Exp LTROA (arithmetic mean)	4.97%		
Portfolio Standard Deviation	7.91%		
40th percentile	4.05%		
45th percentile	4.36%		
<b>Expected Compound Return</b>	<b>4.68%</b>		
55th percentile	4.99%		
60th percentile	5.31%		
<b>Portfolio Investment Mix:</b>	Equity 38% / Fixed Income 51% / Other 11%		

**Concentrations**

As of the measurement date, the plan had investments (other than US Government and US Government guaranteed obligations) in only Principal Financial Group, totaling \$132.4 million, that represented 5 percent or more of the Plan's fiduciary net position.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 17. EMPLOYEE RETIREMENT SYSTEMS (Continued)**

**Annual Money-Weighted Rate of Return**

For the Plan year ended August 31, 2020, the annual money-weighted rate of return on plan investments for the measurement period is 6.69%. The money-weighted rate of return is calculated as a rate of return on pension plan investments incorporating the timing and amount of cash flows. This return is calculated net of investment expenses.

**Long-Term Expected Rate of Return**

For the plan year ended August 31, 2020, the expected long-term rate of return assumption as of the end of period is 5.50%. The expected long-term return on plan assets assumption was developed as a weighted average rate based on the target asset allocation of the plan and the Long-Term Capital Market Assumptions (CMA) 2018. The capital market assumptions were developed with a primary focus on forward-looking valuation models and market indicators. The key fundamental economic inputs for these models are future inflation, economic growth, and interest rate environment. Due to the long-term nature of the pension obligations, the investment horizon for the CMA 2018 is 20- 30 years. In addition to forward-looking models, historical analysis of market data and trends was reflected, as well as the outlook of recognized economists, organizations and consensus CMA from other credible studies.

**Actuarial Assumptions**

The actuarial assumptions used in the August 31, 2020 valuation were based upon the results of an actuarial assumption review for the five-year period of September 1, 2007 to August 31, 2012.

During the plan year ended August 31, 2020, the following changes in assumptions were implemented.

- The mortality base table has been changed from Pri-2012 to PubG-2010.
- The mortality improvement scale has been changed to MP2020.
- The discount rate has decreased from 6.00% to 5.50%.
- The long-term rate of return for the current year has decreased from 6.00% to 5.50%.

**Pension Expense and Deferred outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The Employees' Supplemental Retirement Plan pension expense for the fiscal year ended June 30, 2021 is \$8.0 million. For the year ended June 30, 2021, ACPS reported deferred inflows of resources related to pensions for this Plan from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Net difference between projected and actual earnings on pension plan investments	\$ 160,409	\$ -
Changes in assumptions	10,681,568	288,737
Differences between expected and actual experience	104,994	-
Total	\$ 10,946,971	\$ 288,737

Amounts reported as deferred inflows and outflows of resources related to pensions will be recognized in the pension expense as follows:

<b>Year Ending June 30,</b>	<b>Amount</b>
2022	\$ 3,742,378
2023	4,344,080
2024	2,747,004
2025	(175,228)
Total	\$ 10,658,234

**Payables to the Pension Plan**

At June 30, 2021, ACPS reported payables to the Employees' Supplemental Retirement Plan of \$0.2 million.

**NOTE 18. TAX ABATEMENTS**

A tax abatement is a reduction in tax revenues or exemption from tax expense that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action that after the agreement has been entered into, it contributes to economic development or otherwise benefits the governments or the citizens of those governments.

The City entered into a 15-year agreement with the General Services Administration (GSA) on behalf of an independent federal government agency for the purchase of real property and construction of a building for lease (known as the Eisenhower Avenue Science Redevelopment District). The agreement involves a real property tax exemption that partially exempts real estate taxes due during the 15-year period of leasing the building to tenants. The state law under which the abatement was enacted is the Code of Virginia detailed within 58.1-3221 which states that, the governing body of any county, city or town may, by ordinance, provide for the partial exemption from taxation of real estate on which any structure or other improvement provided certain criteria is met including substantial rehabilitation, renovation, or replacement for commercial or industrial use.

