Plan Update

January 2024

Agenda

- 1. Plan Area + Context**
- 2. Community Engagement Summary**
- 3. Update on Plan Framework Elements**
 - a. Land Uses, Building Heights, + Design
 - b. Housing Strategy
 - c. Parks
 - d. Mobility
 - e. Sustainability, Infrastructure + Community Facilities
- 4. Questions + Discussion**
- 5. Next Steps**

Plan Area – Context

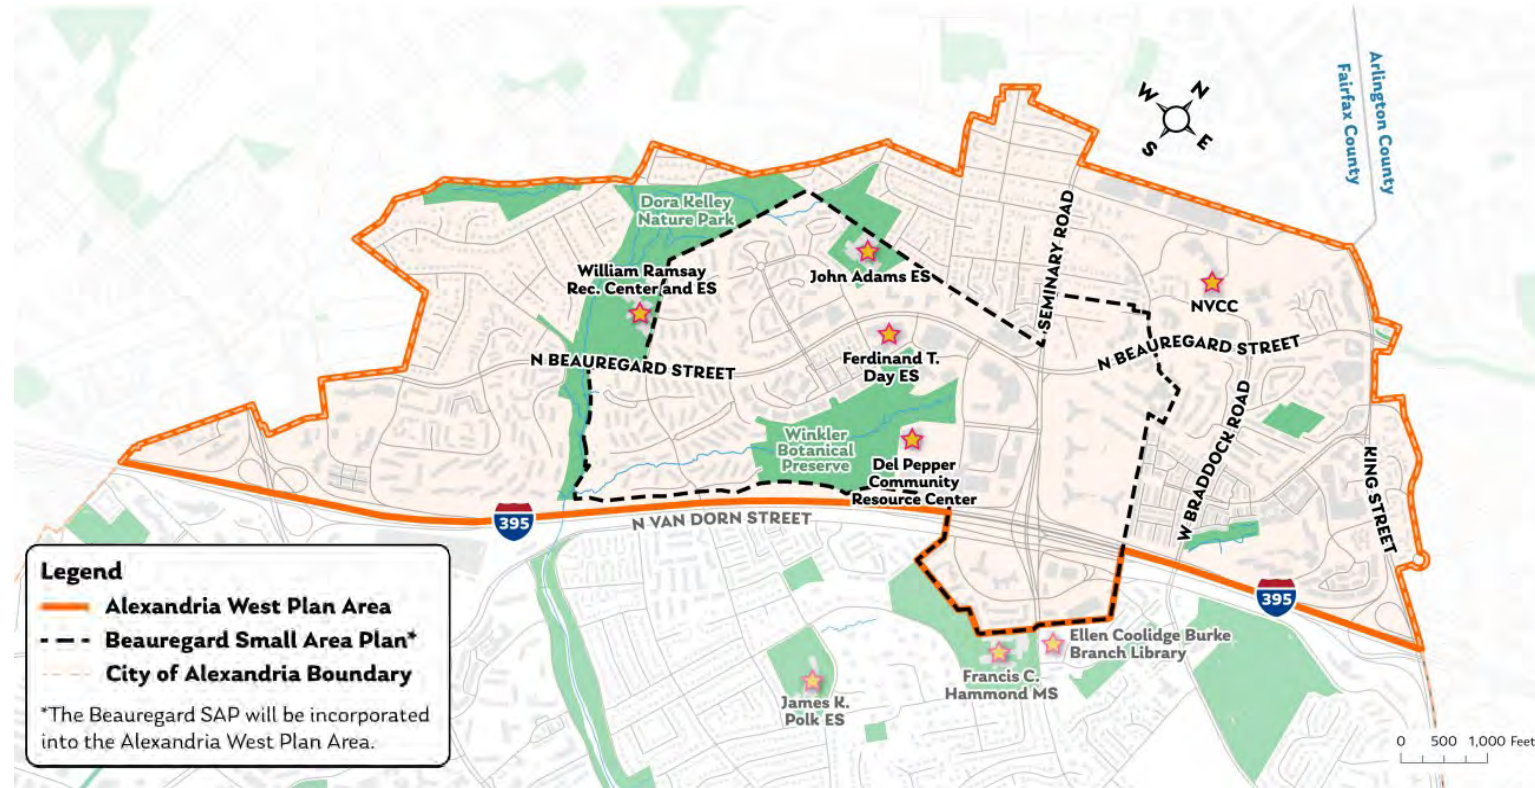

1,260 Acres - 13% of City

17% of City's population

38% of City's Market Affordable Units

713 Committed Affordable Units

132 Acres existing public parks

~160 Acres of surface parking and commercial uses in Focus Area

Community Engagement

- Engaged over **1,500 community members** and over **30 community organizations**
- Provided interpretation and translation in **six languages**
- Prioritized engagement in key areas where residents are **most at risk of displacement**
- Facilitated events with **youth, renters, non-English speaking residents, residents of color, aging condo communities, and faith communities.**

