

# Become a Volunteer!

## Alexandria's Domestic Violence Program and Sexual Assault Center Need Your Help!

### Consider the Possibilities:

1. **Safehouse Counselor** — provide crisis counseling and support to residents of the Battered Women's Shelter and callers to the 24-hour hotline.
2. **Bi-Lingual Translantor** — interpret for a crisis counselor by phone-all languages needed.
3. **Support Group Facilitator** — lead weekly support group meetings.
4. **Children's Group Leader** — interact with child witnesses of violence through group play and organized activities.
5. **Emergency Crisis Support** — volunteers meet with survivors at the hospital to offer support, information and advocacy immediately following incidents of domestic violence.

*Volunteers benefit from the unique experience of interacting personally with victims of domestic violence.*