The effective date of the start of the exception is the first January 1 after the first certificate of occupancy. In the event the performance standard is achieved during the first year following the issuance of the first certificate of occupancy, the abatement shall apply to the entire calendar year.

The annual percent of real estate taxes that will be exempt on the improvements during the 15 years of the initial transaction are summarized in the table below.

Year	Percent	Year	Percent
1	100%	9	90%
2	100%	10	80%
3	100%	11	70%
4	100%	12	60%
5	100%	13	50%
6	100%	14	40%
7	100%	15	30%
8	100%	16 & Beyond	0%

The real property assessments for all land and buildings within the District shall be determined by the Real Estate Assessor and shall be established at 100 percent of fair market value using the same principles, procedures, and methodology established for other like kind taxable real property in the City. The owner of land and improvements within the District maintains the same rights and limitations of appeal of the City’s annual real estate assessment as that applicable to other taxable real estate in the City. The annual assessed value of the land component in the District, reflecting any increases or decreases in assessed value of said land component, shall remain fully taxable. The annual assessed value of the land component shall also reflect that of a finished developed lot.

The tax exemption is dependent on the independent federal government agency (agency) fully meeting a required performance standard as follows:

- 1) While the plans are to occupy 100 percent of the building, the agency must achieve at least 80 percent of the net leasable space of the property. If the agency does not lease its portion and achieve the minimum 80 percent occupancy within one year from the issuance of the last certificate of occupancy, then no tax exemption shall apply.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 18. TAX ABATEMENTS (Continued)**

- 2) Space not occupied by the agency due to incidents such as fires, earthquakes, hurricanes, or other acts of god shall be considered leased and occupied space by the agency in the calculation of the 80 percent occupancy threshold.
- 3) By March 1 of each calendar year, the owner of the property at the District is responsible for notifying the City's director of finance of the occupancy level by the agency on a form designated by the director of finance. In the event during a calendar year the agency's occupancy rate falls below 80 percent, the owner of the property is responsible for notifying the director of finance of the changed agency occupancy level, as well as the date that the occupancy rate fell below 80 percent.
- 4) Within 60 days of meeting the performance standard, the City must be notified by the property owner. The City then determines in the performance standard was satisfied.
- 5) The partial exemption of real property taxes, including the qualifications and the declining percentage value of the exemption as detailed on the table above shall be considered a covenant that shall run with the land. The City has recorded the covenant in the land records of the City which identifies and defines the partial property tax exemption. These terms, conditions and limitations shall not be revoked during the 15-year period and shall control the payment of real property taxes irrespective of any change in the applicable City Code.
- 6) Per State law, which authorizes the partial real estate tax abatement, this partial real estate tax abatement cannot be reduced during the 15-year abatement period, and is recorded in the City's land records. This provides the needed surety to the property owner and the agency that the proffered tax abatement cannot be reduced or withdrawn later.
- 7) In the event the Property is sold to the federal government or a federal government related entity prior to 20 years after the effective starting date of the property tax exemption then the net present value of the foregone real property taxes which would otherwise have been due to the City between the date of the sale and the 20 years after the effective starting date of the property tax exemption, would be due to the City at the time of the sale (Due on Sale).
- 8) For the purposes of calculating the net present value of forgone real estate taxes prescribed above the following methodology shall apply:
  - a. The discount rate utilized in that calculation shall reflect the City's estimated cost of funds utilizing Thomson Municipal Market Data (MMD) for 10-year AAA rated tax exempt general obligation bonds as of either January 1 or July 1 of the calendar year of the sale of the property, and if this MMD information is not available an equivalent measure shall be substituted,
  - b. the real estate tax assessment used in the net present value calculation shall reflect the real estate tax assessment as of January 1 of the calendar year of the property transfer, and
  - c. the real estate tax rate used shall reflect the adopted real estate tax rate for the calendar year of the sale of the Property, or if the real estate tax rate of the calendar year of the sale has not yet been adopted, then the adopted real estate tax rate for the calendar year prior to the sale of the property shall be used.

