NAHM is an opportunity for everyone to help change public perception and promote the crucial role of the arts and humanities in promoting individual well-being, addressing trauma, connecting cultures, highlighting inequities, and making our communities healthier and stronger. To learn more about NAHM, visit americansforthearts.org/events/national-arts-and-humanities-month.

Completed **Stevenson Park Dugouts**

RPCA is thrilled to announce significant progress in our ongoing efforts to upgrade and enhance the ballfield at Stevenson Park. The latest developments in the park include installation of new dugouts, preparation for installation of players benches (late March), and installation of the remaining ball field fencing and netting expected in late spring 2024.

Starting Soon/In Progress Joseph Hensley Park

This park was closed in Fall of 2023 to begin an estimated 16-month construction timeline where teams will work to improve stormwater and site drainage issues, increase parking capacity, upgrade lighting and fields, replace restroom, and add a play space, and a multi-use court space.

Lee Center Tennis Court and Basketball Court Improvements

- The Lee Center's Tennis Court improvements will replace the asphalt, fencing, and tennis posts/nets. Courts will be re-lined for tennis and pickleball.
- The Basketball courts will undergo repair for asphalt cracking, along with a re-color coat of the surface and basketball lining.

Community Engagement Opportunities

Two locations will seek community feedback in advance of planned construction, which includes Old Town Pool and Ewald Park. Be sure to sign up for our Recreation General News to stay up to date on these community outreach opportunities or visit our website, alexandriava.gov/rpca.