41 Meetings with Community Organizations

40 Pop-Ups

9 Meetings with Tenants and Owners

7 Community Meetings

3 Open Houses

2 Community Polls

2 Online Open Houses

What We've Discussed

September Community Meeting

- Land Use + Housing
- Anti-Displacement Strategy

Fall Open Houses

- Land Use
- Parks + Open Space
- Mobility Network
- Sustainability

November Community Meeting

- Housing Recommendations
- Transportation Study + Safety Improvements
- Seminary/Beauregard Intersection

December Community Meeting

- Design
- Building Heights
- Community Facilities
- Infrastructure

Land Use + Housing Strategy

Focus Area

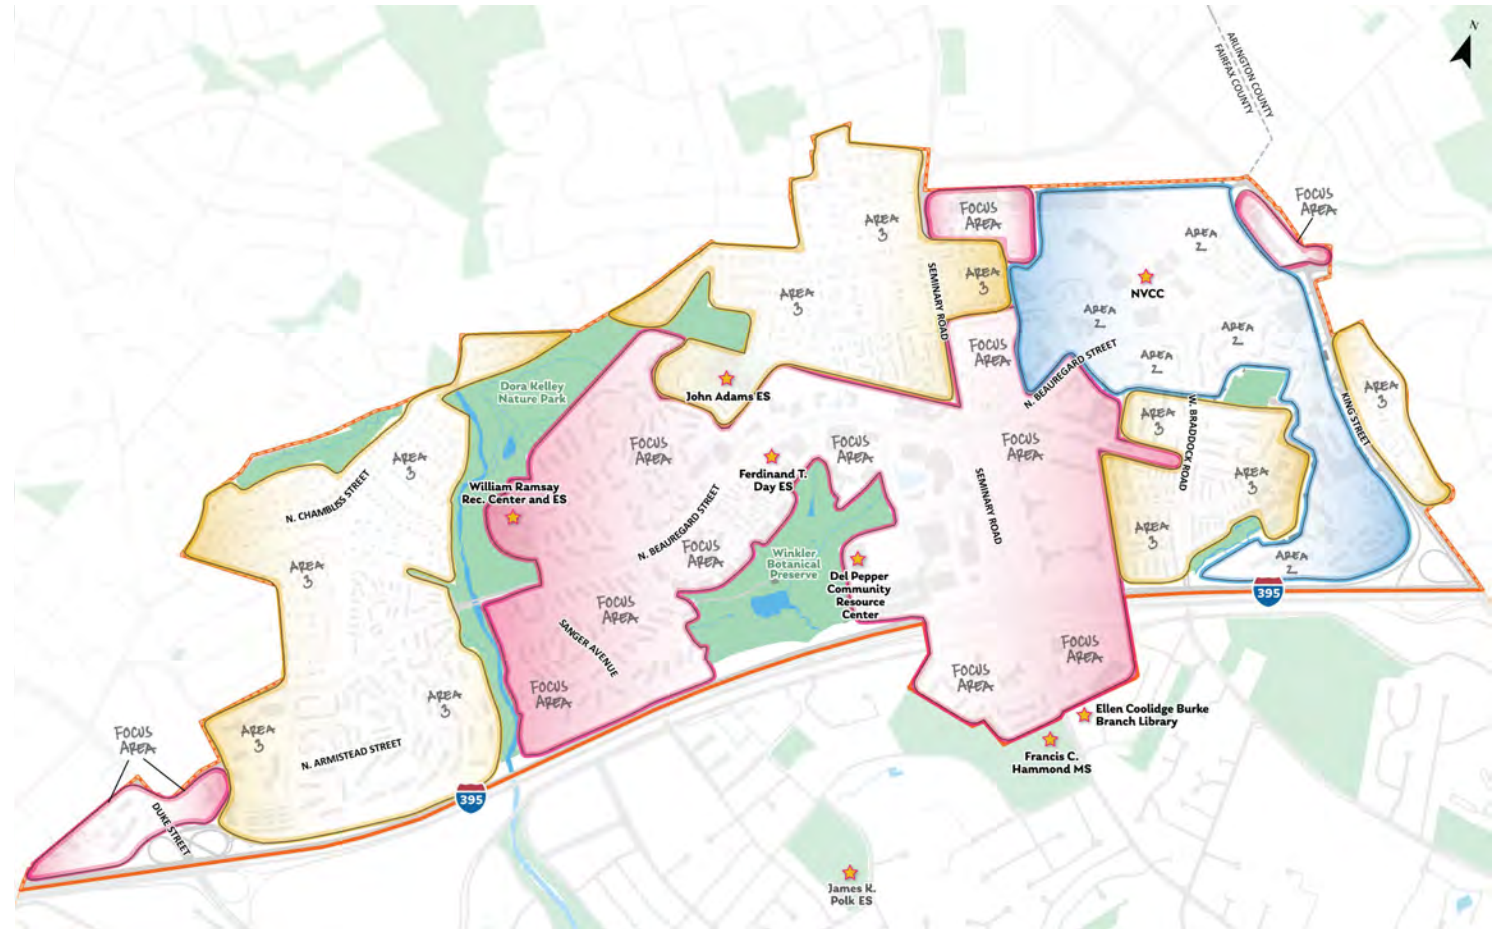

New development and redevelopment will be prioritized on surface parking and in commercial areas to **minimize displacement**

Area 2

New development and redevelopment will be subject to criteria established in the plan

Area 3

New development will proceed based on existing City policies

Alex West Focus Area: ~380 Acres

Land Uses, Retail, + Street Network

Legend

 Focus Area

Proposed Land Use

 Residential

 Residential or Commercial

 Encouraged Retail Area

 Required Retail Area

Planned Mobility and Street Network

 Approved or Proposed Bike or Pedestrian Park Connection

 Approved or Proposed Planned Neighborhood Streets

Building Heights, Proposed

Legend

NOTES:

- Existing constructed building heights as of 2023 are permitted to remain and subject to all applicable Zoning Ordinance provisions.
- Existing and planned open space and parks will be subject to the applicable height requirements of the POS / Public open space and community recreation zone.