The agency's presence in the City is projected to generate (in today's dollars) \$73.0 million over a 15-year period and up to \$95.0 million over a 20-year period if the agency lease is extended. After setting aside a \$28.0 million value of the proposed tax abatement over the 15 years, the net tax gain to the City's General Fund is projected to be

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 18. TAX ABATEMENTS (Continued)**

\$45.0 million over a 15-year period and \$68.0 million over a 20-year period. An economic analysis indicated that the agency will generate 90,000 hotel room stays per year, 30,000 above the original study estimate (worth between \$10.0 million and \$14.0 million to these tax generation estimates).

In FY 2021, the eligibility requirements for the District were met and \$2.7 million in real estate taxes were abated.

**2021 Real Estate Tax Relief Program for Elderly and Disabled Persons**

Residents who are either 65 years of age or older or permanently and totally disabled, or who become such during the current calendar year, may be eligible for the City's Real Estate Tax Relief Program for Elderly and Disabled Persons. The applicant must own and occupy the property as their sole residence. The following limits are currently in effect:

- For a full tax exemption, a household's gross combined income may not have exceeded \$40,000 in 2020.
- For an exemption of 50 percent of taxes, a household's gross combined income may not have exceeded \$55,000 in 2020.
- For an exemption of 25 percent of taxes, a household's gross combined income may not have exceeded \$72,000 in 2020.
- Taxes over the maximum exemption may be deferred for qualifying applicants, subject to repayment with interest upon conveyance or demise of the owner.
- Qualifying elderly and disabled applicants with gross income over \$72,000 but not in excess of \$100,000 may defer their taxes, also subject to repayment with interest. An exemption does not apply for this category.
- For all qualifying applicants, the assets of the household may not exceed \$430,000 (excluding the house and one acre of land).

**2021 Real Property Tax Exemption for Veterans with 100% Service-Connected Disability, and Surviving Spouse**

The City offers a full real estate tax exemption to veterans with total and permanent service-connected disability and their surviving spouses, subject to the terms in Virginia Code § 58.1-3219.5:

For veterans:

- The veteran must have been rated by the U.S. Department of Veterans Affairs or its successor agency pursuant to federal law as having a service-connected 100 percent permanent and total disability.
- The residence for which the veteran is seeking tax exemption must be his or her primary residence.
- The property must be deeded in the name of the veteran or the veteran and his or her spouse (to include applicable title in trust).
- The veteran's spouse, if applicable, must also be identified.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

For surviving spouses of disabled veterans:

- The surviving spouse must be able to meet the standards above for the deceased veteran's disability certification.
- The residence must be deeded in the name of the veteran and surviving spouse, or the surviving spouse has ownership rights by virtue of a will or trust agreement.
- The residence for which the surviving spouse is seeking tax exemption must be his or her principal place of residence, however, the exemption applies without any restriction on the spouse's moving to a different principal place of residence.
- The veteran must have died on or after January 1, 2011.
- The surviving spouse must not be remarried.

**2021 Real Property Tax Exemption for Spouse of Veteran Killed in Action**

The City offers a full real estate tax exemption to the spouse of any veteran killed in action, subject to the terms in Virginia Code § 58.1-3219.9:

- Effective for tax years 2015 and beyond.
- Eligible to the surviving spouse (i) of any member of the armed forces of the United States who was killed in action as determined by the U.S. Department of Defense and (ii) who occupies the real property as their principal place of residence.
- Per state code, the spouse is eligible "so long as the surviving spouse does not remarry and continues to occupy the real property as their principal place of residence." The exemption applies without any restriction on the spouse's moving to a different principal place of residence.
- "Killed in action" includes a determination by the U.S. Department of Defense of "died of wounds received in action."
- If the surviving spouse acquires the property after January 1, 2015, then the exemption shall begin on the date of acquisition.
- If the value of the applicant's dwelling is in excess of the average assessed residential value in the City, then only that portion of the assessed value that is not in excess of the average value shall be exempt from real property taxes.
- In most cases, exemption applies to the qualifying dwelling and the land, not exceeding one acre upon which it is situated.

