

BY ALEXANDRIA CITY HIGH SCHOOL

By Jasmin & Vanessa

TOPIC

Youth Substance Use

CYCP GOAL

All Children, Youth, and Families
will be Physically Safe and Healthy

RESULT

All Alexandria youth choose to be drug- and alcohol-free

SIGNIFICANCE

These results matter because we
always need to maintain all the
children and their families when it
comes to younger kids using
substances. It can get worse at home
for either the child or the parent.

HOW ARE WE DOING?

After our programs like mental
institutions or facilities it has a 65%
increasing rate of students not using
substance. These programs insure the
safety and reliable sources for kids in
need of the programs.

STRATEGIES FOR CHANGE

- 1.We have institutions for programs that
aid in students while continuing to learn.
- 2.We have Mental health institutions
- 3.School after programs or during

CHAMPION

Alexandria city high school
community services

PARTNERS

The parents as well as staff that help.

WHAT HAS BEEN DONE SO FAR?

We have created foundations for those who need help. We created an
environment for students to speak about their drug problems. As well help
with education with empathy, offer honest information about the risks of
drugs. Also be a positive role model and show healthy coping mechanisms
and lifestyle choices that students can look up to and learn from.

HOW MUCH HAS BEEN DONE?

46,000 dollars

HOW WELL WAS IT DONE?

We did very well within our
programs and facilities

WHAT HAVE BEEN THE EFFECTS SO FAR?

There seems to only be the effect of improving patients

WHAT ARE PLANS FOR THE FUTURE?

We plan to expand our ideas to maybe other communities around the area
or even beyond that with our ideas and help with student aid.