Building Heights

45 feet

85 – 100 feet

Importance of Design

"No matter what the density level, the number of good things in a neighborhood are greatly affected by its **design**."

-Lincoln Institute

High-level Design Elements

- Robust street network and connectivity
- Block Porosity
- Walkable Block Sizes and Pedestrian Scale
- Variety of Heights
- Screening of Parking
- Active Uses at the ground floor

Housing Strategy

Community Concerns: Fear of displacement due to high cost of housing and lack of affordable housing options

Affordability Vision: Maintain housing opportunity and affordability in one third of the rental units at 60% AMI to support a diverse community, including workers that serve as the foundation of our local economy. Produce **new committed affordable units** with a focus on expanding options at **40-50% AMI**.

Recommendations

- Seek additional tenant protections building off established City policies
- Require 10% of **net new residential in rezonings as affordable**
- Allow **bonus density above 30%** for the provision of affordable housing
- Pursue **new public-private-nonprofit partnerships** to deepen affordability
- Explore future opportunities for co-location on City-remnant land
- Consider options for dedication of units per BSAP
- Pair housing assistance with **workforce development, job training,** and other **self-sufficiency programs**

Projection of Committed Affordable Housing

2025-2030: ~ 75 – 100 Units

2031-2035: ~ 100 – 150 Units

2036-2040: ~ 125 – 200 Units

Total: **300 – 450 Units**

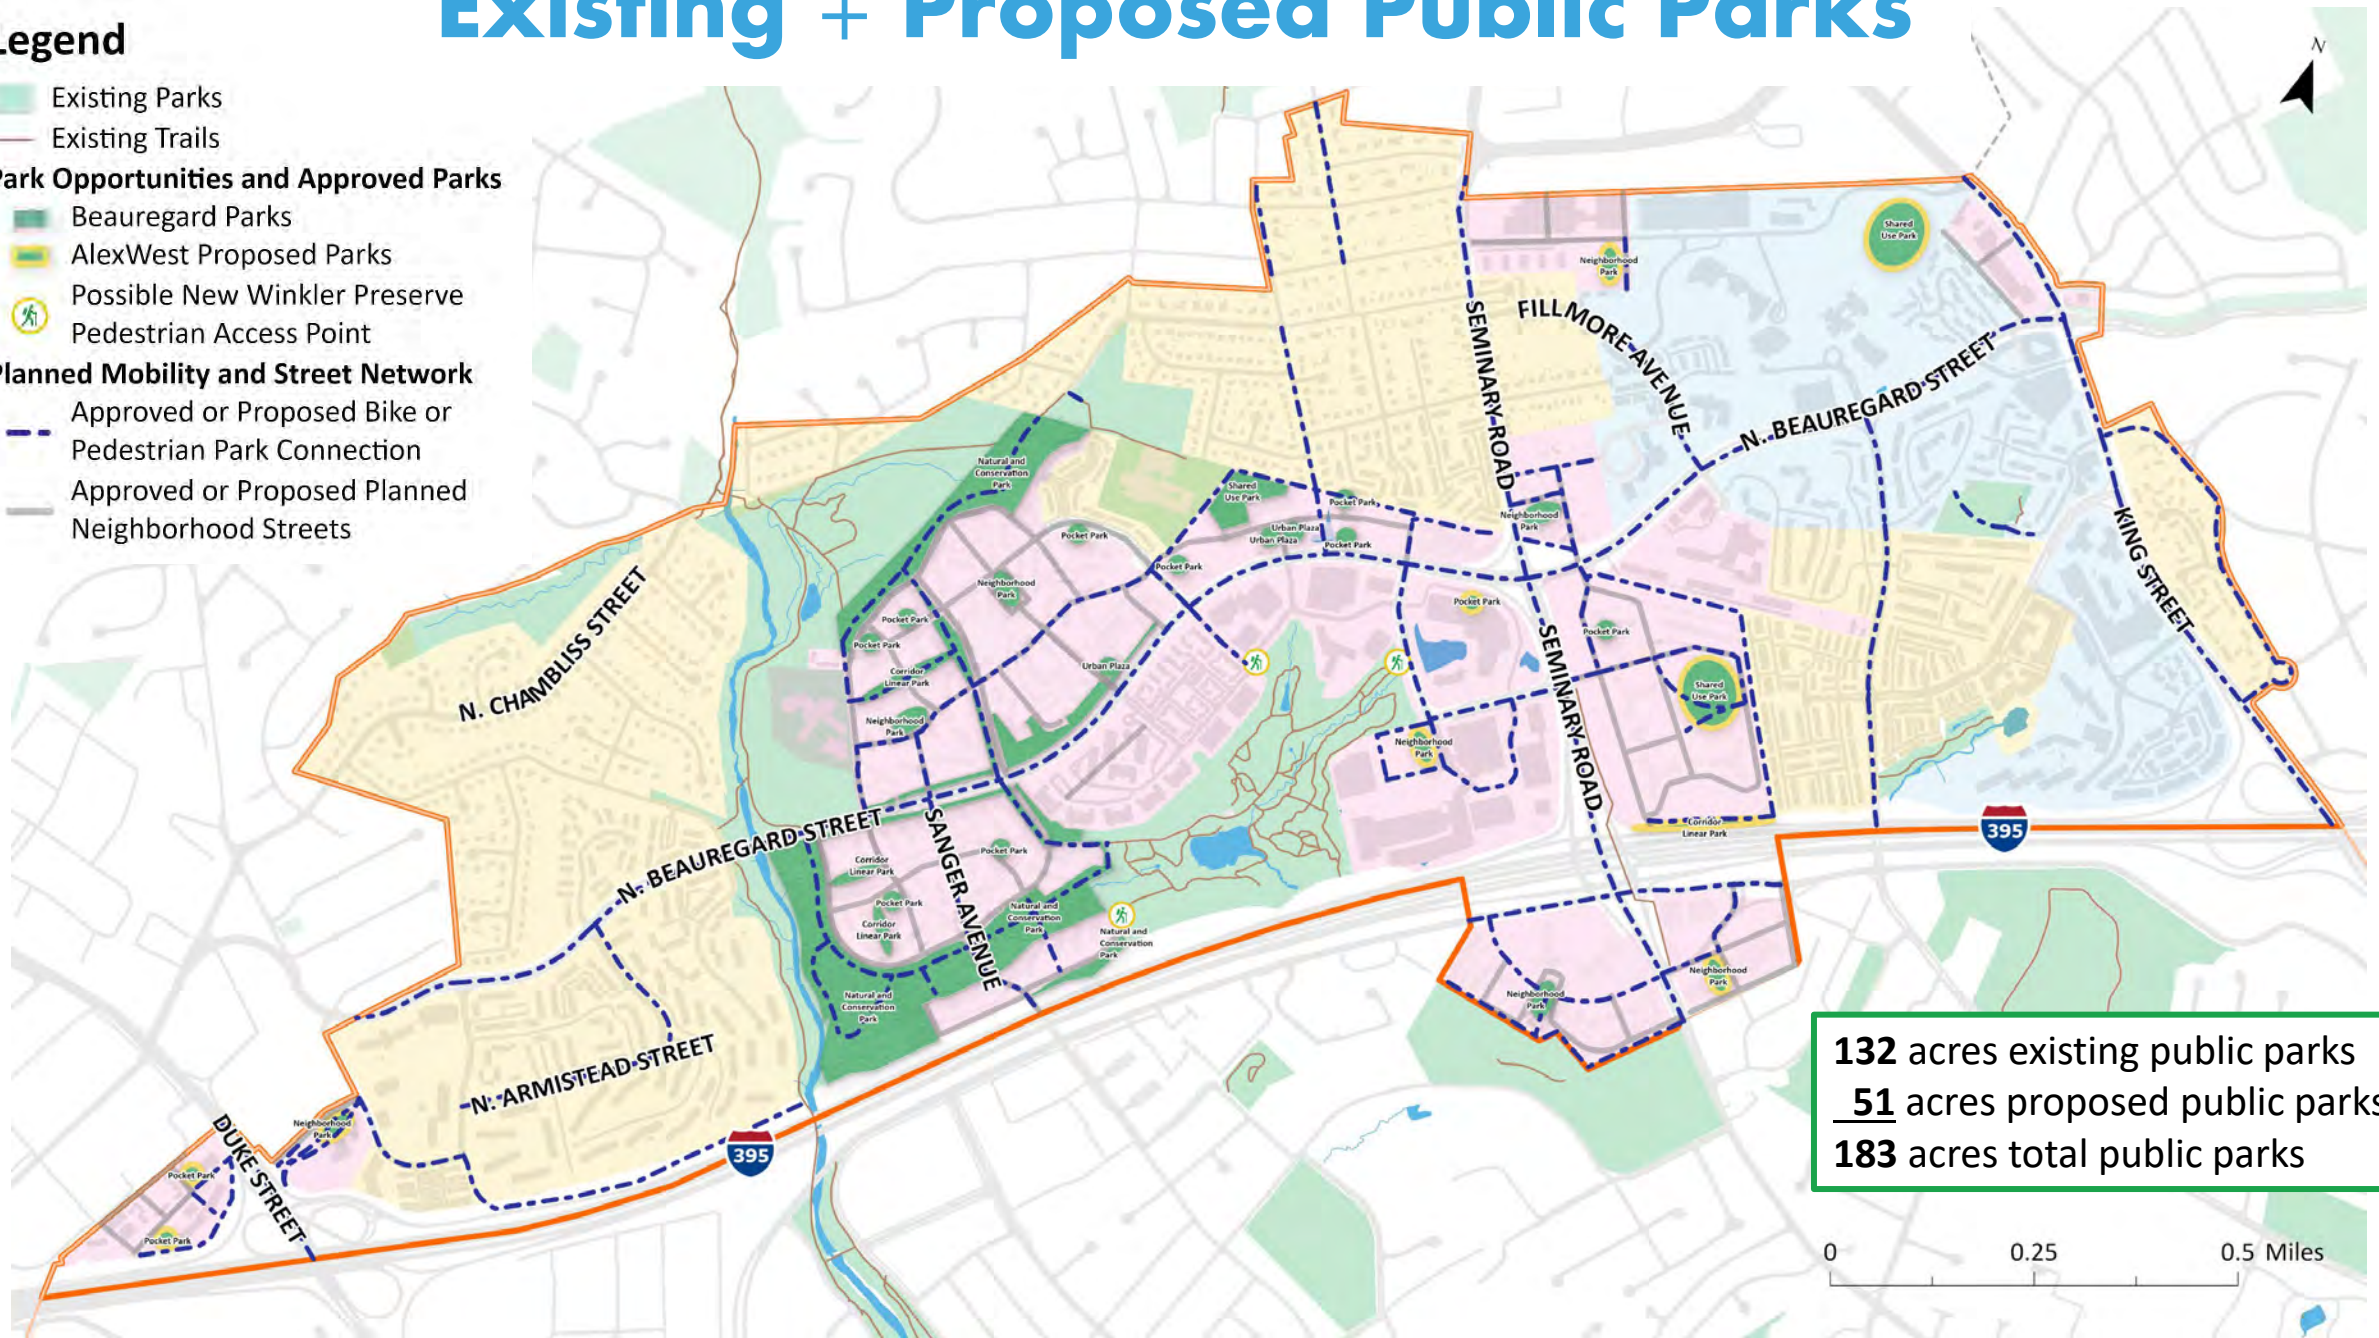

In addition to creating new committed affordable units, **development of new market rate housing may help delay the loss of market affordable housing** in the short- and mid-term by expanding supply.

Existing + Proposed Public Parks

Legend

- Existing Parks
- Existing Trails
- Park Opportunities and Approved Parks**
- Beauregard Parks
- AlexWest Proposed Parks
- Possible New Winkler Preserve
- Pedestrian Access Point
- Planned Mobility and Street Network**
- Approved or Proposed Bike or Pedestrian Park Connection
- Approved or Proposed Planned Neighborhood Streets

132 acres existing public parks
51 acres proposed public parks
183 acres total public parks

Mobility + Safety Projects

- Better Transit
- Intersection Safety
- Safe Routes to School
- High Crash Intersection Audits
- New & Improved Trails