**NOTE 19. NEW ACCOUNTING STANDARDS**

In FY 2021, the following Governmental Accounting Standards Board (GASB) statement(s) were implemented:

**Statement No. 84**, "Fiduciary Activities." The objective of GASB 84 is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The City's activities previously reported in agency funds are now reported in custodial funds. The activities in the Industrial Development Authority (IDA) fund did not meet the criteria for a custodial fund and is now reported in a special revenue fund.

**Statement No. 90**, "Majority Equity Interests—an amendment of GASB Statements No. 14 and No. 61." The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends December 31, 2020.

In FY 2022, the following GASB statement(s) will be implemented as follows:

**Statement No. 87**, "Leases." The objective of GASB 87 statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2022.

**Statement No. 89**, "Accounting for Interest Cost Incurred before the End of a Construction Period." The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends December 31, 2021.

**Statement No. 91**, "Conduit Debt Obligations." The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends December 31, 2022.

**Statement No. 92**, "Omnibus 2020." The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2022.

**Statement No. 93**, "Replacement of Interbank Offered Rates." The requirement in paragraph 11b will take effect for reporting periods ending after December 31, 2021. The requirements in paragraphs 13 and 14 will take effect for financial statements starting with the fiscal year that ends June 30, 2022.

**Statement No. 94**, "Public-Private and Public-Public Partnerships and Availability Payment Arrangements." The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2023.

**Statement No. 96**, "Subscription-Based Information Technology Arrangements." The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2023.

**Statement No. 97**, "Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32." The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2022.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Financial Statements**  
**June 30, 2021**

**Exhibit XII**  
**(Continued)**

**NOTE 20. SUBSEQUENT EVENTS**

**Alexandria Housing Development Corporation (AHDC) Lacy Court, Inc.**

On July 6, 2021, Alexandria Lacy Courts Limited Partnership and the City of Alexandria executed an additional loan for funds in the amount of \$0.8 million; these funds are needed for unforeseen costs related to mold in units and building foundation inadequacies related to the renovation of the Lacy Courts project.

**The Bloom at Braddock Apartments**

The Bloom is an affordable housing project partnership between AHDC and the Carpenter's Shelter (the Project). On July 14, 2021, the first amendment to the funding loan agreement was executed for additional funds in the amount of \$1.1 million; these funds are needed for unforeseen costs related to contaminated/unsuitable soils and utility conflicts related to the development of the Project. Use of these funds for the foregoing purposes are consistent with the terms of the original loan documents.

**Landmark Mall Revitalization and Landmark Community Development Authority (CDA)**

On September 18, 2021, the City Council created the Landmark CDA to provide the necessary financial backstop to ensure the City's \$86.0 million investment in the Landmark Mall redevelopment is fully repaid. On July 30, 2021, the Development and Financing Agreement between the City, Landmark Land Holdings, LLC, and Inova Health Care Services, and the Grant Agreement between the City and the Industrial Development Authority of the City of Alexandria were executed. The proposed development will transform the unoccupied, enclosed 51.4-acre mall site into a mixed-use, walkable urban village. The Landmark Redevelopment would generate an estimated \$1.0 billion in tax revenue over a 30-year period from Landmark and create the opportunity to redevelop the Seminary Road Inova site into taxable residential use. After deducting estimated debt service of \$278.0 million for both the infrastructure improvements and the land purchase, the net gain for the City to pay for Landmark and citywide services over that timeframe is estimated at \$762.0 million. This net gain does not include new tax revenues created by the positive economic impact of the redevelopment of sites adjacent to or near the Landmark Redevelopment and the Seminary Road sites.

