FY 2023 Proposed Operating Budget & CIP
Budget Questions & Answers**

April 13, 2022

Question: When does the Memorandum of Understanding (MOU) between the City and Inova Alexandria Hospital expire?

Response: The MOU between the city and Inova Alexandria Hospital commenced on July 1, 2016. The agreement states that the terms remain in effect for an initial term of one year. At the end of the first year, the MOU states that it will renew automatically for another one-year term unless either party provides written notice to terminate at least 30 days prior to the date of the contract's renewal. The initial term commenced on July 1, 2016, with an automatic renewal in 2017, and the practice has been to construe as an automatic renewal each year thereafter.
