

**City of Alexandria, Virginia
FY 2023 Proposed Operating Budget & CIP
Budget Questions & Answers**

March 28, 2022

Question: P. 12.59: Is there data available on how Inova's FY22 \$490,575 contingent reserve funds were spent?

Response: As of March 2022, Inova has yet to request release of the \$490,575 allocated in contingent reserve funds. Discussion with Inova Alexandria staff indicated that a request will be forthcoming. The last time funding was released from contingent reserves to Inova Alexandria by City Council as part of the City's FY 2021 budget, Inova Alexandria provided a service report to the City Manager and an analysis of the impact of Medicaid expansion on the hospital's unreimbursed care. This information was attached to a summary of the request and docketed for a City Council meeting. During the meeting, a Inova Alexandria representative was available to answer any questions from Council and staff.
