

# City of Alexandria, Virginia

Department of Code Administration

## ALEXANDRIA PERMIT CENTER

### FEE SCHEDULE

Effective July 1, 2025

City Council Resolution: 3287

The following is a description of the fees charged for various permits and certificates issued by, and for various services performed by the Alexandria Permit Center. No permit or certificate may be issued, nor service rendered, until the applicable fee has been paid in full,

Note: Where the term "Residential" is used in this schedule, the fee is applicable to those residential buildings, structures and trades subject to the International Residential Code as adopted by the Virginia Uniform Statewide Building Code (USBC). Where the term "Non-residential" or "Commercial" occurs, it applies to all other buildings, structures and trades subject to the International Building Code or International Existing Building Code as adopted by the USBC.

When fees are based on construction value the permit applicant shall, when requested, provide supporting documentation of the total construction cost. The total construction cost shall include all involved labor and material valued at the current retail market value plus overhead and profit (total contract price.) A copy of a ratified contract between the party providing services (applying for permit) and the receiver of those services, or the detailed cost estimate will satisfy this requirement. When work involves a property owner exempt from state and local licensing and/or tradesmen certification, a copy of material estimates and/or contracts with applicable contractors will satisfy the requirement.

ADMINISTRATIVE FEE:	A fee of 14% shall be assessed on all Code Administration and Fire Department fees processed by the Alexandria Permit Center - Permit and Land Use Management System (APEX).
PERMIT CENTER FEE:	A fee of 11% shall be assessed on all permits and certificates issued by the Alexandria Department of Code Administration, and Fire Department fees processed by the Alexandria Permit Center – Permit and Land Use Management System (APEX) to support Permit Center operations.
TRAINING PROGRAM FEE:	A fee of 0.2% shall be assessed on all permits (not certificates) processed by the Alexandria Permit Center – Permit and Land Use Management System (APEX) to support customer training.
INFORMATION TECHNOLOGY FEE:	A fee of 5% shall be assessed on all fees processed by the Alexandria Permit Center – Permit and Land Use Management System (APEX) to be dedicated to information technology and customer access.
VA. TRAINING ACADEMY LEVY:	As established by the Code of Virginia, a state levy shall be assessed on all permit fees to support training provided by

the Virginia Department of Housing and Community Development through the Jack Proctor Virginia Building Code Academy. All fees collected for this levy are remitted to the Virginia Department of Housing and Community Development quarterly.

**MINIMUM PERMIT FEE:**

The minimum fee for any permit issued by the Alexandria Department of Code Administration shall be \$95.00. The minimum fee for any fire prevention permit issued by the Fire Department are provided in the current edition of the Virginia Statewide Fire Prevention Code - Table 107.2.

**PAYMENT PROCESSING FEE:**

The City's vendor charges payment processing fees based upon industry standard applicable rates. The City of Alexandria does not control these fees nor do these charges represent revenue to the City.

---

**Code Administration Site Plan, Plan Review and Building Construction Fees**

**A. Site Plan Review Fee:**

The following fees shall apply:

- \$75.00 for each initial Site Plan Review (DSP) reviewed by the Alexandria Department of Code Administration.
- \$75.00 for each initial Special Use Permit. (SUP)
- \$200.00 for each initial Development Special Use Permit (DSUP) reviewed
- \$35.00 for each initial BAR or Zoning Appeal Case reviewed.

**B. Permit Application Deposit:**

A non-refundable deposit of 35% of the total estimated permit fee (including levies) is required with permit applications which require plan review. The remaining balance of the total permit fee due shall be paid when the permit is approved. The permit application deposit is non-refundable.

**C. Plan Review Fee:**

Plan review services are included for all building construction and associated trades through the building and trade permit fees unless otherwise specified. No additional plan review fee will be charged unless there are plan revisions or amendments provided after a permit is approved as provided for in Part E of this section.

**Advanced Plan Review:**

Application can be made for Advanced Plan Review Services. This service can be requested while a project is in the pre-permit land use approval process, but before the construction project is eligible to apply for a building permit. The Accelerated Plan Review Services fee shall be \$0.045 per square foot for residential buildings constructed and \$0.09 for non-residential buildings. Alterations or renovations constructed under the Virginia Construction Code or Virginia Existing Buildings Code shall be \$0.075 per square foot. There shall be no minimum fee. No Advanced Review fee shall exceed \$10,000 regardless of project size. Advanced Plan Review Services fees are not eligible for refund and are not applied to building permit fees.

**D. Pass-through Fees for Plan Review and Inspections Services:**

At the discretion of the Director, projects may be approved for third party plan review and inspection services with the understanding that 100% of the fees associated with these services will be recovered and paid to the City in addition to the regular permit fees. Projects that qualify for third party inspections under the Alexandria Code Administration Third Party Policy may request approval of third-party inspection services. However, there are no fee reductions for use of optional third-party services.