AlexWEST

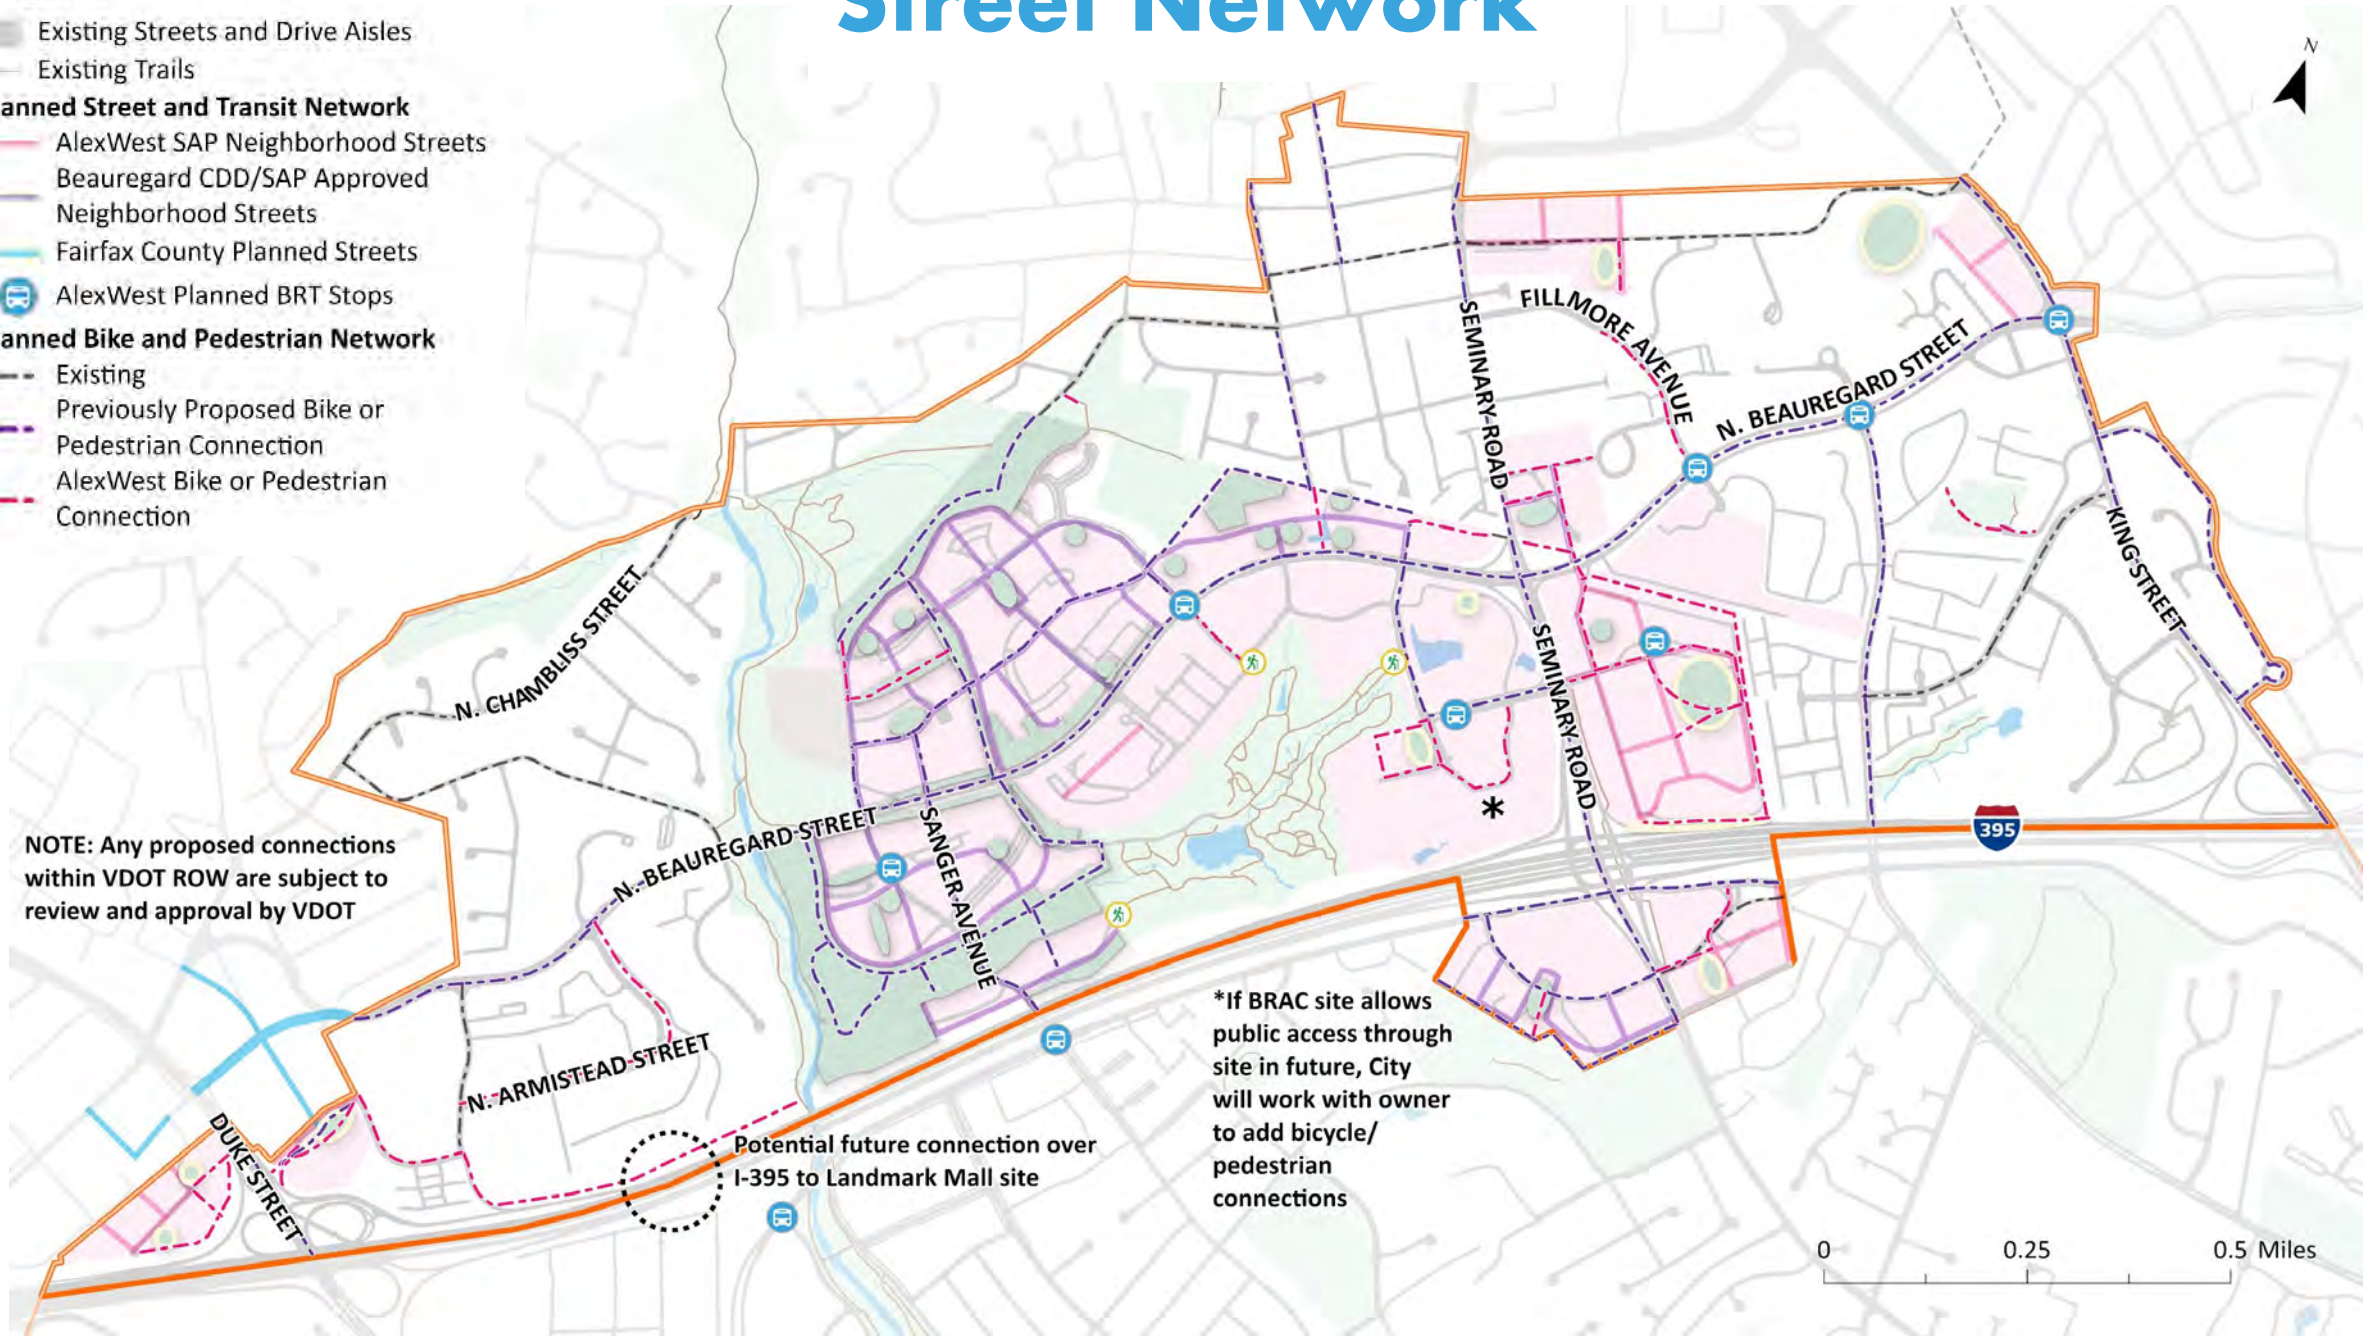

-  Key Crash Segments
-  Key Crash Intersections
-  High Crash Intersection Project
-  Planned safety improvements through existing capital projects
-  Trail Improvements
-  West End Transitway Route

Legend

- Existing Streets and Drive Aisles
- Existing Trails
- Planned Street and Transit Network**
 - AlexWest SAP Neighborhood Streets
 - Beauregard CDD/SAP Approved Neighborhood Streets
 - Fairfax County Planned Streets
 - AlexWest Planned BRT Stops
- Planned Bike and Pedestrian Network**
 - Existing
 - Previously Proposed Bike or Pedestrian Connection
 - AlexWest Bike or Pedestrian Connection

