

BEN BRENNMAN STORMWATER POND

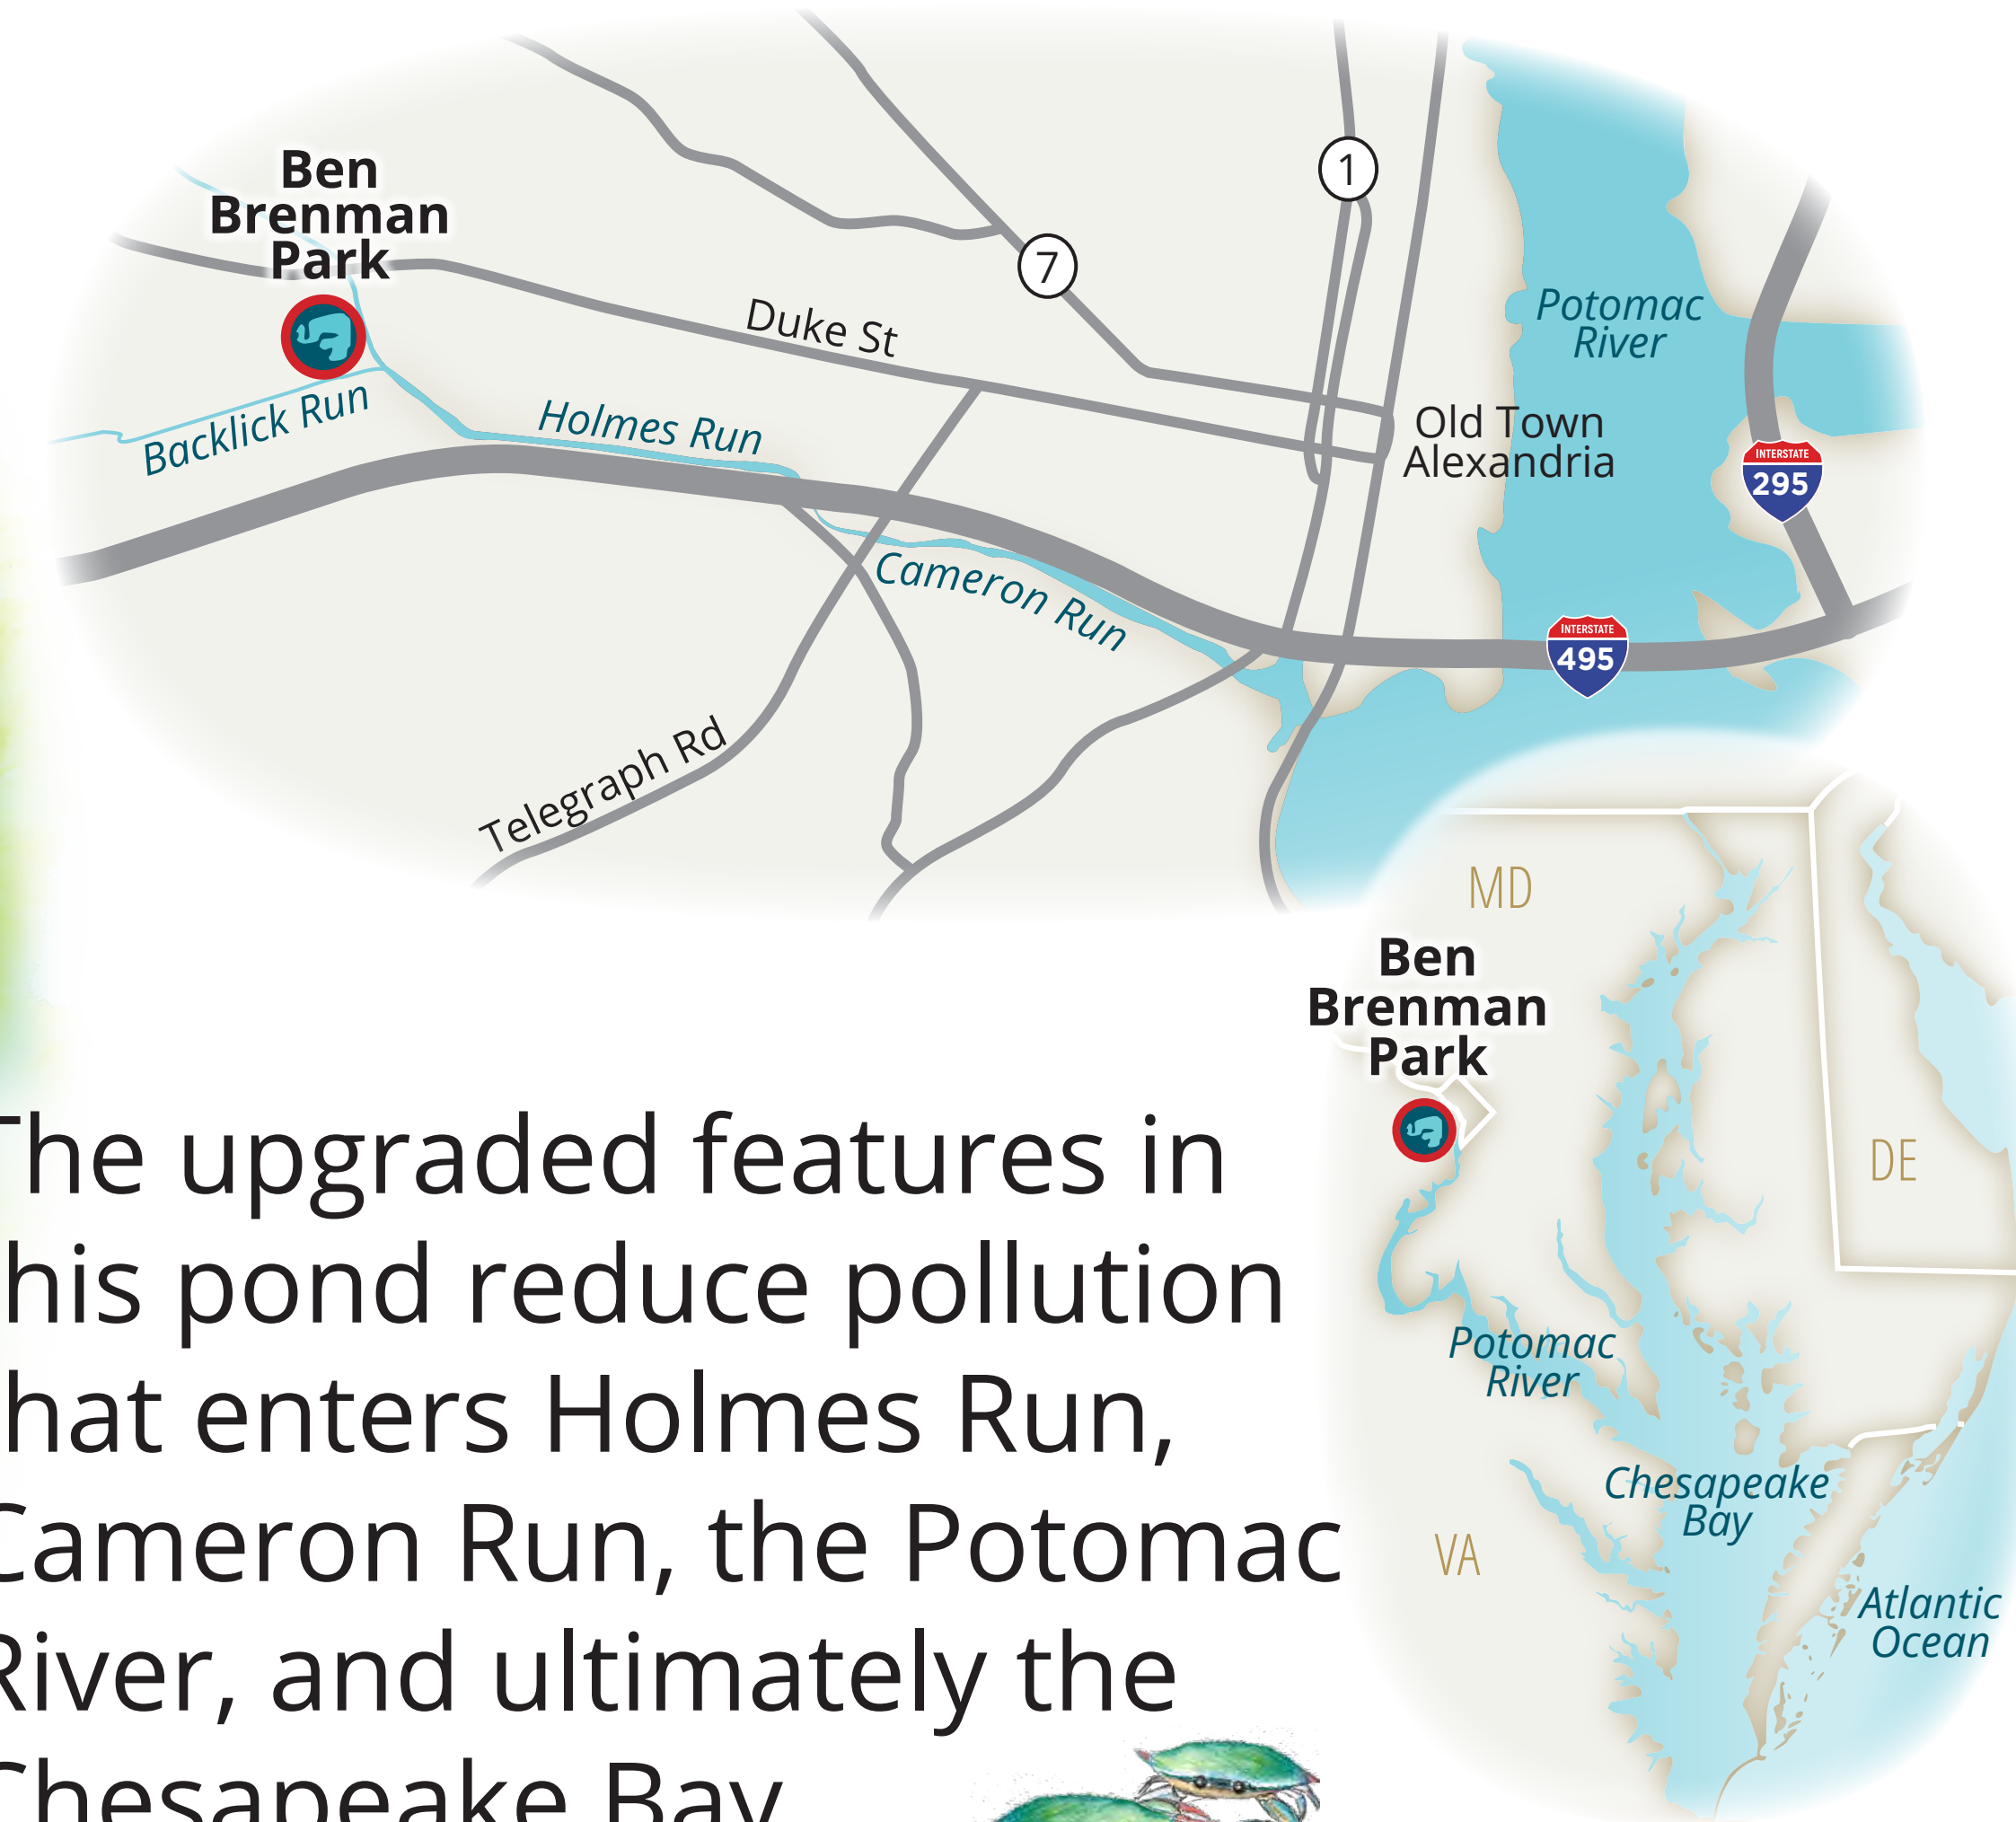

This tour highlights how the forebay, weir walls, aquatic features, and upflow gravel filter **all work together to help reduce water pollution.**

JOURNEY TO CLEANER WATER

Welcome to the Ben Brenman stormwater pond tour!

This tour highlights some of the investments made by the City of Alexandria — going above and beyond to protect our local waterways.

The upgraded features in this pond reduce pollution that enters Holmes Run, Cameron Run, the Potomac River, and ultimately the Chesapeake Bay.

CITY OF ALEXANDRIA
EST. 1749

The pond treats stormwater runoff from more than 290 acres of land.