The City proposes to issue one or more series of City Bonds in a maximum aggregate principal amount sufficient to (i) generate \$86.0 million in net construction proceeds available to pay the costs of the infrastructure improvements and (ii) pay capitalized interest on the City Bonds. To the extent that the Incremental Tax Revenues are less than the amounts due on the City Bonds, the City shall be entitled to seek reimbursement for any City funds applied to pay debt service on the City Bonds through the collection of annual installments of the special assessments.

**1703 North Beauregard Office Building Purchase**

The 1703 North Beauregard office building is encumbered with three leases totaling 23,801 square feet in leases that run until 2027 and 2032, with the longest lease of 12,488 square feet for the first-floor tenant running until 2034. While these leases produce about \$0.7 million per year in income, the leases also block use of that space by ACPS unless the leases were bought out. The cost of that buyout will not be known until negotiations between ACPS and the tenants occur. ACPS believes that it can buy out at a reasonable cost the shorter-term leases making three of the four floors available for ACPS use in the short-term. The first floor would likely remain rented for some period. The 1703 building would house some ACPS administrative functions, then serving as swing space for schools to allow the rebuilding of the George Mason Elementary School and then the Cora Kelly Elementary School, and finally a new 600 student elementary or secondary school for which ACPS projects the need in about 10 years.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Notes to Budgetary Comparison Schedules**  
**For the Fiscal Year Ended June 30, 2021**

**EXHIBIT XVI**

**(1) SUMMARY OF SIGNIFICANT BUDGET POLICIES**

The City Council annually adopts budgets for the General Fund and Special Revenue Fund of the primary government. All appropriations are legally controlled at the departmental level for the General Fund and Special Revenue Fund. On April 29, 2020, the City Council approved the original adopted budget and approved multiple budget amendments reflected in the required supplementary information.

The budgets are integrated into the accounting system, and the budgetary data, as presented in the required supplementary information for all funds with annual budgets, compare the revenues and expenditures with the amended budgets. All budgets are presented on the modified accrual basis of accounting. Accordingly, the accompanying Budgetary Comparison Schedules for the General and Special Revenue Funds present actual expenditures in accordance with U.S. generally accepted accounting principles on a basis consistent with the legally adopted budgets, as amended. See Table XIII for the schedule of departments' expenditure detail by function. A reconciliation of the perspective difference for reporting Expenditures and Other Financing Uses in the General Fund relates to how transfers to component units are recorded in each statement and includes the following:

**General Fund**

Budget Statement Title	Budgetary Statement Amount	Adjustment for Transfer to Component Unit (Note 10)	Exhibit IV	Exhibit IV Title
Other Educational Activities	\$ 16,009	\$ 234,037,296	\$ 234,053,305	Education
Library Transfer	-	7,379,204	7,379,204	Library
Other Expenditures (not listed separately)	372,890,744	-	372,890,744	Other Expenditures (not listed separately)
<b>Total Expenditures</b>	<b>372,906,753</b>	<b>241,416,500</b>	<b>614,323,253</b>	<b>Total Expenditures</b>
Transfers Out – Component Units	241,416,500	(241,416,500)	-	None
Operating Transfers Out	120,356,796	-	120,356,796	Operating Transfers Out
Other Financing	(9,246,427)	-	(9,246,427)	Other Expenditures (not listed separately)
<b>Total Financing (Sources) Uses</b>	<b>\$ 352,526,869</b>	<b>\$ (241,416,500)</b>	<b>\$ 111,110,369</b>	<b>Total Financing Uses</b>

Unexpended appropriations on annual budgets lapse at the end of each fiscal year.

**Notes to the Required Supplemental Information for the City of Alexandria Pension Plans for the year ended June 30, 2021**

**Firefighters and Police Officers Pension Plan, Basic Plan and Firefighters and Police Officers Pension Plan, Disability Plan**

The administrative expense assumption for the Basic Plan was increased from \$200,000 to \$400,000 to account for higher expected expenses.

