June 24, 2025

To Whom It May Concern:

The City of Alexandria has contracted Martins Construction to repair the Cameron Station Overpass over Duke Street bridge. Work crews will be performing preventive and restorative bridge maintenance activities which will include concrete and joint repairs, painting, bridge cleaning, and epoxy overlay.

The bridge repair work is expected to begin in July and finish by the end of November 2025. This schedule is weather contingent. General construction activities are permitted to occur Monday through Friday, 9 a.m. to 3:30 p.m., and Saturday, 9 a.m. to 6 p.m.

The project will require the periodic closure of a lane on Breman Park Drive and Duke Street near the bridge during construction hours. Flaggers from the construction crew will be present to direct traffic as needed. This project will have temporary impacts on traffic flow and access to the ramps during construction hours. The use of alternative routes is encouraged to reduce travel delays.

The City is hosting a pre-construction community meeting on Monday, June 30 from 6 to 7 p.m. to provide information and address any questions or concerns. The meeting will be held in at Charles E. Beatley, Jr. Central Library in the large meeting room (5005 Duke St.). Virtual attendance via Zoom is also available. Registration is required. Please complete the following form to receive the meeting link and passcode: zoom.us/webinar/register/WN_uaI4VS-nTgWAVMxYMLeMEQ

For reasonable disability accommodation, contact Lydia.Durand@alexandriava.gov or call 703.746.4622, Virginia Relay 711. If you prefer communication in another language, free interpretation and translation services are available to you. Please email LanguageAccess@alexandriava.gov or call 703.746.3960.

Thank you for your patience. Additional information about the Cameron Station Overpass over Duke Street bridge repair project will be posted to the project webpage: alexandriava.gov/go/5321.

Please contact me at Ayoub.Hassen@alexandriava.gov or 703.746.4635 if you have any questions.

Sincerely,

Ayoub Hassen PE, PMP
