

Public Open Space

Zone Text Amendment

Park and Recreation Commission

Ana Vicinanza, Project Manager

03/16/2023

Commission Action

The Park and Recreation Commission to receive information and provide input about the proposed text amendment to the Public Open Space and Community Recreation (POS) zone before starting the community engagement process.

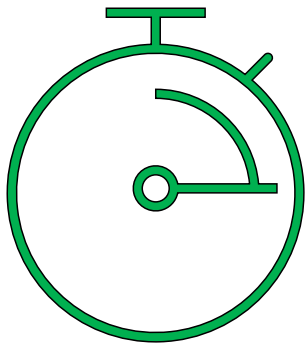

Agenda

- Background
- Project Goals
- Summary of Amendment
- Project Timeline
- Community Engagement
- Q+A

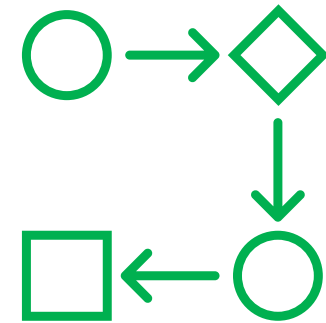

Project Goals

Create efficiencies

Implement typical recreational uses and park safety

Implement approved plans

Summary of Amendment

1. Update the definition of park to include a diversity of uses;
2. Update the definition of congregate recreation facilities to include congregate uses;
3. Update building and structure heights to 30 feet before a requiring a Special Use Permit to better reflect current open space uses;

Summary of Amendment

4. Permit standardized accessory uses and structures of parks;

5. Permit pathway and parking lot lighting for safety;

6. Update the uses requiring a Special Use Permit to reflect the above changes; and

7. Update the text to reflect the language and format used throughout the zoning ordinance.

Project Timeline

- **March/April:** Public engagement
- **April:** Public Hearing at the Virtual Open Space Steering Committee meeting
- **April:** Public engagement findings and edits to text amendment
- **May:** File text amendment application