**Supplemental Retirement Plan**

There were no changes in assumptions for the Supplemental Pension Plan since the prior actuarial valuation.

**Pension Plan for Firefighters and Police Officers**

The assumed interest rate for the minimum required reserve was changed to 2.81% from 2.16% based on the data file from Prudential. The rate of investment was lowered from 5.00% to 3.50%.

**Virginia Retirement System (VRS) Pension Plan**

The valuation reflects enhanced benefits with no supplement for Deputy Sheriffs, including a 1.70% benefit multiplier.

## Special Revenue Fund

**Housing** – This sub fund accounts for the City’s housing programs.

**Sanitary Sewer** – This sub fund accounts for the funding of sanitary sewer maintenance and construction.

**Stormwater Utility** – This sub fund is funded by a stormwater utility fee which was implemented in 2018. This fee replaces the dedicated real estate property tax in the Stormwater Management fund.

**Stormwater Management Fund** – This sub fund was established in FY 2011. It is funded by a dedicated real estate property tax rate of 0.5 cents per \$100 of assessed value.

**Potomac Yard Special Tax District** – This sub fund accounts for funding for improvements in Potomac Yards, including the development of a metro rail station.

**Northern Virginia Transportation Authority (NVTA)** – This sub fund was established in FY 2014. It is funded by various state and local other taxes.

**Coronavirus Aid, Relief, and Economic Security Act (CARES)** – This sub fund accounts for the City’s funds across multiple departments in support of the COVID-19 pandemic response. The source of funding is the CARES Act adopted in March 2020.

**American Rescue Plan Act (ARPA)** – This sub fund builds upon previously enacted COVID-19 aid measures. The source of funding is the American Rescue Plan Act adopted in March 2021.

**Industrial Development Authority (IDA)** – This fund accounts for IDA bond issuance fees and expenses.

**Other Special Revenue** – This sub fund accounts for grants and donations and other amounts that represent a small percentage of special revenues.

# STATISTICAL SECTION

The statistical section includes detailed information to assist in understanding how the financial statements relate to the City’s overall financial well-being and includes the following categories:

**Financial trends:** These tables assist users in understanding how the City’s financial position has changed over time and include the following tables:

Table I—Schedule of Changes in Net Position

Table II—Changes in Fund Balances Governmental Funds

Table VII—Net Position

Table VIII—Fund Balances Governmental Funds

Table XXII—Five-Year Summary of General Fund Revenues and Expenditure

**Revenue Capacity:** These tables assist in understanding and assessing the City’s own source revenues and include the following tables:

Table III—Tax Revenues by Source

Tables IV and V—Tax Levies and Collections

Table VI—Real and Personal Property Tax Assessments and Rates

Table IX—2021 Tax Rates for Major Revenue Sources

Table XV and XVI—Principal Taxpayers

**Debt Capacity:** These tables present information to assist in assessing the affordability of the City’s current levels of debt and the City’s ability to issue additional debt in the future and include:

Table X—Legal Debt Margin Information

Table XI—Ratio of Net General Debt to Assessed Value and Net Debt Per Capita

Table XII—Overlapping Debt and Debt History

Table XIII—Ratio of Annual Debt Service Expenditures for Net General Debt to Total General Expenditures

Table XXIII—Summary of Total General Obligation Bonds Debt Service

**Demographic and Economic Information:** These tables include demographic and economic information to assist in understanding the external factors that affect the City’s financial activities and include:

Table XIV—Population and Per Capita Income

Table XVII—Alexandria City Schools Demographic Statistics

Table XVIII—Government Employees by Function

Table XIX—Principal Employers

Table XXI—Miscellaneous Statistical Data

**Operating information:** This table includes service and capital data to assist in understanding how financial information relates to the programs and activities the City performs and includes:

Table XX—Operating and Capital Indicators

**CITY OF ALEXANDRIA, VIRGINIA**  
**Schedule of Changes in Net Position**  
**Last Ten Fiscal Years**

**Limitations on the Incurrence of General Obligation Debt:**

There is no requirement in the Virginia Constitution, the Virginia Statutes, or in the Charter of the City of Alexandria that the issuance of general obligation bonds of the City be subject to approval of the electors of the City at referendum.