Street Network

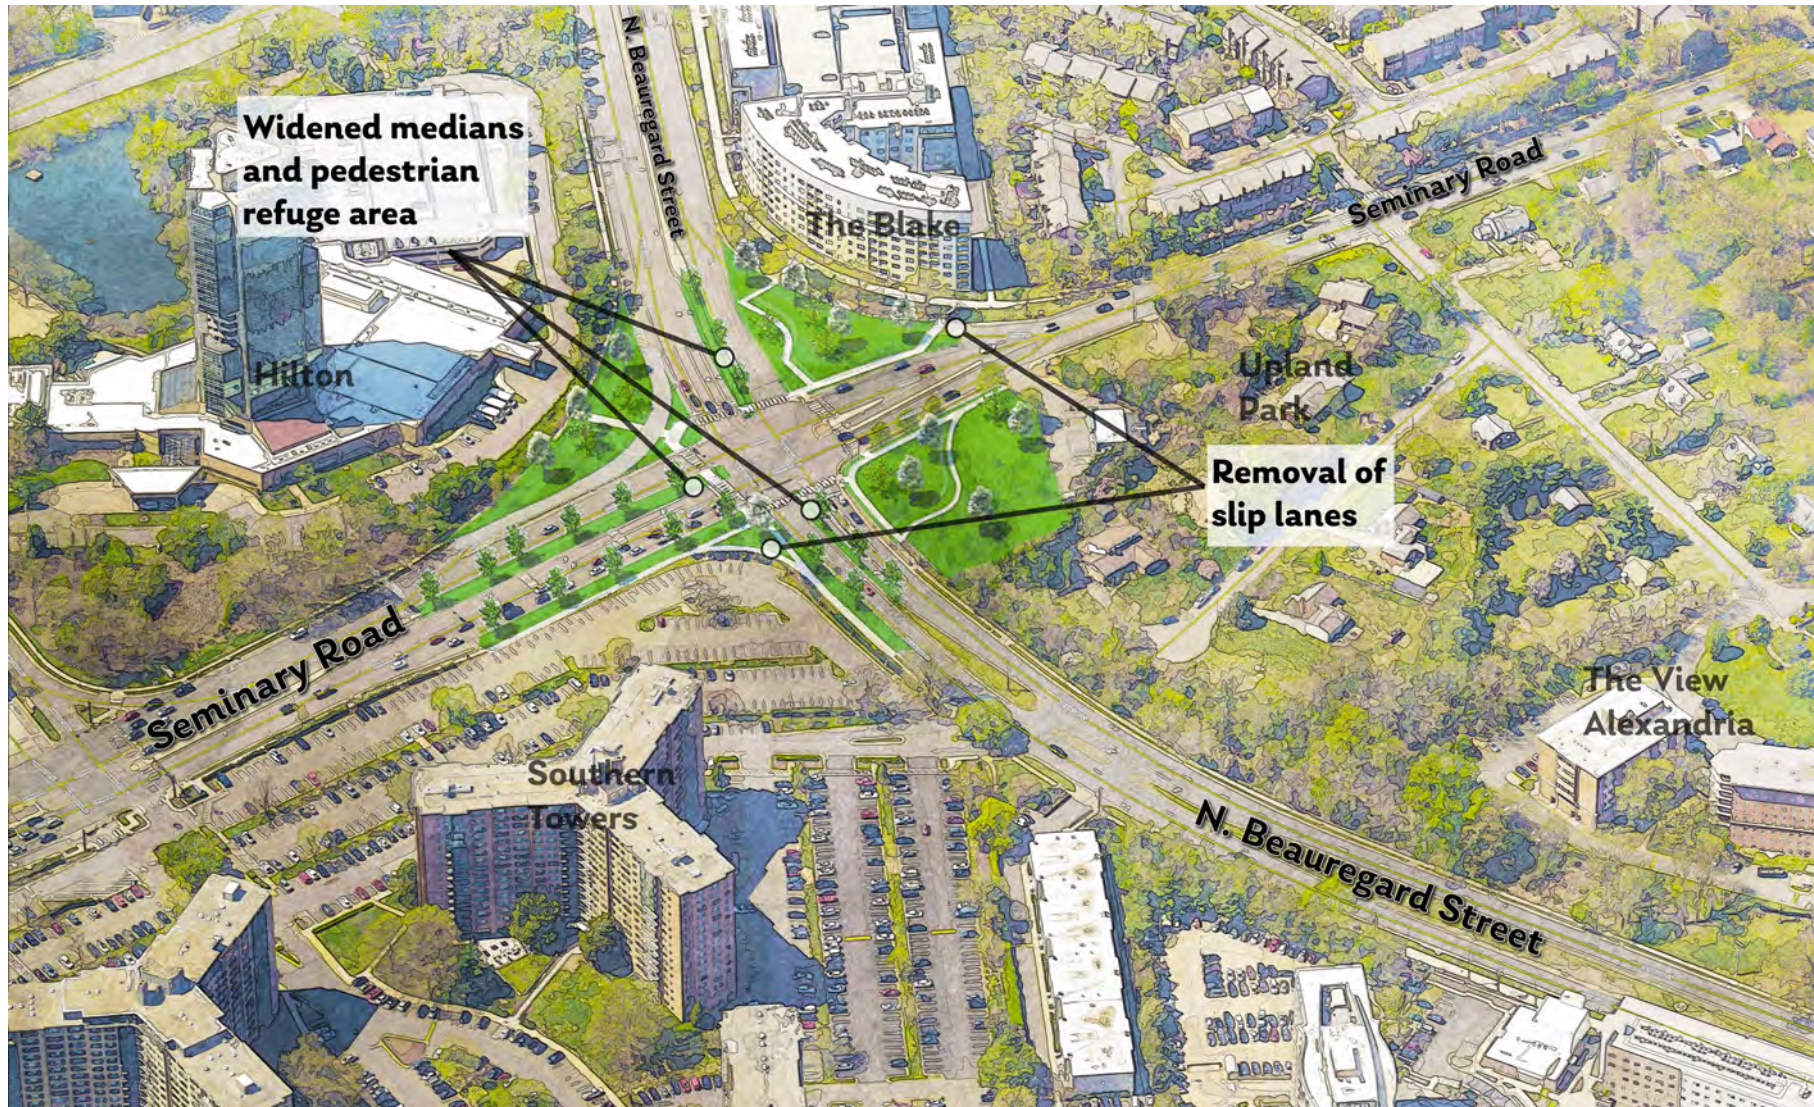

NOTE: Any proposed connections within VDOT ROW are subject to review and approval by VDOT

*If BRAC site allows public access through site in future, City will work with owner to add bicycle/pedestrian connections

Potential future connection over I-395 to Landmark Mall site

Seminary + Beauregard: Plan Improvements

Sustainability

- Tree Canopy
- Parking
- Green Buildings
- Stormwater
- Increased Transit Use

Infrastructure + Community Facilities

- Sewer Analysis
- School capacity: City/ACPS **coordinating on planning for school capacity**, taking into account student generation with new development.
- Preliminary analysis indicates **additional schools are not needed** beyond current and planned facilities.
- Recreation needs

Discussion + Next Steps

January 2024 – September 2024
