

PREVENT PACKAGE THEFT

Take steps to prevent package theft.

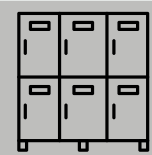

Require a signature to receive your packages from the delivery driver.

Check with your vendor to see if your package can be shipped to a retail store.

Sign up for tracking alerts to ensure you're home when your package arrives.

Ship packages to a local post office or have them delivered to a mail carrier store location that uses smart package lockers.

If you know you're going to be on vacation, request a vacation hold on all shipments.

Install a smart security camera at your front door.

If your package gets stolen: Report the theft to APD. Contact the retailer and check with your credit card company.

If you know you're not going to be home, have a neighbor you trust accept your package for you rather than having it left in a common area.

**Report suspicious activity & report package thefts to the
Alexandria Police Department.**