Under the City Charter the City Council has full authority to authorize and issue general obligation bonds. The authorizing procedure consists of the passage on the first reading of and ordinance authorizing the issuance of the bonds, followed by a notice of public hearing at a subsequent meeting, and the final passage on

The only constitutional limitation on the issuance of general obligation bonds is contained in Article VII, Section 10 of the Virginia Constitution, which states that: "No city or town shall issue any bonds or other interest-bearing obligations which, including existing indebtedness, shall at any time exceed ten percent of the assessed valuation of real estate in the city or town subject to taxation, as shown by the last preceding assessment for taxes."

(4) Personal Income and per capita income represents data from the United States Bureau of Economic Analysis, as revised, that generally has a two-year lag.

**CITY OF ALEXANDRIA, VIRGINIA**  
**Overlapping Debt and Debt History**  
**June 30, 2021**

**TABLE XII**

The City of Alexandria is autonomous from any county, town, or other political subdivisions of the Commonwealth of Virginia. There is no overlapping general obligation debt or taxing powers. The water system and the sewage treatment plant within the City are operated by a private company and an independent authority, respectively, for which the City has no debt obligations.

The City has never defaulted in the payment of any part of either principal or interest on any debt.

Credit Ratings

Moody's Investors Service.....	Aaa
Standard & Poor's Corporation.....	AAA

Paying Agents

The City's coupon bonds and interest coupons are payable at the Chase Manhattan Bank, N.A., New York, New York, or SunTrust Bank in Richmond, Virginia. Registered bonds and interest are payable at the principal corporate trust office of the Chase Manhattan Bank, N.A., New York, New York, or Depository Trust Company, New York, New York, which are the Registrars for bonds of the City of Alexandria.

**CITY OF ALEXANDRIA, VIRGINIA**

**Miscellaneous Statistical Data**

**As of June 30, 2021**

**Table XXI**

Date of Incorporation .....	1779
Date of City Charter.....	1922
Form of Government.....	Council-Manager
Number of Full-Time City Positions (Other than Schools) .....	2675
Number of Full-Time Equivalent School Positions .....	2649

**Land Area**

15.75 Square Miles

**Elevation**

0 to 287 ft above sea level

**Location**

38.8210 N

77.0861 W

**Climate**

Average January Temperature 34.9°

Average July Temperature 79.2°

**Transportation**

Major Highways:

Capital Beltway (I-95)

I-395 (Shirley Highway)

U.S. Route 1

George Washington Memorial Parkway

Rail:

The City is served by the north-south routes of Amtrak. The Virginia Railway Express provides commuter service between Alexandria, Washington, D.C., Fredericksburg, and Manassas, Virginia. Freight lines entering the City are Conrail, CSX Transportation, and Norfolk Southern Company.

Washington Metropolitan Area Transit Authority (WMATA) provides rail transit to the Washington Metro area. Four of the systems stations are located in Alexandria.

Air:

Ronald Reagan Washington National Airport is only minutes away from any location within the City.

Dulles International Airport provides international and longer domestic travel.

Ground:

The City is served by local bus service provided by the Alexandria Transit Company.

The City is served by the local and express buses of the Washington Metropolitan Area Transit Authority (METRO) and the Fairfax Connector.

Individualized service is available through privately owned taxicab fleets.

Port Facilities:

The port of Alexandria has two docks for ocean-going freighters and two major public docks. The 24-foot deep Potomac River channel runs the length of the Alexandria waterfront.