**E. Plan Revisions/Resubmittals:**

Initial plan review for building, plumbing, mechanical, electrical, energy conservation permit plans and review of one additional submission to verify that corrections have occurred from the initial review are part of the services covered under the building permit fee. Additional fees shall apply to any subsequent revisions and/or resubmittals, as follows:

- The fee to revise/resubmit drawings for new commercial, single family, and multi-family construction shall be \$100 per trade discipline. If the revision results in a change in the estimated cost of construction, the permit fee shall be revised to account for the revised estimated cost in addition to the \$100 revision fee.
- The fee to revise/resubmit drawings for an alteration to an existing residential and commercial occupancy shall be \$50 per trade discipline. If the revision results in a change in the estimated cost of construction, the permit fee shall be revised to account for the revised estimated cost in addition to the \$50 revision fee.

**F. New Construction Fee:**

The fee for residential new construction shall be \$.75 per square foot. This shall include, but is not limited to basements, garages, roofed carports.

The fee for non-residential buildings and structures shall be \$7.50 per \$1,000 of the estimated total construction cost.

Total construction costs for new construction, to include additions, shall be computed by multiplying the total gross area square footage of the structure by the figure in Table 1 of the current "Building Valuation Data" as published by the International Code Council (ICC), corresponding to the appropriate use group and type of construction. Total gross area square footage is defined as the gross area of each floor, including basement and garage. New Construction permit fees are intended to be applied to the cost of building inspections administration and building/trade plan review. Fees are charged for the inspection of each trade area associated with new construction as found in the remainder of this fee schedule.

**G. Systems Furniture:**

The permit fee for system furniture is minimum permit fee; including system furniture that is part of a larger construction project.

**H. Modular/ Factory-Built One and Two Family Dwellings:**

Modular/factory-built one and two family dwellings/structures are not subject to the above fees as their review and inspections are conducted off site by a state approved third party. The fee for the foundation, setup, inspection of grading and subsequent features added on site shall be \$250.00. Trade permits are required for the connection to water, sewer, and electricity and to set exterior mechanical equipment.

**All Other Construction**

**A. Relocation of a Building or Structure**

The fee to remove a building or structure from one lot to another or to a new location on the same lot shall be fifteen dollars (\$15.00) per thousand (\$1,000) of the total estimated cost of moving, plus the cost of new foundations and all work necessary to place the building or structure in its completed condition in the new location.

**B. Non-residential Tenant Improvements, Alterations, and Repairs:**

Non-residential tenant improvements, alterations and repairs constructed under the Virginia Construction Code or Virginia Existing Building Code are calculated at \$0.48 per square foot of gross floor area; \$19.75 per \$1,000 of the total construction cost; or minimum permit fee; whichever is greater. The gross floor area shall be the floor area within the perimeter of the outside walls of the building or space under construction. The total construction cost shall include all involved labor and material valued at the current market value plus overhead and profit (total contract price).

**C. Business Use to Residential Use (B to R2):**

The permit fee for converting business use to residential use will be 7.50 per \$1,000 of the total construction cost.

**D. Residential Alterations and Repairs:**

Residential alterations and repairs are calculated at \$0.30 per square foot of gross floor area; \$18.00 per \$1,000 of the total construction cost; or minimum permit fee; whichever is greater. The gross floor area shall be the floor area within the perimeter of the outside walls of the building or space under construction. The total construction cost shall include all involved labor and material valued at the current retail market value plus overhead and profit (total contract price).

**E. Residential Special Construction:**

Fees for Temporary Certificates of Occupancy shall be an additional 25% of the Certificate of Occupancy fee stated above. The fee to extend an issued Temporary Certificate of Occupancy shall be 50% of the original fee paid for each extension period.

**C. Team inspections (Change of Use and Special Request):**

A fee shall be paid for each inspection involving an application for a change in use or other special request such as a Certificate of Occupancy for an existing building when one does not exist. This fee shall be applicable when it is determined that an inspection is required to document existing uses or conditions, and the inspection is to be conducted by one or more of the following disciplines:

- Building;
- Electrical;
- Plumbing;
- Mechanical (gas);
- Fire Protection Systems;
- Maintenance Code Inspection; and/or
- Fire Marshal/Fire Inspector.

The fee for an inspection requiring all disciplines conducted at one time shall be \$150.00. Should the inspections not involve all disciplines, a fee of \$65.00 per discipline shall be paid if only one or two disciplines are required to satisfy the inspection. These fees are not credited toward the cost of any future permits necessary for compliance with the USBC or other applicable city ordinances. If the inspection is canceled one working day in advance of the scheduled inspection by the applicant, the fee is refundable upon application in writing to the Director within three months of the date of payment if it is not performed.

**D. Documentation of Existing Certificate of Use and Occupancy or Replacement Certificate(s)**

The fee to provide written documentation in accordance with the Virginia Uniform Statewide Building Code that a Certificate of Occupancy was issued or that a structure does not have a Certificate of Occupancy, but there are no known code violations shall be \$35. The fee to replace an issued Certificate of Occupancy shall be \$25.

**Fire Protection Systems Fees**

**A. Fire Suppression Systems**