**Population**

2021 Resident Population (Estimate).....	164,650
Number of Households (2014- 2019 U.S. Census ACS) ....	98,278
Household Size (2014-2019) .....	2.21 Persons Per Unit
2019 Population by Race (2017-2022 U.S. Census ACS):	
White .....	62.2%
Black.....	21.8%
Native American.....	0.2%
Asian and Pacific Islanders.....	5.9%
Multi-Racial.....	5.3%
Hispanic (All Races).....	16.7%

2019 Population by Age and Sex (U.S. Census Bureau Estimate):	
Persons under 5 years .....	7.1%
Persons under 18 years .....	18.2%
Persons 65 years and over.....	11.3%
Female persons .....	51.8%

Registered Voters

June 2021..... 98,719

Temporary Assistance to Needy Families

(Cases) - Monthly Average, 2021.....308

Food Stamps (Cases) - Monthly Average, 2021.....5,021

Medicaid (Cases) - Monthly Average, 2021.....15,860

# SINGLE AUDIT

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and Members of the City Council  
City of Alexandria, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Alexandria (the City), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated November 2, 2021. Our report includes a reference to other auditors who audited the financial statements of the City of Alexandria Library System, a discretely presented component unit, as described in our report on the City's financial statements. The financial statements of the City of Alexandria Library System were not audited in accordance with Government Auditing Standards, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the City of Alexandria Library System.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

The Honorable Mayor and Members of the City Council  
City of Alexandria, Virginia

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR  
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND  
REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
REQUIRED BY THE UNIFORM GUIDANCE**

Honorable Mayor and Members of the City Council  
City of Alexandria, Virginia

**Report on Compliance for Each Major Federal Program**

We have audited the City of Alexandria's (the City) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2021. The City's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. The City's basic financial statements include the operations of the Alexandria Public Library (Library), a discretely presented component unit which may have expended federal awards, and which are not included in the City's schedule of expenditures of federal awards for the year ended June 30, 2021. Our audit described below, did not include the operations of the Library because the Library engaged other auditors to perform an audit in accordance with the Uniform Guidance, if required.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditors' Responsibility***

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

***Opinion on Each Major Federal Program***

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

**Report on Internal Control Over Compliance**

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Honorable Mayor and Members of the City Council  
City of Alexandria, Virginia

**Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated November 2, 2021 which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**CITY OF ALEXANDRIA, VIRGINIA  
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
JUNE 30, 2021**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accompanying schedule of expenditures of federal awards (the Schedule) includes all federal grant activity of the City of Alexandria, Virginia and its component units during FY 2021. The City’s reporting entity is defined in Note 1 of the City’s basic financial statements. federal awards are received directly, as well as passed through other governmental agencies.

This Schedule has been prepared on the modified accrual basis of accounting. Expenditures are recorded when the liability is incurred. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

The federal expenditures are recognized in accordance with the Uniform Guidance cost principles, except for the expenditures for the Coronavirus Relief Fund (CRF) (CFDA #21.019). CRF expenditures are based on criteria determined by the U.S. Department of Treasury (the Treasury). The Treasury identified allowable cost and activities requirements and identified costs and activities that were unallowed or not eligible for partial or full reimbursement.

**NOTE 2 INDIRECT COSTS**

The City and the Alexandria City Public Schools did not elect to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**NOTE 3 RECONCILIATION OF NOTES TO FINANCIAL STATEMENTS TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**

The City receives and expends federal revenues that are non-grant related and therefore not reportable under the Schedule. A reconciliation of the Schedule to Note 12 in the notes to the financial statements, Intergovernmental Revenues, is provided below:

Total Federal Expenditure per Schedule	\$ 79,199,701
Nonreportable Federal Revenue	13,125,773
Intergovernmental Revenue Adjustment	(471,184)
Commodities Distribution	(6,804)
Total Federal Revenue per Note 12	\$ 91,847,486

**NOTE 4 FEDERAL COGNIZANT AGENCY**

The Federal Cognizant Agency for the City of Alexandria, Virginia is the United States Department of Housing and Urban Development.
